Euro Medium Term Note Programme

This base prospectus (the “**Base Prospectus**”) has been approved by the Central Bank of Ireland (the “**Central Bank**” or “**CBI**”), as competent authority under Regulation (EU) 2017/1129 of the European Parliament and of the Council (as amended, the “**Prospectus Regulation**”). The Central Bank only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of the Issuer nor as an endorsement of the quality of any Notes (as defined below) that are the subject of this Base Prospectus. Investors should make their own assessment as to the suitability of investing in such Notes. This Base Prospectus is valid for a period of twelve months from the date of approval. Consequently, the validity of this Base Prospectus will expire on 18 May 2022. The obligation to supplement this Base Prospectus in the event of a significant new factor, material mistake or material inaccuracy does not apply when this Base Prospectus is no longer valid. Application will be made to the Irish Stock Exchange plc, trading as Euronext Dublin (“**Euronext Dublin**”) for the Bearer Notes (as defined below) issued under the Euro Medium Term Note Programme (the “**Programme**”) within twelve months after the date hereof by Inmobiliaria Colonial, SOCIMI, S.A. (the “**Issuer**”, “**Colonial**” or the “**Company**” and together with its consolidated subsidiaries, “**we**”, “**us**”, “**our**” or the “**Group**”, unless otherwise indicated or the context otherwise requires) to be admitted to the official list (“**Official List**”) and to trading on the regulated market of Euronext Dublin. The regulated market of Euronext Dublin is a regulated market (a “**EU MiFID Regulated Market**”) for the purposes of Directive 2014/65/EU, as amended (“**EU MiFID II**”).

The Programme also permits Bearer Notes to be issued on the basis that they will be admitted to listing and trading on another EU MiFID Regulated Market, in each case, as may be agreed between the Issuer and the relevant Dealer(s). References in the Base Prospectus to the Notes being “listed” (and all related references) shall mean that such Notes have been admitted to listing on Euronext Dublin, the AIAF or another EU MiFID Regulated Market, as applicable. Such approval for admission to trading relates only to the issue of Notes under the Programme during the period of twelve months after the date hereof which are to be admitted to trading on a regulated market for the purposes of EU MiFID II and/or which are to be offered to the public in any Member State of the European Economic Area (the “**EEA**”). The Programme also permits Book-entry Notes (as defined below) to be issued on the basis that they will be admitted to trading on the Spanish AIAF Fixed Income Securities Market (“**AIAF**”).

The maximum aggregate nominal amount of all Notes from time to time outstanding under the Programme will not exceed €5,000,000,000 (or its equivalent in other currencies, subject to increase as provided below). The Notes will be issued in such denominations as may be agreed between the Issuer and the relevant Dealer(s) and as specified in the applicable Final Terms (as defined below), save that the minimum denomination of each Note will be such amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant specified currency indicated in the applicable Final Terms (as defined below) and save that the minimum denomination of each Note admitted to trading on a regulated market situated or operating within the EEA and/or offered to the public in a Member State of the EEA in circumstances which require the publication of a prospectus under the Prospectus Regulation will be €100,000 (or, if the Notes are denominated in a currency other than euro, the equivalent amount in such currency).

Notice of the aggregate nominal amount of Notes, interest payable in respect of Notes and the issue price of Notes will be set out in the Final Terms which will also complete information set out in the terms and conditions applicable to each Tranche (as defined in “*Terms and Conditions of the Bearer Notes*” and “*Terms and Conditions of the Book-entry Notes*”, respectively), as required. Copies of the Final Terms relating to Book-entry Notes which are listed on the AIAF will be available on the website of the Issuer (www.inmocolonial.com), at the Specified Office (as defined below) of the Spanish Paying Agent (as defined in “*Terms and Conditions of the Book-entry Notes*”) and published on the website of the CNMV (www.cnmv.es). Copies of the Final Terms relating to Bearer Notes which are listed on Euronext Dublin will be available free of charge on the website of the Issuer (www.inmocolonial.com) and at the Specified Office (as defined below) of the Fiscal Agent (as defined in “*Terms and Conditions of the Bearer Notes*”).

Any notes under this Programme may be issued in uncertificated, dematerialised book-entry form (*anotaciones en cuenta*) (“**Book-entry Notes**”), or in bearer form (“**Bearer Notes**”, and together with the Book-entry Notes, the “**Notes**”).

Each Series (as defined below) of Bearer Notes will be represented on issue by a temporary global note in bearer form (each a “**Temporary Global Note**”) or a permanent global note in bearer form (each a “**Permanent Global Note**” and together with the Temporary Global Notes, the “**Global Notes**”). If the Global Notes are stated in the applicable Final Terms to be issued in new global note (“**NGN**”) form, the Global Notes will be delivered on or prior to the original issue date of the relevant Tranche to a common safekeeper (the “**Common Safekeeper**”) for Euroclear Bank SA/NV (“**Euroclear**”) and Clearstream Banking, S.A. (“**Clearstream, Luxembourg**”). Global notes which are not issued in NGN form (“**Classic Global Notes**” or “**CGNs**”) will be deposited on the issue date of the relevant Tranche with a common depositary on behalf of Euroclear and Clearstream, Luxembourg (the “**Common Depositary**”). The provisions governing the exchange of interests in Global Notes for other Global Notes and definitive Notes are described in “*Summary of Provisions Relating to the Bearer Notes while in Global Form*”.

Each Tranche (as defined below) of Book-entry Notes will be registered with the Spanish *Sociedad de Gestión de los Sistemas de Registro, Compensación y Liquidación de Valores, S.A., Unipersonal* (“**Iberclear**”) as managing entity of the central registry of the Spanish clearance and settlement system (the “**Spanish Central Registry**”). Consequently, no global certificates will be issued in respect of such Book-entry

Notes. Clearing and settlement relating to the Book-entry Notes, as well as payment of interest and redemption of principal amounts, will be performed within Iberclear's account-based system.

Tranches of Notes issued under the Programme will be rated or unrated. Where a Tranche of Notes is to be rated, such rating will be specified in the relevant Final Terms. Whether or not a rating in relation to any Tranche of Notes will be treated as having been issued or endorsed by a credit rating agency established in the European Union and registered under Regulation (EC) No 1060/2009 (as amended) on credit rating agencies (the "EU CRA Regulation") or which is certified under the EU CRA Regulation will be disclosed in the relevant Final Terms. A list of rating agencies registered under the EU CRA Regulation can be found on the website of the European Securities and Markets Authority. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

Prospective investors should have regard to the factors described under the section headed "Risk Factors" in this Base Prospectus.

IMPORTANT NOTICES

This Base Prospectus comprises a base prospectus for the purposes of Article 8 of the Prospectus Regulation and for the purpose of giving information with regard to the Issuer and the Group and the Notes which, according to the particular nature of the Issuer and the Notes, is necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profit and losses and prospects of the Issuer.

Final Terms/Drawdown Prospectus

Each Tranche (as defined below) of Notes will be issued on the terms set out below under “Terms and Conditions of the Notes” (the “**Conditions**”) as supplemented by a document specific to such Tranche called final terms (the “**Final Terms**”) or in a separate prospectus specific to such Tranche (the “**Drawdown Prospectus**”) as described under “*Final Terms and Drawdown Prospectuses*” below.

Other relevant information

This Base Prospectus is to be read in conjunction with all the documents which are incorporated below by reference (see “*Documents Incorporated by Reference*”). In the case of a Tranche of Notes which is the subject of a Drawdown Prospectus, each reference in this Base Prospectus to information being specified or identified in the relevant Final Terms shall be read and construed as a reference to such information being specified or identified in the relevant Drawdown Prospectus unless the context requires otherwise.

Unauthorised information

No person has been authorised to give any information or to make any representation other than those contained in this Base Prospectus in connection with the issue or sale of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer or any of the Dealers or the Arranger (as defined in “*General Description of the Programme*”). Neither the delivery of this Base Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer or the Group since the date hereof or the date upon which this Base Prospectus has been most recently amended or supplemented or that there has been no significant change in the financial position or performance of the Group or no material adverse change in the prospects of the Issuer since the date hereof or the date upon which this Base Prospectus has been most recently amended or supplemented or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same. The Issuer will, in the event of any significant new factor, material mistake or inaccuracy relating to information included in this Base Prospectus which is capable of affecting the assessment of any Notes, prepare a supplement to this Base Prospectus or publish a new Base Prospectus for use in connection with any subsequent issue of Notes.

Copies of Final Terms

Copies of the Final Terms relating to Bearer Notes which are listed on Euronext Dublin will be available free of charge on the website of the Issuer (www.inmocolonial.com) and at the Specified Office (as defined below) of the Fiscal Agent (as defined in “*Terms and Conditions of the Bearer Notes*”). Copies of the Final Terms relating to Book-entry Notes which are listed on the AIAF will be available on the website of the Issuer (www.inmocolonial.com), at the Specified Office (as defined below) of the Spanish Paying Agent (as defined in “*Terms and Conditions of the Book-entry Notes*”) and published on the website of the CNMV (www.cnmv.es).

Restrictions on distribution

The distribution of this Base Prospectus and any Final Terms and the offering, sale and delivery of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus or any Final Terms comes are required by the Issuer and the Dealers to inform themselves about and to observe any such restrictions. For a description of certain restrictions on offers, sales and deliveries of Notes and on the distribution of this Base Prospectus or any Final Terms and other offering material relating to the Notes, see “*Subscription and Sale*”.

In particular, the Notes have not been, and will not be, registered under the United States Securities Act of 1933 (as

amended) (the “**Securities Act**”) or with any securities regulatory authority of any state or other jurisdiction of the United States, and Notes in bearer form are subject to U.S. tax law requirements. The Notes may not be offered, sold or (in the case of Notes in bearer form) delivered within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S) except in certain transactions exempt from the registration requirements of the Securities Act. Neither this Base Prospectus nor any Final Terms constitutes an offer of, or an invitation by or on behalf of the Issuer or the Arranger or the Dealers to subscribe for, or purchase, any Notes. Each recipient of this Base Prospectus or any Final Terms shall be taken to have made its own investigation and appraisal of the condition (financial or otherwise) of the issuer.

Neither this Base Prospectus nor any Final Terms constitutes an offer or an invitation to subscribe for or purchase any Notes and should not be considered as a recommendation by the Issuer, the Dealers or any of them that any recipient of this Base Prospectus or any Final Terms should subscribe for or purchase any Notes. Each recipient of this Base Prospectus or any Final Terms shall be taken to have made its own investigation and appraisal of the condition (financial or otherwise) of the Issuer.

Legal investment considerations

The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) the Notes are legal investments for it, (2) the Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of the Notes under any applicable risk-based capital or similar rules.

IMPORTANT – EEA RETAIL INVESTORS – If the Final Terms (or Drawdown Prospectus, as the case may be) in respect of any Notes includes a legend entitled “Prohibition of Sales to EEA Retail Investors”, the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“**EEA**”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of EU MiFID II; or (ii) a customer within the meaning of Directive (EU) 2016/97 (“**Insurance Distribution Directive**”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of EU MiFID II. Consequently no key information document required by Regulation (EU) No 1286/2014 (the “**EU PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the EU PRIIPs Regulation.

IMPORTANT - UK RETAIL INVESTORS – If the Final Terms (or Drawdown Prospectus, as the case may be) in respect of any Notes includes a legend entitled “Prohibition of Sales to UK Retail Investors”, the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (“**UK**”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (the “**EUWA**”); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000, as amended (the “**FSMA**”) and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA. Consequently no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the “**UK PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

EU Benchmark Regulation

Interest and/or other amounts payable under the Notes may be calculated by reference to certain reference rates as specified in the relevant Final Terms. Any such reference rate may constitute a benchmark for the purposes of Regulation (EU) 2016/1011 (the “**EU Benchmark Regulation**”). If any such reference rate does constitute such a benchmark, the Final Terms will indicate whether or not the benchmark is provided by an administrator included in the register of administrators and benchmarks established and maintained by the European Securities and Markets Authority’s (“**ESMA**”) pursuant to Article 36 (*Register of administrators and benchmarks*) of the EU Benchmark

Regulation. The registration status of any administrator under the EU Benchmark Regulation is a matter of public record and, save where required by applicable law, the Issuer does not intend to update the Final Terms to reflect any change in the registration status of the administrator.

