Future take-up to be driven by factors such as wellbeing and mobility

- > Covid-19 has accelerated trends already existing
- > Lockdowns have strongly emphasized the social role of offices

Future Take Up Considerations

1. De-densification

- > Social distancing favoring new trend of de-densification

2. Green WFH approach

- > An option for employees
- > Enhancement of ESG / Wellbeing

3. CBD location vs Secondary

- > CBD locations optimize commuting time
- > Central locations enable lower carbon footprint

4. Urbanization

5. Cultural factors and Legal framework

Paris Work Place 7è edition – “A survey before and after COVID”

« Le télétravail à temps plein est durement ressenti par les employés: près des deux tiers l'ayant expérimenté tous les jours de la semaine disent souffrir d'isolement. »

Un « avenir du travail » qui tendrait à réduire drastiquement les interactions humaines et de fait à limiter les échanges intergénérationnels n'est pas un avenir humain

3 Experience – Paris workplace survey

Offices are places where people want to go because they have experiences

- > Office should be spaces where innovation and socialization takes place
- > Commuting and location, key for enhancing the experience

INNOVATIVE AND CREATIVE SPACES

- > People willing to go to offices to socialize
- > Working at office improves long-term productivity

« La vie sociale avec mes collègues est la première raison d'aller au bureau »

« Il m'arrive souvent de me sentir seul ou isolé au sein de mon entreprise »

Son niveau de performance baisse significativement

Évaluation de sa performance sur 10

COMMUTING MATTERS

- > Lower commuting retains talent
- > Employees ready to reduce by 5% the salary

« Je pense rester plus de 5 ans dans mon entreprise actuelle. »*

« J'accepterais une baisse de salaire de 5% pour pouvoir travailler à moins de 20 minutes de chez moi »

... mais dépend quasi exclusivement du temps de trajet

« Mes trajets domicile-travail sont désagréables. »*

LOCATION KEY, PARTICULARLY FOR YOUNGS

- > Lower commuting retains talent
- > Employees ready to reduce by 5% the salary

La localisation des bureaux est un facteur essentiel dans le choix de rejoindre une entreprise

« Les bureaux ont été un critère important dans le choix de rejoindre mon entreprise »

« Je pratique les activités suivantes au bureau ou dans mon quartier de travail plutôt que dans le quartier où je vis »

Les salariés souhaitent effectuer des activités au sein de leur bureau et de leur quartier de travail... plutôt que dans le quartier où ils résident

OFFICE DENSITY PER MARKET

- > Take-up on high density markets may benefit from de-densification

3 Experience: Attracting AAA clients – Optimizing Commuting

CBD locations optimize commuting time and enabled lower carbon footprint

- > Employees spend 50% more time to reach secondary offices by public transport than CBD offices
- > CBD assets reduce carbon footprint thanks to wider use of public transport by employees

MOBILITY ANALYSIS COLONIAL PORTFOLIO