NOTICE TO CANADIAN INVESTORS

The Notes may be sold only to purchasers purchasing, or deemed to be purchasing, as principal that are accredited investors, as defined in National Instrument 45-106 Prospectus Exemptions or subsection 73.3(1) of the Securities Act (Ontario), and are permitted clients, as defined in National Instrument 31-103 Registration Requirements, Exemptions and Ongoing Registrant Obligations. Any resale of the Notes must be made in accordance with an exemption from, or in a transaction not subject to, the prospectus requirements of applicable securities laws. Securities legislation in certain provinces or territories of Canada may provide a purchaser with remedies for rescission or damages if this Base Prospectus (including any amendment thereto) contains a misrepresentation, provided that the remedies for rescission or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province or territory. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province or territory for particulars of these rights or consult with a legal adviser. Pursuant to section 3A.3 (or, in the case of securities issued or guaranteed by the government of a non-Canadian jurisdiction, section 3A.4) of National Instrument 33-105 Underwriting Conflicts (NI 33-105), the Dealers are not required to comply with the disclosure requirements of NI 33-105 regarding underwriter conflicts of interest in connection with any Notes issued under the Programme.

Stabilisation

In connection with the issue of any Tranche (as defined in “*Terms and Conditions of the Bearer Notes*” and “*Terms and Conditions of the Book-entry Notes*”, respectively), the Dealer or Dealers (if any) named as the stabilising manager(s) (the “**Stabilising Manager(s)**”) (or any person acting on behalf of any Stabilising Manager(s)) in the applicable Final Terms may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilising Manager(s) (or any person acting on behalf of any Stabilising Manager(s)) will undertake stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche and 60 days after the date of the allotment of the relevant Tranche. Any stabilisation action or over-allotment must be conducted by the relevant Stabilising Manager(s) (or any person acting on behalf of any Stabilising Manager(s)) in accordance with all applicable laws and rules.

Product classification pursuant to Section 309B of the Securities and Futures Act (Chapter 289) of Singapore

The Final Terms in respect of any Notes may include a legend entitled “*Singapore Securities and Futures Act Product Classification*” which will state the product classification of the Notes pursuant to Section 309B(1) of the Securities and Futures Act (Chapter 289) of Singapore (as modified or amended from time to time, the “**SFA**”). The Issuer will make a determination and provide the appropriate written notification to “relevant persons” in relation to each issue about the classification of the Notes being offered for the purposes of Section 309B(1)(a) and Section 309B(1)(c) of the SFA.

Programme Limit

The aggregate nominal amount of Notes outstanding under the Programme will not at any time exceed €5,000,000,000 and, for this purpose, any Notes denominated in another currency shall be translated into Euro at the date of the agreement to issue such Notes (calculated in accordance with the provisions of the Dealer Agreement). The maximum aggregate nominal amount of Notes which may be outstanding at any one time under the Programme may be increased from time to time, subject to compliance with the relevant provisions of the Dealer Agreement.

Certain definitions

In this Base Prospectus, unless otherwise specified or the context otherwise requires, references to Euro and € are to the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty establishing the European Community, as amended.

Certain figures included in this Base Prospectus have been subject to rounding adjustments. Accordingly, figures shown for the same category presented in different tables may vary slightly and figures shown as totals in certain tables may not be an arithmetic aggregation of the figures which precede them.

The language of this Base Prospectus is English. Certain legislative references and technical terms have been cited in their original language in order that the correct technical meaning may be ascribed to them under applicable law.

EU MIFID II PRODUCT GOVERNANCE / TARGET MARKET

The Final Terms (or Drawdown Prospectus, as the case may be) in respect of any Notes may include a legend entitled “*EU MiFID II Product Governance*” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the target market assessment; however, a distributor subject to EU MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels. A determination will be made in relation to each issue about whether, for the purpose of the EU MiFID Product Governance rules under EU Delegated Directive 2017/593 (the “**EU MiFID Product Governance Rules**”), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the EU MiFID Product Governance Rules.

UK MIFIR PRODUCT GOVERNANCE / TARGET MARKET

The Final Terms (or Drawdown Prospectus, as the case may be) in respect of any Notes may include a legend entitled “*UK MiFIR Product Governance*” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the target market assessment; however, a distributor subject to UK MiFIR (as defined herein) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels. A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance rules set out in the FCA Handbook Product Intervention and Product Governance Sourcebook (the “**UK MiFIR Product Governance Rules**”), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

FORWARD-LOOKING STATEMENTS

This Base Prospectus includes statements that are, or may be deemed to be, forward-looking statements. These forward-looking statements can be identified by the use of forward-looking terminology, including the terms “anticipates”, “believes”, “estimates”, “expects”, “intends”, “may”, “plans”, “projects”, “should” or “will”, or, in each case, their negative or other variations or comparable terminology, or by discussions of strategy, plans, targets, objectives, goals, future events or intentions. These forward-looking statements include all matters that are not historical facts. They appear in a number of places throughout this Base Prospectus and include, but are not limited to, statements regarding the Issuer’s intentions, beliefs or current expectations concerning, among other things, the Issuer’s projections about its future results of operations, financial condition, liquidity, performance, prospects, anticipated growth, strategies, plans, opportunities, trends and the market in which it operates.

By their nature, forward-looking statements involve risk and uncertainty because they relate to future events and circumstances. Forward-looking statements are not guarantees of future performance and the actual results of our operations and the development of the markets and the industry in which we operate, may differ materially from those described in, or suggested by, the forward-looking statements contained in this Base Prospectus. The Issuer undertakes no obligation to update these forward-looking statements and will not publicly release any revisions it may make to these forward looking statements that may occur due to any change in the Issuer’s expectations or to reflect events or circumstances after the date of this Base Prospectus, except where required by applicable law. Given the uncertainty inherent in forward-looking statements, prospective investors are cautioned not to place undue reliance on these statements.

The Dealers assume no responsibility or liability for, and make no representations, warranty or assurance whatsoever in respect of, any of the forward-looking statements contained in this Base Prospectus.

ALTERNATIVE PERFORMANCE MEASURES

The financial data included in this Base Prospectus, in addition to the conventional financial performance measures established by IFRS-EU, contain certain alternative performance measures (“**APMs**”) that include EBIT, EBITDA, EPRA NAV, EPRA NNAV, Group’s Loan to Value, Gross Asset Value, Gross financial debt and like-for-like valuation of the Group’s assets that are presented for purposes of providing investors with a better understanding of Colonial’s financial performance, cash flows or financial position as they are used by Colonial when managing its business.

Such measures have not been prepared in accordance with IFRS-EU, have been extracted or derived from the accounting records or other management systems of the Group, have not been audited and should not be considered as a substitute for those required by IFRS-EU.

For an explanation and reconciliation of these APMs, see section entitled “Alternative Performance Measures” on pages 92 to 97 of the 2020 Consolidated Management Report and note 9 to the 2019 Consolidated Management Report.

In that event, the Issuer shall pay such additional amounts as will result in receipt by the Noteholders after such withholding or deduction of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable in respect of any Note except in certain limited circumstances (please refer to Condition 13 (*Taxation*)).

RISK FACTORS

The Issuer believes that the following risk factors may affect its ability to fulfil its obligations under the Notes. Risk factors which are material for the purpose of assessing the market risks associated with the Notes are also described below.

The Issuer believes that the risk factors described below represent the principal risks inherent in investing in the Notes, but the Issuer may be unable to pay interest, principal or other amounts on or in connection with the Notes for other reasons which may not be considered significant risks by the Issuer based on information currently available or which it may not currently be able to anticipate. In addition, the Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive. In particular, there are certain other risks, which are considered to be less important or because they are more general risks, such as for example, the Group's increased dependence on IT systems, risks associated with the Issuer's subsidiaries or minority investments and risks related to court and out-of-court claims, which have not been included in this Base Prospectus in accordance with Regulation (EU) 2017/1129. In addition, in the future, risks that are currently unknown or not considered relevant by the Issuer might also have a material adverse effect on the Group's business, results of operations and/or financial position. If any such risk should occur, the price of the Issuer's securities may decline, and investors could lose all or part of their investment.

Before making an investment decision with respect to any Notes, prospective investors should consult their own stockbroker, bank manager, legal counsel, accountant or other financial, legal and tax advisers and should consider carefully whether an investment in the Notes is suitable for them in light of the information in this Base Prospectus and their personal circumstances. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus, or incorporated by reference into, and reach their own views prior to making any investment decision.

In this Base Prospectus, those risk factors that the Issuer believes are the most material as at the date of this Base Prospectus have been presented first in each category. The order of presentation of the remaining risk factors in each category in this Base Prospectus is not intended to be an indication of the probability of their occurrence or of their potential effect on the Issuer's ability to fulfil its obligations under the Notes.

RISKS RELATING TO OUR BUSINESS

The COVID-19 health crisis and its economic and social negative consequences at the global level, although still uncertain, are affecting and could continue to affect our activities and results

There is still great uncertainty globally due to the events linked to the spread of the SARS-CoV-2 coronavirus, which causes the disease COVID-19, and which was declared a "pandemic" by the World Health Organization in March 2020.

Governments of many countries, including Spain and France (where we operate through our subsidiary Société Foncière Lyonnaise ("SFL")), are continuing to take unprecedented measures to contain the spread of the coronavirus, such as imposing restrictions on the freedom of movement of citizens. Although many countries started to lift implemented restrictions in the early summer of 2020, restrictions were reintroduced as a result of a second and a third wave of COVID-19 cases around the world, including in Spain and France. A continuation of additional waves of infections could lead to additional restrictions being imposed, which, in turn, could have a material adverse impact on the Spanish and French economies.

The measures adopted to date in Spain and France as a result of COVID-19 primarily affect the retail sector, in which we have a reduced exposure. As further explained under "*—Our business may be affected by adverse conditions in the Spanish and French economies and the Eurozone*" below, we almost exclusively operate in the office rental market (97% and 93% of rental income for the year ended 31 December 2020 and 2019, respectively), with the logistics markets and others accounting for 3% and 7% of rental income for these periods, respectively.

During 2020 and against the backdrop of the coronavirus pandemic, listed companies, including the Issuer, have generally suffered significant decreases in their share price in trading sessions marked by high volatility. Such volatility continued during the first months of 2021.

In view of this situation, we have implemented a number of measures, including:

- (i) *Permanent protection and support for employees and management team*: this has included remote working by staff in order to protect the health and safety of our employees, as well as the continuity of our business activity and client service;
- (ii) *Asset protection*: this has included the establishment of action protocols consisting of preventive and corrective measures in all buildings in order to ensure the health and safety of all users of the buildings, as well as a series of measures in order to ensure the health and safety in a phased return to work;
- (iii) *Rent deferrals and rebates*: we have provided individual assistance to clients who are suffering from great financial hardship due to the coronavirus crisis, in particular small and medium-sized enterprises in the retail sector. To that end, we have analysed and negotiated rent deferrals or, exceptionally, rent rebates with a special focus on companies that are in financial difficulties as a result of, and in the context of, the prohibitions imposed on the carrying out of their business activities in the commerce or leisure sector. As at 31 December 2020, the Group had discussions with 41% of its clients and, as at the date of this Base Prospectus, all negotiations with clients related to the first and second wave have been completed. The discounts granted during the year ended 31 December 2020 amounted to €15.2 million, representing 4.5% of the Group's gross rental income and resulting in a negative impact of €6.1 million on our consolidated income statement for 2020, with the remainder to be recognised in our financial statements in subsequent years. The agreements reached in 2020 for rent deferrals amounted to €19.5 million, with the Group having received €13.6 million during 2020. Between 1 January 2021 and the date of this Base Prospectus, there have been no significant rent deferrals or rent rebates granted in connection with the COVID-19 pandemic;
- (iv) *Project and investment portfolio*: we reviewed our project portfolio and decided to delay the investments planned for 2020 by an amount of €60 million, with the majority of such investments expected to be carried out during 2021. Notwithstanding the foregoing, we do not currently expect to incur any relevant penalties or liabilities as a result of such delays. In addition, we also reviewed our investment policies and criteria in accordance with a more conservative scenario, which resulted in a reduction of investments made in new assets in 2020. Between 1 January 2021 and the date of this Base Prospectus, the Group has not made any significant investments, except for the purchase of one floor of an office building in Madrid, which represented an investment of €5.1 million;
- (v) *Divestment processes*: we have continued with the management of our planned divestment processes and have not identified any relevant commitment or liability in our investments and divestments. During 2020, we completed the disposal of 17 assets (considered non-core, secondary offices or mature offices) for a total amount of €333.4 million (of which €283.5 million were notarised in January and February of 2021);
- (vi) *Dividends*: in May 2020, under the provisions of Article 40.6 bis of Royal Decree-Law 8/2020, of March 17, the Issuer's Board of Directors considered appropriate, from a perspective of financial prudence, to reduce by 9% the proposed amount of dividends to be distributed which had been contained in the Issuer's consolidated financial statements for the year ended 31 December 2019, on account of the uncertainty caused by the COVID-19 crisis. The final distribution of dividends approved was €0.20 per share instead of the initial €0.22 per share contained in the proposal described in the Issuer's consolidated financial statements for the year ended 31 December 2019; and
- (vii) *Financial structure*: during 2020, the Group carried out a liability management exercise for certain of its senior bonds, agreed new lines of credit for a total amount of €1.35 billion and issued senior bonds for a total amount of €1 billion, which allowed the Group to cancel debt (credit lines and bonds) for a total amount of €1.179 billion, increasing liquidity, lengthening the maturity of the Group's debt, reinforcing and optimising its financial structure.

As at the date of this Base Prospectus, and despite the progress made in the COVID-19 vaccination process, the economic and social impact of the spread of the coronavirus pandemic is uncertain, particularly the impact on certain sectors of the economy, such as the real estate sector in which we operate. Our gross rental income for the year ended 31 December 2020 decreased by 4% when compared to the same period in 2019, mainly due to the non-core assets divestments and to the rebates negotiated. However there can be no assurance that the impact of the coronavirus pandemic on the economy as a whole and our clients in particular, including as a result of the

mitigation measures adopted by the Spanish and French governments, will not have a material adverse impact on our results of operations in the future.

In addition, and notwithstanding the fact that the rating agencies Standard & Poor's and Moody's have so far maintained our credit rating, we cannot rule out that the spread of COVID-19 may not adversely affect the ability of our clients to make rental payments, the valuation of our Property Portfolio, the renewal of lease agreements, the timing of the expected completion of our ongoing projects, the demand of assets in certain locations or with certain characteristics, any divestments we may want to carry out, the level of our indebtedness or our credit ratings. All of the foregoing could have a material adverse impact on our financial condition, business, prospects and results of operations.

We are currently unable to predict the final consequences that the COVID-19 pandemic will have on our activities and results in the future, as these will vary greatly depending on the evolution and extent of the pandemic in the coming weeks and months, as well as the capacity of governments, central banks and businesses to react and adapt to the circumstances. As a result, the health crisis caused by COVID-19 and its global economic and social consequences, although still uncertain, could have a material adverse impact on our financial condition, business, prospects and results of operations.

Our business may be affected by adverse conditions in the Spanish and French economies and the Eurozone

As at the date of this Base Prospectus, the location of our real estate assets is currently exclusively concentrated in Spain (Madrid and Barcelona) and France (Paris, through our subsidiary SFL). For the year ended 31 December 2020, 53% and 47% of our total revenue came from France and Spain, respectively. We almost exclusively operate in the office rental market in the cities of Barcelona, Madrid and Paris (14%, 30% and 53% of our rental revenue for the year ended 31 December 2020, respectively), and additionally in Spain in the logistics market and others (2% of our rental revenue for the year ended 31 December 2020). In addition, according to the valuations of our Property Portfolio made by independent appraisers, as at 31 December 2020, 12%, 25% and 62% of the total value of the assets of the Group were located in Barcelona, Madrid and Paris, respectively, and the remaining 1% were considered other assets also located in Spain. Also, as at 31 December 2020, 23% (412,608 sqm), 46% (823,255 sqm) and 25% (442,166 sqm) of the Group's office rental properties were located in Barcelona, Madrid and Paris, respectively, and 6% (112,625 sqm), corresponded to the rest of the portfolio, located entirely in Spain. As a result, our business is exposed to adverse economic conditions in Spain and France.

As the real estate markets are typically cyclical in nature and follow the performance of the wider economy, we are exposed to any factors that adversely affect the Spanish and French economy and, particularly, the economic conditions in Madrid, Barcelona and Paris.

There is currently great uncertainty globally due to the COVID-19 pandemic and its impact on economic activity, including as a result of restrictions imposed by governments aimed at stopping the spread of the coronavirus.

Although many countries started to lift restrictions in the early summer of 2020, restrictions were reintroduced as a result of a second and a third wave of COVID-19 cases around the world, including in Spain and France. While multiple vaccine approvals and the launch of vaccination in most countries have raised hopes of a turnaround in the pandemic later in 2021, an increase in infections, the occurrence of new strains of the virus and difficulties in the rollout of vaccinations could prolong existing restrictions to contain the spread of COVID-19, or lead to additional restrictions being imposed, which, in turn, could have a material adverse impact on the Spanish and French economies and, therefore, affect the Group's tenants.

While the extent of the negative final impact of the COVID-19 pandemic on the Spanish and French economies is still uncertain, there is growing concern of a severe and prolonged economic downturn across major economies as a result of the pandemic, including Spain and France. For example, gross domestic product ("GDP") declined by 10.8% in Spain and 8.3% in France during the year 2020 (source: INE and INSEE, respectively) and the unemployment rate in Spain and France rose to 16.1% and 8%, respectively, in the fourth quarter of 2020 (source: INE and INSEE, respectively). Likewise, the Consumer Price Index at the end of 2020 in Spain was -0.5%, its first negative year-end rate since 2014, while in France it stood at 0.0% year-on-year (source: INE and INSEE, respectively). Therefore, while the IMF estimates that major global economies, including Spain and France, will return to growth in 2021, it is expected that the uncertainty of the economic situation will remain during 2021 and could lead to an uncertain and prolonged recovery.

Furthermore, in Spain and France, political and social instability has increased during recent years. In particular, the uncertainty generated by the political situation in Spain and the extension of the current situation in Catalonia could have a substantial negative impact on the Spanish economy. If political tensions were to re-emerge or intensify, this could have a negative impact on both the financial condition and the current macroeconomic scenario in Spain. There is also significant uncertainty around Spanish government policies given the high level of fragmentation in the Spanish parliament.

Any such adverse economic conditions and uncertainty may have a negative impact on investor confidence, consumer spending, levels of employment, rental revenues, vacancy rates and real estate values, demand for office space, financing costs or the ability of our tenants to meet their rental payment obligations and, accordingly, could have a material adverse effect on our financial condition, business, prospects and results of operations.

We operate in a highly-competitive sector

The real estate sector in Spain and France is highly competitive and very fragmented, and new real estate companies face low barriers to entry. Our competitors in Spain are typically companies operating locally but also include international companies. With the reopening of capital markets, triggered by the recovered confidence of international investment funds in the real estate sector as a long-term investment, especially in connection with sovereign debt funds, with the creation of new listed property investment companies (*SOCIMIs*) and with the rise in investments made in property assets, the level of competition in both the Spanish and French rental property sector has increased. Furthermore, the growth of acquisitions and concentration of companies in the real estate sector has also meant an increase in the level of competition. In addition, real estate investment companies, backed by both national and international investors, have entered the Spanish market to take advantage of what they perceive to be attractive valuations of real estate assets.

In France, through our subsidiary SFL, we operate in a highly competitive sector and compete with numerous market participants such as (i) investors with a strong capital base such as insurance companies, real estate investment funds (OPCI) and real estate investment companies (SCPI) or sovereign wealth funds and (ii) investors who kept their indebtedness at manageable levels through the the financial crisis that started in 2008, such as certain other French listed real estate companies (*société d'investissement immobilier cotées or SIIC*). Moreover, foreign investors have recently returned to the Parisian real estate investment market leading to higher competition.

Any of these competitors in the Spanish and French markets may be larger in size and have greater financial resources than we have. This high competitiveness could lead to an oversupply of property, or a decline in prices, including an oversupply of rental properties in the offices sector and a decrease in rental levels, in particular as a result of the COVID-19 pandemic. Furthermore, an elevated number of competitors in the industry may, at certain times and for certain projects, impede the Group's acquisition of new assets for its rental business. Also, our competitors could adopt similar business models regarding rent, development and acquisition, which could reduce our competitive advantage.

Any of the above factors could have a material adverse effect on our financial condition, business, prospects and results of operations.

Our activities are concentrated in the letting of offices and, in particular, in the letting offices in the central business districts of Paris, Madrid and Barcelona

Our main activity is the management and development of buildings for rental, mainly offices in the central business district (“**CBD**”) in Paris, Madrid and Barcelona. As at 31 December 2020, the letting of offices represented 93% of our rental income and 73% of this income originated from rents obtained in the CBD as at 31 December 2020. Furthermore, as at 31 December 2020, 51% of the total sqm surface of our Property Portfolio was located in the CBD. Consequently, changes in trends of preference about the offices' location in these areas could have a material adverse effect on our financial condition, business, prospects and results of operations.

In particular, the impact of the COVID-19 pandemic could significantly affect the office letting activity.

This includes the following factors:

- the imposition of lockdowns, quarantines, restrictions on travel, social distancing rules and restrictions on types of business that may be allowed to operate are having a significant impact on tenants of office

spaces;

- difficulty in collecting rent payments, on time or at all, from certain tenants, in particular those that are unable to operate due to the lockdown measures and other restrictions imposed by government;
- cashflow difficulties and deterioration in credit and financing conditions which may affect tenants' ability to access capital necessary to fund business operations, which, in turn, may affect their ability to pay rent on time or at all or may lead to such tenants becoming insolvent;
- tenants' ability to operate their business in compliance with new health and safety rules, regulations and recommendations, such as restrictions on, or changes made by businesses for, social-distancing and hygiene/sanitation reasons;
- a downward trend in property values and rent levels or tenants' requests for payment holidays, rent reductions and rent cancellations; and
- a decrease in demand for commercial property assets, either for certain types or in certain locations or more generally, as a result of travel restrictions or other confinement measures, a general slowdown of the economy or a change in established working patterns in tenants' businesses through a sustained shift to "working from home" and "remote working / meeting" arrangements on an extended or permanent basis. For example, in September 2020, the Spanish government approved a regulation to encourage remote working which entered into force in October 2020.

The Group's rental income in 2020 decreased by 4% when compared to 2019 due to, among other things, the rebates granted to clients, which represented 4.5% of our turnover in 2020, as well as the rent deferrals granted, which represented 5.7% of our turnover in 2020. Notwithstanding the foregoing, the ongoing impact of the COVID-19 health crisis on the economy in general, and on the Group's clients in particular, including as a result of the factors described above, could have a material adverse effect on the Group's financial condition, business, prospects and results of operations.

The valuation of our real estate asset portfolio may not precisely and accurately reflect the value of our assets at any given time

Twice a year we engage independent appraisers to prepare a valuation of all assets that form part of our Property Portfolio. As stated in Note 4.4 to Colonial's consolidated financial statements for the financial year 2020, which are incorporated by reference into this Base Prospectus, as at 31 December 2020, the assets comprising our Property Portfolio were valued by the independent appraisers in accordance with the Royal Institution of Chartered Surveyors Appraisal and Valuation Standards ("**RICS**") at an amount of approximately €12,020 million (this amount includes the full value of the assets that we hold indirectly through joint ventures in which we have a stake of 50% or more), based on certain assumptions and different valuation methods, a slight decrease when compared to the valuation as at 30 June 2020 (approximately €12,164 million).

The Group books, periodically (every half year), the corresponding revaluation or impairment as a result of adjusting the carrying amount of each of the assets at their fair value in accordance with IAS 40. This value is determined by taking as reference the values attributed to each of the properties by independent appraisers. As at 31 December 2020, the Group recognised in the consolidated income statement ("changes in value of investment property") investment property revaluation losses for the year ended 31 December 2020 amounting to €79 million, based on the valuations made by the independent appraisers as at 31 December 2020. The revaluation, which was recorded in both France and Spain, is the result of the decrease in the appraisal value of the assets in our Property Portfolio.

The valuation of property and property related assets is inherently subjective, in part because all property valuations are made on the basis of assumptions which may not prove to be accurate (particularly in periods of volatility or low transaction flow in the commercial real estate market), and in part because of the individual nature of each property. Therefore, property valuations might not accurately reflect the current market value of the Property Portfolio at a certain time. While the independent appraisers carry out their valuation applying mainly objective market criteria to each of such assets, real estate valuation is inherently subjective and relies on a number of assumptions based on the features of each property. In the event that certain information, estimates or assumptions used by such independent appraisers turn out to be inaccurate or incorrect, this could cause their

valuations of our Property Portfolio to be materially incorrect and may require such valuations to be revised.

During the first half of 2020, real estate market activity was adversely affected by the COVID-19 pandemic and appraisers considered that they could not base their opinion of value on market and comparable evidence prior to this situation. Nevertheless, as at 31 December 2020, certain property markets started to function, with transaction volumes and other relevant evidences returning to levels where enough market evidence exists upon which to base opinions of value, in particular in offices rental market. Accordingly, appraisers state that their valuation as at 31 December 2020 is not reported as being subject to material valuation uncertainty, as defined by the VPS 3 (Valuation Technical and Performance Standards) and VPGA 10 (Valuation Practice Guidance Applications) of the RICS Global Valuation Standards.

However, the market value of real estate assets, including commercial land under development and buildings of any nature could decrease due to a number of other factors as well, such as increases in the risk premium leading to lower than expected returns, our inability to obtain or maintain necessary licenses, decline in demand, planning and zoning developments, regulatory changes, and other factors, some of which may be beyond our control. We cannot currently predict the future impact of the COVID-19 pandemic on the assets in our Property Portfolio or the wider real estate markets in Spain and France. Any downward revision of the valuation of our Property Portfolio, whether as a result of the COVID-19 pandemic or otherwise, may require us to include a loss in our financial statements, which, in turn, may have a material adverse effect on the Group's business, financial condition, results of operations and prospects.

The success of our business depends on our ability to retain existing tenants or acquire new ones

Our main activity is the rental, acquisition, promotion and sale of real estate. If, in the context of our main activity, we fail to adequately manage our tenant base, including if we are unable to retain our current tenants due to the non-renewal of their lease agreements upon expiry and where we are unable to find new tenants, there is a risk that they will become vacant, resulting in a decrease in our revenues. As at 31 December 2020, the average lease term in our Property Portfolio (calculated until the first break-option not until the expiration date) was approximately 5.1 years for leases located in Paris (5.3 years as at 31 December 2019), approximately 2.2 years for leases located in Barcelona (2.1 years as at 31 December 2019) and approximately 2.5 years for leases located in Madrid (2.9 years as at 31 December 2019).

Even if we enter into new lease agreements with our existing tenants or new tenants, there is a risk that we may have to do so on less favourable terms due to prevailing market conditions at the time of entering into such new leases or other reasons, resulting in a decrease in our revenues.

As at 31 December 2020, the EPRA Occupancy for our office Property Portfolio stood at 95.2%. In particular, as at such date, the EPRA Occupancy for our office assets in Barcelona was 95.4%, which is slightly lower than the figure for 31 December 2019 (98%). In Madrid and Paris, the EPRA Occupancy for our office assets stood at 96.9% (95.7% as at 31 December 2019) and 94.4% (98% as at 31 December 2019), respectively. In addition, as at 31 December 2020, 78% of our Property Portfolio (in terms of total square meters) was under letting (with the remaining 22% being in the project phase). Notwithstanding the foregoing, there can be no assurance that we will be able to maintain such levels of EPRA Occupancy for our office Property Portfolio in the future or that we will be able to successfully let those properties in our Property Portfolio that move from the project phase to the letting phase.

Any of the above could have a material adverse impact on our financial condition, business, prospects and results of operations.

Our business requires significant expenditure

In order to avoid a loss of value of the Group's real estate assets, the Group regularly carries out maintenance and repair work as well as work aimed at modernising its properties to increase their attractiveness or to comply with regulatory changes, such as new energy saving regulations, all of which requires significant levels of investment. The success of our business is dependent on such investments ultimately yielding the targeted return. For the year ended 31 December 2020, we invested a total amount of €207 million in real estate development or refurbishment projects and the acquisition of new properties, which represented 2% of the total value of our office Property Portfolio. In the event of a delay in the date of entry into operation of such assets, or in the event that the rents agreed under new leases are lower than expected, this could have a material adverse impact on the expected return

on investments, activities, results and/or financial situation of the Group. In particular, such delays could be prolonged due to the COVID-19 health crisis, although, as at the date of this Base Prospectus, the Group has not suffered any delays having a material impact on its business.

Moreover, there are significant expenditures associated with the holding and managing of a property over time, such as taxes, service charges, insurance, maintenance and refurbishment costs and such expenditures are difficult to predict or may unexpectedly increase. During the year ended 31 December 2020, such costs represented 7% of the Group's revenue during such period.

While we pass on the majority of these costs to tenants in accordance with applicable law and contractual conditions applicable to each tenant through increased rents, this could make it more difficult to renew lease agreements with our existing tenants and making our value offering less attractive to new tenants, resulting in a decline in our competitiveness in the rental sector. This risk could be aggravated by the COVID-19 health crisis to the extent that a reduction in rental income could occur while expenses associated with the holding and management of real estate could remain the same or even increase, which could have a significant impact on our business and results of operations.

Any of the above could have a material adverse impact on our financial condition, business, prospects and results of operations.

We are dependent on a small number of large tenants and assets for a significant part of our revenue from rental income

A small number of tenants currently account for a significant part of our revenue from rental income. As at 31 December 2020, and on the basis of the lease agreements in force at that date, twenty tenants represented 38% of our total revenue from rental income (with our largest tenant representing 4% of that total revenue). Public sector companies who are tenants represented 6% of our revenue as at 31 December 2020.

Our real estate business depends on the solvency and liquidity of our tenants. A tenant may from time to time experience financial difficulties or may become insolvent, as a result of the COVID-19 pandemic or otherwise, which could result in its failure to meet payment obligations when due, or at all. If we experience a significant rate of delinquency in the payment of rent or if we are unable to collect overdue rent, or if our reserves for these purposes prove inadequate, this could have a material adverse effect on our financial condition, business, prospects and results of operations.

Moreover, if we were unable to retain any of our large tenants or if we were unable to replace them with other tenants on substantially similar terms, this could have a material adverse effect on our financial condition, business, prospects and results of operations.

A small number of assets represent a significant part of the Group's rental income: As at 31 December 2020, 20 assets of the Group represented approximately 59% of its revenues in Spain and 5 assets of SFL represented approximately 57% of its revenues in France. The asset "Santa Hortensia 26-28" represented approximately 6% of the Group's revenues in Spain and the asset "Edouard VII" represented approximately 15% of the Group's revenues in France as at 31 December 2020, respectively. If, for any reason, any of these assets were destroyed, rendered inoperative or damaged for any reason, or the Group could not replace them with other assets under similar conditions, and the maximum amounts of the corresponding insurance policies taken out by the Group for these circumstances were not sufficient, there could be a substantial negative impact on the activities, results and financial position of the Group.

We may engage in acquisitions, investments and disposals as part of our strategy

The success of the Group's business depends, among other factors, on the possibility of continuing to acquire properties with economic potential and/or at attractive prices, as well as the capacity to integrate and commercialise the newly acquired properties. Therefore, if in the future the Group could not carry out acquisitions of assets due to, *inter alia*, underfunding or difficulties in negotiating for their return, or could not acquire property under favourable conditions, its growth could be limited.

The Group may on occasion undertake acquisitions of companies or businesses and real estate assets, such as the merger with Axiare Patrimonio, SOCIMI, S.A. ("**Axiare**"), the acquisition of which involved an investment of

€1.731 billion, the acquisition in 2017 of the co-working company Utopicus Innovación Cultural, S.L., the gross cost of which at 31 December 2020 was €28.6 million, or the acquisition in 2020 of the company Wittywood S.L., which involved an investment of €4.6 million, and we cannot guarantee that such acquisitions will be successful or, if successful, that they will generate the expected profits for the Group. The Group makes its investment decisions based on expected rental revenues of a property. If a property fails to achieve such rental revenues, this could result in a materially reduced return on investment.

Before acquiring new properties, the Group carries out a technical analysis and due diligence on the structural situation of the new properties and, if necessary, the existence of harmful environmental impacts. However, it is possible that certain damages or quality deficiencies may not be observed, or that the extent of these types of problems may not be completely evident and/or that the deficiencies may not become noticeable until after the acquisition.

Therefore, acquisitions of companies or businesses and real estate assets, whether completed or not or those that could be carried out in the future, imply a series of risks. For example, the companies of the Group could be faced with unforeseen events, liabilities, vices or defects, of a material nature relating to assets acquired or businesses unknown to the Group and that were not disclosed during the due diligence processes (e.g. the possible termination of contracts as a result of a change of control) or difficulties in the integration of acquired operations, which could cause disruptions or redundancies. If any of these risks were to occur, this could, among other things, require the Group to incur higher-than-anticipated costs (which could even make it necessary to make adjustments in the business) and require a level of dedication and attention from our management and staff which could stretch our resources or prevent them from being deployed in other areas of our business, which could have an adverse effect on our revenues.

The management and control of these companies may result in risks associated with said plurality of owners and/or managers of such acquisitions of companies or businesses, and for those cases in which we have an interest in third parties of less than 100%. We may have non-controlling interests in third parties, in which case we may not be able to impose its policies or management models on such entities or, ultimately, participate in its management.

Therefore, the revenues, profits and synergies derived from the acquisition of companies or businesses by the Group may not be in line with those expected or may not materialise.

Any of the above factors could have a material adverse effect on our financial condition, business, prospects and results of operations.

Relative illiquidity of real estate assets which could prevent timely divestments

Real estate assets may be illiquid for a number of reasons, including, among other factors, fluctuations in demand or the unsuitability of assets to meet the requirements of investors (as at 31 December 2020, the assets comprising our Property Portfolio were valued at an amount of approximately €12.020 million by independent appraisers). This risk is particularly relevant in adverse market situations such as those prevailing at the date of this Base Prospectus, mainly due to the COVID-19 pandemic. We believe that, based on information received from our independent appraisers, that the volume of new leases and investments in the office market declined significantly in the main European cities, falling significantly in Barcelona, Madrid and Paris, to levels below the average of the last five years.

Additionally, we could have difficulties to realise the actual value of some of our assets and be forced to lower the sale price or to keep them in the portfolio for a longer period than expected. The illiquidity of the investments may limit our capacity to adapt our Property Portfolio to potential circumstantial changes.

Any of these factors could have a material adverse effect on our financial condition, business, prospects and results of operations.

We are required to comply with laws and regulations associated with holding and managing real estate

As a group operating in the real estate sector, we are required to comply with Spanish, French and EU laws and regulations, which laws and regulations relate to, among other things, property, land use, development, zoning, health, safety, taxation regarding real estate assets and stability requirements and environmental compliance. These laws and regulations often provide broad discretion to the administering authorities and the relevant authorities in

Spain, France and the European Union could impose sanctions if we do not comply with such laws or regulations.

Compliance with such laws and regulations could lead to increased expenditure associated with a property, which might adversely affect our expected return. Moreover, these laws and regulations are subject to change (some of which may, exceptionally, be retrospective), which could adversely affect, among other matters, existing planning consents, costs of property ownership, costs of property transfer, the capital value of our assets and/or our rental income. Such changes may also adversely affect our ability to use a property as initially intended and could also cause us to incur increased capital expenditure or running costs to ensure compliance with such new applicable laws or regulations, which may not be recoverable from tenants. In addition, in order to be able to operate our real estate assets, we must obtain or renew certain occupancy and activity licences from the municipal authorities. Any delay or failure to obtain these licences could expose us to claims or have an adverse effect on our revenues.

Furthermore, while we strive to ensure that the materials we use in the refurbishment of our real estate assets are compliant with applicable legislation, such materials might not be compliant, which could expose us to claims or other adverse actions.

Any of the above could have a material adverse impact on our financial condition, business, prospects and results of operations.

Our insurance coverage might be insufficient to cover our costs and liability in relation to our real estate assets

The Group's real estate assets are subject to the general risk of damage that could occur as a result of various causes, whether natural or not, such as fires or floodings. If such real estate assets become unusable as a result, this could result in a loss of rental income.

The Group could also incur liability vis-a-vis third parties for construction defects of any kind or in relation to the construction process and/or the materials used in the construction or refurbishment of our property assets or of assets previously owned or developed by us and which we have sold or transferred to third parties. These claims could also be brought in relation to possible defects in such assets caused by actions or omissions of third parties which we engage, such as architects, engineers, building contractors or subcontractors or as a result of accidents that may occur in any of the Group's assets as well as for damage caused within the properties by third parties.

While we have insurance in place to cover legal costs or potential damages against us and the Issuer's directors and management as well as against us in relation to our real estate assets in certain cases, such insurance may not be adequate to cover all of the significant costs resulting from such legal claims. Moreover, we can provide no assurance that our current liability insurance coverage will continue to be available on commercially acceptable terms, and the insurer may, in any event, deny coverage on any future claim.

In the event of any damage that is uninsured or that exceeds the insurance coverage or in case of any increase in the cost of insurance premiums following a claim made by the Group under its insurance policies, the Group could suffer a loss in relation to the investment made in the relevant asset as well as a loss of anticipated revenue deriving from such asset. In addition, the Group could be liable for relevant repair costs for damage caused by uninsured risks or remain liable for any debt or other financial obligations related to such property.

Any of these factors could have a material adverse effect on our financial condition, business, prospects and results of operations.

RISKS RELATING TO OUR FINANCING

We rely on debt financing for a significant part of our funding needs

As a company operating in the real estate sector, we require significant levels of investment to fund the development of our projects and the growth of our business through the acquisition of real estate. To finance our business, we typically use bank loans, mortgage loans, debt and capital increases. If we do not have access to such financing or alternative financing such as debt issuances or share capital increases, or in the event we are unable to obtain financing on favourable terms or at all, our capacity to refinance our debt and/or our ability to grow our business could be harmed, which would have a negative effect on our strategy and business. This risk is particularly relevant in adverse market conditions such as those currently prevalent as a result of the COVID-19 pandemic. While such adverse market conditions have so far not had a significant adverse impact on the Group's ability to access debt financing, there can be no assurance that this will not be the case in the future. Our inability

to access financing or obtaining financing on suitable terms, could have an adverse effect on our business activity and limit our growth, both of which could have a negative impact on our business and results of operations.

Our Net Financial Indebtedness (calculated as the gross financial indebtedness (€4.9 billion) less cash and cash equivalents) was €4.6 billion as at 31 December 2020. Our Loan to Value was 36.2% as at 31 December 2020 (calculated as net financial indebtedness (gross financial indebtedness less cash and cash equivalents) divided by gross asset valuation), compared with 36.1% as at 31 December 2019. Additionally, as at 31 December 2020, of the total amount of gross financial indebtedness of the Group, current debt (with maturity of less than 1 year) represented 11.7%. The weighted average cost of the Group's current debt was 1.70% as at 31 December 2020 compared to 1.63% as at 31 December 2019.

Therefore, we are subject to risks normally associated with debt financing, including the risk that the cash flow from our operations is insufficient to meet our debt service requirements. If we do not have enough cash to service our debt, meet other obligations and fund other liquidity needs, we may be required to take actions such as reducing or delaying capital expenditures, selling assets, restructuring or refinancing all or part of our existing debt, or seeking additional equity capital. These alternative measures may be costly, may not be successful and may not permit the Group to satisfy all of its scheduled debt service requirements. We cannot assure you that any of these remedies, including obtaining appropriate waivers from our lenders, can be effected on reasonable terms or at all. In addition, any significant increase of leverage by the Group could restrict or limit access to financial markets and could have a negative impact on the credit rating of Colonial. In addition, despite working with lenders of recognised solvency, we cannot guarantee that the counterparties in our financing contracts will comply with their obligations in the future.

Furthermore, our financing is subject to our complying with certain covenants. These include a change of control and determined levels of certain economic ratios as defined in each contract (loan to value ratio, debt service ratio, interest cover ratio, and others). While as at the date of this Base Prospectus, the Group has complied with all of the required covenants, any failure to comply with these covenants (including those contained in “*Terms and Conditions of the Notes—Condition 6*”), including as a result of the occurrence of extraordinary or unforeseen events, could result in an event of default under the Notes and such debt facilities, as well as early termination of such debt facilities.

Any of the foregoing factors could have a material adverse effect on our financial condition, business, prospects and results of operations.

A decrease in credit rating could adversely affect the Group

The following table lists the credit ratings (rating) that Colonial currently has, both long-term and short-term, by S&P Global Ratings Europe Limited, Sucursal en España and Moody's Investors Service Limited, which are both credit rating agencies registered under the CRA Regulation.

Credit rating agencies	Long term	Short term	Perspective	Date last revision rating
S&P Global Ratings Europe Limited, Sucursal en España ⁽¹⁾	BBB+	A-2	Stable	16/04/2021
Moody's Investors Service Limited ⁽¹⁾	Baa2	—	Stable	28/04/2020

(1) Rating agency registered under the CRA Regulation.

Since April 2017, SFL has been assigned a long-term credit rating of “BBB+” and a short-term credit rating of “A-2”, with a stable outlook, by S&P Global Ratings Europe Limited, Sucursal en España. The credit ratings of the Group companies can be found on the Colonial website (<https://www.inmocolonial.com/en/shareholders-investors/fixed-income/rating>).

There can be no assurance that the credit ratings currently granted to the Group companies will be maintained over time, as credit ratings are periodically reviewed and updated and depend on various factors, some of which may be beyond the Group's control, such as, for example, the spread of the COVID-19 pandemic. Therefore, the credit ratings of the Group companies may suffer decreases and may be suspended or withdrawn at any time by the relevant credit rating agencies.

In addition, the Group has various financings the terms of which contain provisions which could trigger an early repayment in the event the Colonial were to lose “Investment Grade” status.

Credit ratings are not a recommendation to purchase, subscribe, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the rating agency awarding the rating. However, credit ratings affect the cost as well as other conditions in relation to our financings. Any downgrade of the credit rating of the Group would increase our borrowing costs and could restrict or limit access to financial markets, which could adversely affect our liquidity and could have a material adverse effect on our financial condition, business, prospects and results of operations.

We face certain risks related to fluctuations of interest rates

As of 31 December 2020, 6% of our Gross Financial Indebtedness had a variable interest rate, while 94% had a fixed interest rate (compared to 21% and 79%, respectively, as of 31 December 2019).

We cannot guarantee that we will be able to continue to incur financing at fixed interest rates and, consequently, that we might have to increase the amount of financing at a variable interest rate. Any upward variation in the interest rates would increase the costs associated to financing debt with a variable interest rate and would, ultimately, have a material adverse effect on our results of operations.

In relation to the interest rate risk, we have a risk management policy in place. The aim of this risk management policy is to reduce our exposure to the volatility of interest rates and to control the impact of such interest rates on our results and cash flow, maintaining an adequate overall debt cost. Additionally, our policy is to agree on efficient hedging financial instruments and thereby register variations in market value directly in our net Property Portfolio. As of 31 December 2020, the percentage of hedged debt and debt at a fixed interest rate over total debt was 96%. Hedging entails financial costs and could be negatively impacted by (i) interest limitations in hedging contracts with financial institutions; and (ii) inability to subscribe to hedging agreements as a consequence of factors that are outside our control and that could affect the hedging counterparties. In addition, any hedging arrangements will expose the Group to credit risk in respect of the hedging counterparty.

In the event that we significantly increase our financing at a variable interest rate and we cannot cover our exposure to the interest rate fluctuations to a satisfactory degree, this could have a material adverse effect on our financial condition, business, prospects and results of operations.

RISKS RELATING TO TAXATION

Colonial may cease to be qualified as a Spanish SOCIMI which would have adverse consequences for the Group

As described in the section entitled “*Information on the Issuer and the Group—History—SOCIMI Status*”, with effects from 1 January 2017 the Company is subject to the Spanish SOCIMI Regime, and therefore, generally to a 0% Corporate Income tax rate.

However, as set forth under “*Spanish SOCIMI Regime and Taxation*”, the application of the Spanish SOCIMI Regime is subject to the fulfilment by the Company of certain complex requirements, among others, the listing of Colonial’s shares in a regulated market or multilateral trading facility, investment in Qualifying Assets, the receipt of income from certain sources and mandatory distribution of certain profits.

Failure to comply with any such requirements will result, save where the regulations allow for such failure to be remedied, in the loss of the special tax regime in the year in which such situation arises, and the Company would have to pay Spanish Corporate Income Tax on the profits deriving from its activities at the standard Corporate Income Tax rate (25% as at the date of this Base Prospectus). The Company would not be eligible to apply the Spanish SOCIMI Regime for the following three fiscal years counted as of the end of the last fiscal year in which the SOCIMI Regime was applicable.

If Colonial ceases to be qualified as a Spanish SOCIMI, this could have a material adverse effect on the Group’s business, financial condition, prospects or results of operations.

The disposal of Qualifying Assets would have negative implications under the Spanish SOCIMI Regime if carried out before the minimum three-year period elapses

If a Qualifying Asset is sold before it is held for a minimum three year period, then (i) such capital gain would compute as non-qualifying net income within the 20% thresholds that must not be exceeded for the maintenance of the Spanish SOCIMI Regime (and such gain would be taxed in accordance with the general Corporate Income Tax regime and at the standard Corporate Income Tax rate (currently, 25%)); and (ii) in relation to Qualifying Assets that are real estate assets, the entire income, including rental income, derived from such assets in all tax periods where the SOCIMI's special tax regime would have been applicable would be taxed in accordance with the general Corporate Income Tax regime and subject to the standard Corporate Income Tax rate. In both cases however the use of Colonial's pre-existing tax credits/assets would be possible, under the applicable limitations.

Given the number of Qualifying Assets currently held by the Issuer (65 assets of which, as at the date of this Base Prospectus, eight have been held for less than three years), or any additional Qualifying Assets acquired in the future by the Issuer, any of the above could have a material adverse effect on the Group's business, financial condition, prospects or results of operations.

The application of the SOCIMI Regime requires the mandatory distribution of certain profits by Colonial which may limit the Group's ability and flexibility to pursue growth through acquisitions

As a result of Colonial's inclusion in the SOCIMI Regime, Colonial is required to make payments or distributions to its shareholders in the terms specified by the SOCIMI Regime (generally 80% of its profits, and 100% of dividends received from its subsidiaries – for further details see “*Spanish SOCIMI Regime and Taxation-Mandatory distribution*”).

As a consequence of the above, Colonial's ability to make new investments could be limited, as it would only be able to apply a limited amount of its profits to the acquisition of new real estate assets (being required to distribute the majority of its profits to its shareholders), which could hinder its ability to grow unless Colonial were able to obtain new financing, and could have a negative impact on the liquidity and the working capital of Colonial.

Furthermore, despite obtaining a profit, Colonial may be unable to carry out the payments and distributions in accordance with the legal requirements of the SOCIMI Regime due to not having immediately available cash (i.e., differences in timing between the receipt of cash and the recognition of the income and the effect of any potential debt amortisation payment). Should this happen, Colonial might have to borrow, increasing its financing costs and reducing its debt capacity. This could have a materially adverse effect on the business, the results, the finances or the assets of the Group.

Certain of our French subsidiaries could lose their status as SIICs and the resulting favourable tax treatment

We currently hold a 81.71% stake in SFL, a listed French real estate investment company (*sociétés d'investissements immobiliers cotées* or SIIC). SFL and certain of its subsidiaries are subject to the SIIC tax regime, which provides for a favourable tax treatment conditional (generally, exempt from tax on real estate leases under finance lease agreements, on capital gains arising from a disposal of real estate assets and on dividends received from SIIC subsidiaries) upon the distribution of (i) all dividends received from its subsidiaries benefiting from the SIIC tax regime, (ii) at least 95% of its rental income and (iii) at least 70% of its capital gains within two years of the disposal of any real estate asset, thereby benefiting us as a shareholder.

As at 31 December 2020, 53.4% of our total revenue and 62% of the total value of our Property Portfolio came from SFL and its subsidiaries. If SFL or such subsidiaries were to lose their SIIC status due to changes in law or other factors, such as not meeting the distribution requirements described above, or if the double tax treaty currently in place between France and Spain were to change, their tax obligations could increase, which could have a material adverse effect on our financial condition, business, prospects and results of operations.

Colonial may become subject to an additional 19% tax charge on the gross dividend distributed to a Substantial Shareholder, that do not comply with the minimum tax requirement

Colonial may become subject to a 19% Corporate Income Tax on the gross dividend distributed to any shareholder that holds a stake equal to or higher than 5% of the share capital of Colonial when such shareholder either (i) is exempt from any tax on the dividends or subject to tax on the dividends received at a rate lower than 10% (for

these purposes, final tax due under the Non Resident Income Tax Law is also taken into consideration) or (ii) does not timely provide Colonial with the information evidencing its equal or higher than 10% taxation on dividends distributed by Colonial in the terms set forth in the by laws (a “**Substantial Shareholder**”).

Notwithstanding the above, the by laws of Colonial include indemnity obligations of the Substantial Shareholders in favour of Colonial. In particular, the by-Laws require that in the event a dividend payment is made to a Substantial Shareholder, Colonial will be entitled to deduct an amount equivalent to the tax expenses incurred by Colonial on such dividend payment from the amount to be paid to such Substantial Shareholder (the Board of Directors will maintain certain discretion in deciding whether to exercise this right if making such deduction would put Colonial in a worse position). However, these measures may not be effective. If these measures are ineffective, the payment of dividends to a Substantial Shareholder may generate an expense for Colonial (since it may have to pay a 19% Corporate Income Tax on such dividend) and, thus, may result in a loss of profits for Colonial.

Colonial may have to indemnify SFL for any 20% French special levy due on dividend distributions received from SFL which may result in a loss of profits for the Group

SFL is a French resident company which is subject to the special SIIC regime and, as such, it is required to pay a special levy when a dividend distributed out of profit that is exempt from corporate income tax in accordance to the French Tax Code is paid, or deemed to be paid, to a corporate shareholder that (i) directly or indirectly holds at least 10% of the SIIC’s dividend rights, and (ii) broadly, is not subject to taxation on distributions made from SFL at a rate of at least 1/3 of the French corporate income tax rate (“**Special Levy Shareholder**”). For companies, such as Colonial, that are under a legal obligation to distribute 100% of the profits derived from dividends received, the above taxation test must be measured at an upper shareholder tier (i.e., distributions to Colonial would be subject to the above special levy if Colonial corporate shareholders holding at least 10% in Colonial, even if only one, are not subject to tax on dividend distributions at a rate of at least 1/3 of the French corporate income tax rate). In this regard, it should be noted that during tax period 2020, SFL has distributed dividends to Colonial in an amount of €101 million.

Furthermore, the by-laws of SFL (i) provide for an obligation for all shareholders holding at least 10% of its shares to inform of their respective level of taxation on dividends received from SFL and (ii) contain indemnity obligations for any Special Levy Shareholder whereby it is such shareholder the one that ultimately bears the additional taxes due on the dividend distribution.

The by laws of Colonial contain back-to-back information and indemnity provisions that require that, in the event of dividends distributed out of dividends received from SFL to shareholders holding at least 10% of the shares in Colonial, Colonial will be entitled to deduct an amount equivalent to the tax expenses for which Colonial must reimburse SFL as consequence of the abovementioned French withholding tax. However, these measures may not be effective. If these measures are ineffective, the dividends distributed out of SFL dividends may generate an expense for Colonial (since it may have to indemnify SFL for the 20% French special levy on such dividend) and, thus, may result in a loss of profits for Colonial.

Deferred tax assets at risk

As a result of losses incurred in previous years, as at 31 December 2020, the unused prior year’s tax loss carryforward amounted to €5,384 million, without having recorded any tax credit at that date.

As described above, currently (under the SOCIMI Regime), the offset of tax losses is only available for Colonial for income that must be taxed in accordance with the general Corporate Income Tax regime and at the general Corporate Income Tax rate.

In accordance with Law 27/2014, of November 27 (*Ley 27/2014, de 27 de noviembre, del Impuesto de Sociedades*), as of 1 January 2015, there is no longer a maximum limit of years to carry forward tax losses and use them to offset taxable profits. However, the maximum offset has been limited to 70% from 2017. The Royal Decree-Law 3/2016, of 2 December, limited the compensation of the carried forward tax losses to 25% of the taxable base for those entities whose turnover is at least €60 million.

Therefore, if there is a change in law that would eliminate or further limit the right to offset deferred tax assets, this could have a material adverse effect on the value of our deferred tax asset as well as our financial condition,

business, prospects and results of operations. Nevertheless, this item may not have a relevant practical impact considering that SOCIMIs are taxed at a 0% Corporate Income Tax rate on certain income.

RISKS RELATING TO THE STRUCTURE OF A PARTICULAR ISSUE OF NOTES

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of certain such risks.

Notes subject to optional redemption by the Issuer

Notes issued with an optional redemption feature is likely to limit the market value of the Notes. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Fixed/Floating Rate Notes

Notes issued with a Fixed/Floating Rate Notes may bear interest at a rate that the Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The Issuer's ability to convert the interest rate will affect the secondary market and the market value of such Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes.

Reform of LIBOR and EURIBOR and other interest rate index and equity, commodity and foreign exchange rate index "benchmarks"

With regard to Floating Rate Notes linked to a benchmark, the London Interbank Offered Rate ("LIBOR"), the Euro Interbank Offered Rate ("EURIBOR") and other indices which are deemed "benchmarks" are the subject of recent national, international and other regulatory guidance and proposals for reform. Some of these reforms are already effective while others are still to be implemented. These reforms may cause such "benchmarks" to perform differently than in the past, or to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes linked to a "benchmark".

Key international reforms of "benchmarks" include the EU's Regulation (EU) 2016/1011 of the European Parliament and of the Council of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds and amending Directives 2008/48/EC and 2014/17/EU and Regulation (EU) No 596/2014 (the "EU Benchmarks Regulation") and Regulation (EU) No. 2016/1011 as it forms part of domestic law of the United Kingdom by virtue of the European Union (Withdrawal) Act 2018 (the "UK Benchmarks Regulation").

The EU Benchmarks Regulation and the UK Benchmarks Regulation could also have a material impact on any listed Notes linked to a "benchmark" index, including in the following circumstances: (i) an index which is a "benchmark" could not be used as such if its administrator does not obtain appropriate EU and/or UK authorisations (as applicable) or is based in a non-EU and/or non-UK jurisdiction (as applicable) which (subject to any applicable transitional provisions) does not have equivalent regulation. In such event, depending on the particular "benchmark" and the applicable terms of the Notes, the Notes could be delisted (if listed), adjusted, redeemed or otherwise impacted; and (ii) the methodology or other terms of the "benchmark" related to a series of Notes could be changed in order to comply with the terms of the EU Benchmarks Regulation or UK Benchmarks Regulation, and such changes could have the effect of reducing or increasing the rate or level of the "benchmark" or of affecting the volatility of the published rate or level, and could lead to adjustments to the terms of the Notes, including Calculation Agent determination of the rate or level in its discretion.

The Chief Executive of the United Kingdom Financial Conduct Authority (the “FCA”), which regulates LIBOR, released a statement on 5 March 2021 announcing the future cessation or loss of representativeness of the thirty-five LIBOR benchmark settings currently published by ICE Benchmark Administration, an authorised administrator, regulated and supervised by the FCA. Pursuant to the latest FCA statement, publication of (i) all euro LIBOR and Swiss franc LIBOR settings, the spot next, 1-week, 2-month and 12-month Japanese yen LIBOR settings, the overnight, 1-week, 2-month and 12-month sterling LIBOR settings, and the 1-week and 2-month US dollar LIBOR settings will cease immediately after 31 December 2021 and (ii) the overnight and 12-month US dollar LIBOR settings will cease immediately after 30 June 2023. In relation to the remaining LIBOR settings (that is, the 1-month, 3-month and 6-month sterling, US dollar and Japanese yen LIBOR settings), the FCA will consult or continue to consider the case for using its proposed powers to require IBA to continue publishing these settings on a ‘synthetic’ basis, though the 1-month, 3-month and 6-month Japanese yen LIBOR settings would cease permanently at the end of 2022. Nevertheless, the FCA confirmed that, even if it does require IBA to continue publishing any of these nine remaining LIBOR settings on a ‘synthetic’ basis, such settings will no longer be representative of the underlying market and the economic reality that such settings are intended to measure, and representativeness will not be restored. Therefore, after 31 December 2021 (or 30 June 2023 in relation to the overnight, 1-month, 3-month, 6-month and 12-month US dollar LIBOR settings) all LIBOR settings will either cease to be provided by any administrator or no longer be representative.

On 21 September 2017, the European Central Bank announced that it would be part of a new working group tasked with the identification and adoption of a “risk free overnight rate” which can serve as a basis for an alternative to current benchmarks used in a variety of financial instruments and contracts in the euro area.

Following the implementation of any such potential reforms, the manner of administration of benchmarks may change, with the result that they may perform differently than in the past, or the benchmark could be eliminated entirely, or there could be other consequences that cannot be predicted. The disappearance of a “benchmark” or changes in the manner of administration of a “benchmark” could require or result in adjustment to the interest calculation provisions of the Conditions or result in adverse consequences to holders of any securities linked to such benchmark (including but not limited to Floating Rate Notes whose interest rates are linked to LIBOR or any other such benchmark that is subject to reform). Furthermore, even prior to the implementation of any changes, uncertainty as to the nature of alternative reference rates and as to potential changes to such benchmark may adversely affect such benchmark during the term of the relevant Notes, the return on the relevant Notes and the trading market for securities based on the same benchmark. In addition, the provisions of the Conditions provide that in certain circumstances the ultimate fallback for the purposes of calculation of interest for a particular Interest Period may result in the rate of interest for the last preceding Interest Period being used. This may result in the effective application of a fixed rate for Floating Rate Notes based on the rate which was last observed on the Relevant Screen Page.

Any such consequences could have a material adverse effect on the value of and return on any such Notes. Moreover, any of the above matters or any other significant change to the setting or existence of any relevant reference rate could affect the ability of the Issuer to meet its obligations under the Floating Rate Notes or could have a material adverse effect on the value or liquidity of, and the amount payable under, the Floating Rate Notes. Investors should consider these matters when making their investment decision with respect to the relevant Floating Rate Notes. Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the EU Benchmarks Regulation reforms, investigations and licensing issues in making any investment decision with respect to the Notes linked to a “benchmark”.

The market continues to develop in relation to SONIA as a reference rate for Floating Rate Notes

With regard to Floating Rate Notes linked to SONIA (as defined below), on 29 November 2017, the Bank of England and the FCA announced that the Bank of England’s Working Group on Sterling Risk-Free Rates had been mandated with implementing a broad-based transition to the Sterling Overnight Index Average (“SONIA”) over the following four years across sterling bond, loan and derivatives markets, so that SONIA is established as the primary sterling interest rate benchmark by the end of 2021.

The use of Compounded Daily SONIA as a reference rate for Eurobonds continues to develop, both in terms of the substance of the calculation and in the development and adoption of market infrastructure for the issuance and trading of bonds referencing Compounded Daily SONIA.

Accordingly, Noteholders should be aware that the market continues to develop in relation to SONIA as a reference rate in the capital markets and its adoption as an alternative to LIBOR.

The market or a significant part thereof may adopt an application of SONIA that differs significantly from that set out in the Terms and Conditions as applicable to the Notes. Furthermore, the Issuer may in future issue Notes referencing SONIA that differ materially in terms of interest determination when compared with the Notes.

Furthermore, the Interest Rate is only capable of being determined at the end of the relevant Reference Period and immediately prior to the relevant Interest Payment Date. It may be difficult for Noteholders to estimate reliably the amount of interest which will be payable on the Notes, and some investors may be unable or unwilling to trade such Notes without changes to their IT systems, both of which factors could adversely impact the liquidity of the Notes. Further, in contrast to LIBOR-based Notes, if the Notes become due and payable as a result of an Event of Default under Condition 14 (*Events of Default*), or are otherwise redeemed early on a date which is not an Interest Payment Date, the final Interest Rate payable in respect of the Notes shall be determined by reference to a shortened period ending immediately prior to the date on which the Notes become due and payable.

In addition, the manner of adoption or application of SONIA reference rates in the Eurobond markets may differ materially compared with the application and adoption of SONIA in other markets, such as the derivatives and loan markets. Noteholders should carefully consider how any mismatch between the adoption of SONIA reference rates across these markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of Notes referencing Compounded Daily SONIA.

Bearer Notes where denominations involve integral multiples

In relation to any issue of Bearer Notes which have denominations consisting of a minimum Specified Denomination (as set out in the “*Terms and Conditions of the Bearer Notes*”) plus one or more higher integral multiples of another smaller amount, it is possible that such Bearer Notes may be traded in amounts that are not integral multiples of such minimum Specified Denominations. In such a case, a Noteholder who, as a result of trading such amounts, holds a nominal amount of less than the minimum Specified Denomination in its account with the relevant clearing system at the relevant time will not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a nominal amount of Notes such that it holds an amount equal to one or more Specified Denominations.

If definitive Notes are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

Conflicts of interest between the Calculation Agent and Noteholders

With regard to Notes issued where the Issuer has appointed a Calculation Agent, potential conflicts of interest may exist between the Calculation Agent (if any) and Noteholders (including where a Dealer acts as a calculation agent), including with respect to certain determinations and judgements that such Calculation Agent may make pursuant to the Conditions that may influence amounts receivable by the Noteholders during the term of the Notes and upon their redemption.

RISKS RELATING TO THE NOTES GENERALLY

Set out below is a brief description of certain risks relating to the Notes generally:

There is no active trading market for the Notes

Notes issued under the Programme will be new securities which may not be widely distributed and for which there is currently no active trading market (unless, in the case of any particular Tranche, such Tranche is to be consolidated with and form a single series with an outstanding Tranche). If the Notes are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of the Issuer. Although applications have been made for the Bearer Notes to be issued under the Programme to be admitted to listing on the Official List and trading on the regulated market of Euronext Dublin, application may be made for the Book-entry Notes issued under the Programme to be admitted to listing on the AIAF, and Bearer Notes may also be listed on another EU MiFID Regulated Market, there is no assurance that such applications will be accepted, that any

particular Tranche of Notes will be so admitted or that an active trading market will develop. Accordingly, there can be no assurance as to the development or liquidity of any trading market for any particular Tranche.

The Issuer is a Spanish company and, as such, is subject to Spanish insolvency law

The Notes will be issued by Colonial, a Spanish company. In the case of the insolvency of the Issuer, Spanish insolvency laws apply and investors may lose all or part of their investment in the Notes. In addition, such laws may differ from insolvency laws in other countries with which investors may be more familiar. See “*Spanish Insolvency Law*” for more information.

The market price of the Notes may be volatile

The market price of the Notes could be subject to significant fluctuations in response to actual or anticipated variations in the Group’s operating results, adverse business developments, changes to the regulatory environment in which the Group operates, changes in financial estimates by securities analysts and the actual or expected sale of a large number of Notes or other debt securities, as well as other factors. In addition, in recent years the global financial markets have experienced significant price and volume fluctuations which, if repeated in the future, could adversely affect the market price of the Notes without regard to the Group’s operating results, financial condition or prospects.

RISKS RELATING TO THE MARKET GENERALLY

Set out below is a brief description of certain market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

The secondary market generally

Notes may have no established trading market when issued and one may never develop. Even if a market does develop, it may not be liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

Exchange rate risks and exchange controls for investors

The Issuer will pay principal and interest on the Notes in the Specified Currency (as defined in the Conditions). This presents certain risks relating to currency conversions if an investor’s financial activities are denominated principally in a currency or currency unit (the “**Investor’s Currency**”) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor’s Currency) and the risk that authorities with jurisdiction over the Investor’s Currency may impose or modify exchange controls. An appreciation in the value of the Investor’s Currency relative to the Specified Currency would decrease (1) the Investor’s Currency equivalent yield on the Notes, (2) the Investor’s Currency equivalent value of the principal payable on the Notes and (3) the Investor’s Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

FINAL TERMS AND DRAWDOWN PROSPECTUSES

In this section the expression “necessary information” means, in relation to any Tranche of Notes, the necessary information which is material to an investor for making an informed assessment of the assets and liabilities, financial position, profits and losses and prospects of the Issuer and of the rights attaching to the Notes and the reasons for the issuance and its impact on the issuer. In relation to the different types of Notes which may be issued under the Programme the Issuer has included in this Base Prospectus all of the necessary information except for information relating to the Notes which is not known at the date of this Base Prospectus and which can only be determined at the time of an individual issue of a Tranche of Notes.

Any information relating to the Notes which is not included in this Base Prospectus and which is required in order to complete the necessary information in relation to a Tranche of Notes will be contained either in the relevant Final Terms or in a Drawdown Prospectus.

For a Tranche of Notes which is the subject of Final Terms, those Final Terms will, for the purposes of that Tranche only, complete this Base Prospectus and must be read in conjunction with this Base Prospectus. The terms and conditions applicable to any particular Tranche of Notes which is the subject of Final Terms are the Conditions described in the relevant Final Terms as supplemented to the extent described in the relevant Final Terms.

The terms and conditions applicable to any particular Tranche of Notes which is the subject of a Drawdown Prospectus will be the Conditions as supplemented, amended and/or replaced to the extent described in the relevant Drawdown Prospectus. In the case of a Tranche of Notes which is the subject of a Drawdown Prospectus, each reference in this Base Prospectus to information being specified or identified in the relevant Final Terms shall be read and construed as a reference to such information being specified or identified in the relevant Drawdown Prospectus unless the context requires otherwise.

Each Drawdown Prospectus will be constituted either (1) by a single document containing the necessary information relating to the Issuer and the relevant Notes or (2) by a registration document (the “**Registration Document**”) containing the necessary information relating to the Issuer, a securities note (the “**Securities Note**”) containing the necessary information relating to the relevant Notes and, if necessary, a summary note.

FORMS OF THE BEARER NOTES

Each Tranche of Bearer Notes will initially be in the form of either a temporary global note (the “**Temporary Global Note**”), without interest coupons, or a permanent global note (the “**Permanent Global Note**”), without interest coupons, in each case as specified in the relevant Final Terms. Each Temporary Global Note or, as the case may be, Permanent Global Note (each a “**Global Note**”) which is not intended to be issued in new global note (“**NGN**”) form, as specified in the relevant Final Terms, will be deposited on or around the issue date of the relevant Tranche of the Bearer Notes with a depository or a common depository for Euroclear Bank SA/NV as operator of the Euroclear System (“**Euroclear**”) and/or Clearstream Banking, S.A. (“**Clearstream, Luxembourg**”) and/or any other relevant clearing system and each Global Note which is intended to be issued in NGN form, as specified in the relevant Final Terms, will be deposited on or around the issue date of the relevant Tranche of the Bearer Notes with a common safekeeper for Euroclear and/or Clearstream, Luxembourg.

On 13 June 2006 the European Central Bank (the “**ECB**”) announced that Notes in NGN form are in compliance with the “Standards for the use of EU securities settlement systems in ESCB credit operations” of the central banking system for the euro (the “**Eurosystem**”), **provided that** certain other criteria are fulfilled. At the same time the ECB also announced that arrangements for Notes in NGN form will be offered by Euroclear and Clearstream, Luxembourg as of 30 June 2006 and that debt securities in global bearer form issued through Euroclear and Clearstream, Luxembourg after 31 December 2006 will only be eligible as collateral for Eurosystem operations if the NGN form is used.

The relevant Final Terms will also specify whether United States Treasury Regulation §1.163-5(c)(2)(i)(C) (the “**TEFRA C Rules**”) or United States Treasury Regulation §1.163-5(c)(2)(i)(D) (the “**TEFRA D Rules**”) are applicable in relation to the Bearer Notes or, if the Bearer Notes do not have a maturity of more than 365 days, that neither the TEFRA C Rules nor the TEFRA D Rules are applicable.

Temporary Global Note exchangeable for Permanent Global Notes

If the relevant Final Terms specifies the form of Bearer Notes as being “Temporary Global Note exchangeable for a Permanent Global Note”, then the Bearer Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for interests in a Permanent Global Note, without interest coupons, not earlier than 40 days after the issue date of the relevant Tranche of the Bearer Notes upon certification as to non-U.S. beneficial ownership. No payments will be made under the Temporary Global Note unless exchange for interests in the Permanent Global Note is improperly withheld or refused. In addition, interest payments in respect of the Bearer Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever any interest in the Temporary Global Note is to be exchanged for an interest in a Permanent Global Note, the Issuer shall procure (in the case of first exchange) the delivery of a Permanent Global Note to the bearer of the Temporary Global Note or (in the case of any subsequent exchange) an increase in the principal amount of the Permanent Global Note in accordance with its terms against:

- (i) presentation and (in the case of final exchange) presentation and surrender of the Temporary Global Note to or to the order of the Fiscal Agent; and
- (ii) receipt by the Fiscal Agent of a certificate or certificates of non-U.S. beneficial ownership.

The principal amount of Bearer Notes represented by the Permanent Global Note shall be equal to the aggregate of the principal amounts specified in the certificates of non-U.S. beneficial ownership provided, however, that in no circumstances shall the principal amount of Bearer Notes represented by the Permanent Global Note exceed the initial principal amount of Bearer Notes represented by the Temporary Global Note.

If:

- (a) the Permanent Global Note has not been delivered or the principal amount thereof increased by 5.00 p.m. (London time) on the seventh day after the bearer of the Temporary Global Note has requested exchange of an interest in the Temporary Global Note for an interest in a Permanent Global Note; or

- (b) the Temporary Global Note (or any part thereof) has become due and payable in accordance with the Terms and Conditions of the Bearer Notes or the date for final redemption of the Temporary Global Note has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer of the Temporary Global Note in accordance with the terms of the Temporary Global Note on the due date for payment,

then the Temporary Global Note (including the obligation to deliver a Permanent Global Note) will become void at 5.00 p.m. (London time) on such seventh day (in the case of (a) above) or at 5.00 p.m. (London time) on such due date (in the case of (b) above) and the bearer of the Temporary Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Temporary Global Note or others may have under the deed of covenant entered into by the Issuer in relation to the Bearer Notes on or around the date of this Base Prospectus (the “**Deed of Covenant**”)).

The Permanent Global Note will become exchangeable, in whole but not in part only and at the request of the bearer of the Permanent Global Note, for Bearer Notes in definitive form (“**Definitive Notes**”):

- (a) on the expiry of such period of notice as may be specified in the Final Terms; or
- (b) at any time, if so specified in the Final Terms; or
- (c) if the Final Terms specifies “in the limited circumstances described in the Permanent Global Note”, then if either of the following events occurs:
 - (i) Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business; or
 - (ii) any of the circumstances described in Condition 14 (*Events of Default*) occurs.

Whenever the Permanent Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the Final Terms), in an aggregate principal amount equal to the principal amount of Bearer Notes represented by the Permanent Global Note to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note to or to the order of the Fiscal Agent within 30 days of the bearer requesting such exchange.

If:

- (a) Definitive Notes have not been duly delivered by 5.00 p.m. (London time) on the thirtieth day after the bearer has requested exchange of the Permanent Global Note for Definitive Notes; or
- (b) the Permanent Global Note was originally issued in exchange for part only of a Temporary Global Note representing the Bearer Notes and such Temporary Global Note becomes void in accordance with its terms; or
- (c) the Permanent Global Note (or any part thereof) has become due and payable in accordance with the Terms and Conditions of the Bearer Notes or the date for final redemption of the Permanent Global Note has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer in accordance with the terms of the Permanent Global Note on the due date for payment,

then the Permanent Global Note (including the obligation to deliver Definitive Notes) will become void at 5.00 p.m. (London time) on such thirtieth day (in the case of (a) above) or at 5.00 p.m. (London time) on the date on which such Temporary Global Note becomes void (in the case of (b) above) or at 5.00 p.m. (London time) on such due date ((c) above) and the bearer of the Permanent Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Permanent Global Note or others may have under the Deed of Covenant).

Temporary Global Note exchangeable for Definitive Notes

If the relevant Final Terms specifies the form of Bearer Notes as being “Temporary Global Note exchangeable for Definitive Notes” and also specifies that the TEFRA C Rules are applicable or that neither the TEFRA C Rules or the TEFRA D Rules are applicable, then the Bearer Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole but not in part, for Definitive Notes not earlier than 40 days after the issue date of the relevant Tranche of the Bearer Notes.

If the relevant Final Terms specifies the form of Bearer Notes as being “Temporary Global Note exchangeable for Definitive Notes” and also specifies that the TEFRA D Rules are applicable, then the Bearer Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for Definitive Notes not earlier than 40 days after the issue date of the relevant Tranche of the Bearer Notes upon certification as to non-U.S. beneficial ownership. Interest payments in respect of the Bearer Notes cannot be collected without such certification of non-U.S. beneficial ownership.

(N.B. In relation to any issue of Bearer Notes which are expressed to be represented by a Temporary Global Note exchangeable for Definitive Notes in accordance with this option, such notes may only be issued in denominations equal to, or greater than €100,000 (or equivalent) and integral multiples thereof.)

Whenever the Temporary Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Temporary Global Note to the bearer of the Temporary Global Note against the surrender of the Temporary Global Note to or to the order of the Fiscal Agent within 30 days of the bearer requesting such exchange.

If:

- (a) Definitive Notes have not been duly delivered by 5.00 p.m. (London time) on the thirtieth day after the bearer has requested exchange of the Temporary Global Note for Definitive Notes; or
- (b) the Temporary Global Note (or any part thereof) has become due and payable in accordance with the Terms and Conditions of the Bearer Notes or the date for final redemption of the Temporary Global Note has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer in accordance with the terms of the Temporary Global Note on the due date for payment,

then the Temporary Global Note (including the obligation to deliver Definitive Notes) will become void at 5.00 p.m. (London time) on such thirtieth day (in the case of (a) above) or at 5.00 p.m. (London time) on such due date (in the case of (b) above) and the bearer of the Temporary Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Temporary Global Note or others may have under the Deed of Covenant).

Permanent Global Note exchangeable for Definitive Notes

If the relevant Final Terms specifies the form of Bearer Notes as being “Permanent Global Note exchangeable for Definitive Notes”, then the Bearer Notes will initially be in the form of a Permanent Global Note which will be exchangeable in whole, but not in part, for Definitive Notes if either of the following events occurs:

- (a) Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business; or
- (b) any of the circumstances described in Condition 14 (*Events of Default*) occurs.

(N.B. In relation to any issue of Bearer Notes which are expressed to be represented by a Permanent Global Note exchangeable for Definitive Notes in accordance with this option, such notes may only be issued in denominations

equal to, or greater than €100,000 (or equivalent) and integral multiples thereof.)

Whenever the Permanent Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the Final Terms), in an aggregate principal amount equal to the principal amount of Bearer Notes represented by the Permanent Global Note to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note to or to the order of the Fiscal Agent within 30 days of the bearer requesting such exchange.

If:

- (a) Definitive Notes have not been duly delivered by 5.00 p.m. (London time) on the thirtieth day after the bearer has requested exchange of the Permanent Global Note for Definitive Notes; or

 - (A) there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in Condition 8(c)(vi)(iv)) subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Bearer Notes (subject to the operation of this Condition 8(c)(vi)); or
 - (A) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate shall (subject to adjustment as provided in Condition 8(c)(vi)(iv)) subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Bearer Notes (subject to the operation of this Condition 8(c)(vi)).
- (iv) If the Independent Adviser, acting in a commercially reasonable manner and in good faith, determines (i) that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) and (ii) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Rate (as the case may be).
- (v) If any Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this Condition 8(c)(vi) and the Independent Adviser, acting in a commercially reasonable manner and in good faith, determines (i) that amendments to these Bearer Conditions and/or the Agency Agreement are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread (such amendments, the “**Benchmark Amendments**”) and (ii) the terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 8(c)(vi)(vi), without any requirement for the consent or approval of Noteholders, vary these Bearer Conditions and/or the Agency Agreement to give effect to such Benchmark Amendments (*provided that* the Benchmark Amendments do not, without the prior agreement of the Fiscal Agent, the Calculation Agent, each Paying Agent as applicable, have the effect of increasing the obligations or duties, or decreasing the rights or protections, of the Fiscal Agent, each Paying Agent or the Calculation Agent under these Bearer Conditions and/or the Agency Agreement) with effect from the date specified in such notice.
- (vi) Any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments, determined under this Condition 8(c)(vi) will be notified promptly by the Issuer to the Fiscal Agent, the Calculation Agent, the Paying Agents and, in accordance with Condition 19 (*Notices*), the Noteholders. Such notice shall be irrevocable and shall specify the effective date (which shall not be less than five Business Days prior to the next Interest Determination Date) of the Benchmark Amendments, if any.

- (vii) No later than notifying the Fiscal Agent of the same, the Issuer shall deliver to the Fiscal Agent a certificate signed by two authorised signatories of the Issuer:
- (A) confirming (x) that a Benchmark Event has occurred, (y) the relevant Successor Rate, or, as the case may be, the relevant Alternative Rate and, (z) where applicable, any relevant Adjustment Spread and/or the specific terms of any relevant Benchmark Amendments, in each case as determined in accordance with the provisions of this Condition 8(vi); and
 - (B) certifying that the relevant Benchmark Amendments are necessary to ensure the proper operation of such relevant Successor Rate, Alternative Rate and/or Adjustment Spread.
- (viii) The Successor Rate or Alternative Rate and the Adjustment Spread and the Benchmark Amendments (if any) specified in such certificate will (in the absence of manifest error or bad faith in the determination of such Successor Rate or Alternative Rate and such Adjustment Spread and such Benchmark Amendments (if any)) be binding on the Issuer, the Fiscal Agent, the Calculation Agent, the Paying Agents and the Noteholders.
- (ix) Without prejudice to Conditions 8(c)(vi)(i) to 8(c)(vi)(v), the Original Reference Rate and the other fallback provisions provided for in Condition 8(c) will continue to apply unless and until a Benchmark Event has occurred.
- (x) Notwithstanding any other provision of this Condition 8, if in the Fiscal Agent or, as the case may be, Calculation Agent's opinion there is, following determination and notification to such party of any Successor Rate, Alternative Rate, Adjustment Spread and/or any Benchmark Amendments, any uncertainty between two or more alternative courses of action in making any determination or calculation under this Condition 8, the Fiscal Agent or, as the case may be, Calculation Agent shall promptly notify the Issuer thereof and the Issuer, having first consulted with the Independent Adviser, shall direct the Fiscal Agent or, as the case may be, Calculation Agent in writing as to which alternative course of action to adopt. If the Fiscal Agent or, as the case may be, Calculation Agent is not promptly provided with such direction, or is otherwise unable to make such calculation or determination for any reason, it shall notify the Issuer thereof and the Fiscal Agent or, as the case may be, Calculation Agent shall be under no obligation to make such calculation or determination and shall not incur any liability for not doing so.
- (xi) *Definitions:*
- As used in this Condition 8(c)(vii):
- “Adjustment Spread”** means either a spread (which may be positive or negative), or the formula or methodology for calculating a spread, in either case, which the Independent Adviser, acting in a commercially reasonable manner and in good faith, determines is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Noteholders and Couponholders as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate (as the case may be) and is the spread, formula or methodology which:
- (A) in the case of a Successor Rate, is formally recommended in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body; or
 - (B) (if no such recommendation has been made, or in the case of an Alternative Rate) the Independent Adviser, acting in a commercially reasonable manner and in good faith, determines, is customarily applied to the relevant Successor Rate or Alternative Rate (as the case may be) in international debt markets transactions to produce an industry-accepted replacement rate for the Original Reference Rate; or
 - (C) (if no such determination has been made) the Independent Adviser, acting in a commercially reasonable manner and in good faith, determines, is recognised or acknowledged as being the industry standard for over-the-counter derivative transactions

which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be); or

- (D) (if the Independent Adviser, acting in a commercially reasonable manner and in good faith, determines that no such industry standard is recognised or acknowledged), the Independent Adviser in its discretion, acting in a commercially reasonable manner and in good faith, determines to be appropriate.

“Alternative Rate” means an alternative benchmark or screen rate which the Independent Adviser, acting in a commercially reasonable manner and in good faith, determines in accordance with Condition 8(c)(vi)(iii) has replaced the Original Reference Rate in customary market usage in the international debt capital markets for the purposes of determining rates of interest (or the relevant component part thereof) for the same interest period and in the same Specified Currency as the Notes.

“Benchmark Amendments” has the meaning given to it in Condition 8(c)(vi)(v).

“Benchmark Event” means:

- (A) the Original Reference Rate ceasing to be published for a period of at least 5 Business Days or ceasing to exist; or
- (B) a public statement by the administrator of the Original Reference Rate that it will, by a specified date within the following six months, cease publishing the Original Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the Original Reference Rate); or
- (C) a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate has been or will, by a specified date within the following six months, be permanently or indefinitely discontinued; or
- (D) a public statement by the supervisor of the administrator of the Original Reference Rate that means the Original Reference Rate will be prohibited from being used or that its use will be subject to restrictions or adverse consequences, in each case within the following six months; or
- (E) a public statement by the supervisor of the administrator of the Original Reference Rate that, in the view of such supervisor, such Original Reference Rate is no longer representative of an underlying market; or
- (F) it has become unlawful for any Calculation Agent or the Issuer to calculate any payments due to be made to any Noteholder using the Original Reference Rate.

“Independent Adviser” means an independent financial institution of international repute or an independent financial adviser with appropriate expertise in international debt capital markets appointed by the Issuer under Condition 8(c)(vi)(i).

“Original Reference Rate” means the originally-specified benchmark or screen rate (as applicable) used to determine the Rate of Interest (or any component part thereof) on the Bearer Notes.

“Relevant Nominating Body” means, in respect of a benchmark or screen rate (as applicable):

- (A) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable); or
- (B) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (1) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, (2) any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable), (3) a group of the aforementioned central banks or other supervisory authorities or (4) the Financial Stability Board or any part thereof.

“**Successor Rate**” means a successor to or replacement of the Original Reference Rate which is formally recommended by any Relevant Nominating Body.

- (d) *ISDA Determination*: If ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Bearer Notes for each Interest Period will be the sum of the Margin and the relevant ISDA Rate where “ISDA Rate” in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:
- (i) the Floating Rate Option (as defined in the ISDA Definitions) is as specified in the relevant Final Terms;
 - (ii) the Designated Maturity (as defined in the ISDA Definitions) is a period specified in the relevant Final Terms;
 - (iii) the relevant Reset Date (as defined in the ISDA Definitions) is either (A) if the relevant Floating Rate Option is based on the London inter-bank offered rate (LIBOR) for a currency, the first day of that Interest Period or (B) in any other case, as specified in the relevant Final Terms; and
 - (iv) if Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight-line linear interpolation by reference to two rates based on the relevant Floating Rate Option, where:
 - (A) one rate shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period; and
 - (B) the other rate shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period
- provided, however, that* if there is no rate available for a period of time next shorter than the length of the relevant Interest Period or, as the case may be, next longer than the length of the relevant Interest Period, then the Rate of Interest applicable to the next succeeding Interest Period shall be equal to the Rate of Interest last determined in relation to the Bearer Notes in respect of the preceding Interest Period (or alternatively if there has not been a first Interest Payment Date, the rate of interest shall be the initial Rate of Interest (subject, where applicable, to substituting the Margin that applied to such preceding Interest Period for the Margin that is to be applied to the relevant Interest Period).
- (e) *Maximum or Minimum Rate of Interest*: If any Maximum Rate of Interest or Minimum Rate of Interest is specified in the relevant Final Terms, then the Rate of Interest shall in no event be greater than the maximum or be less than the minimum so specified.
- (f) *Calculation of Interest Amount*: The Calculation Agent will, as soon as practicable after the time at which the Rate of Interest is to be determined in relation to each Interest Period, calculate the Interest Amount payable in respect of each Bearer Note for such Interest Period. The Interest Amount will be calculated by applying the Rate of Interest for such Interest Period to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of the relevant Bearer Note divided by the Calculation Amount. For this purpose a “**sub-unit**” means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.
- (g) *Publication*: The Calculation Agent will cause each Rate of Interest and Interest Amount determined by it, together with the relevant Interest Payment Date, and any other amount(s) required to be determined by it

together with any relevant payment date(s) to be notified to the Paying Agents and each competent authority, stock exchange and/or quotation system (if any) by which the Bearer Notes have then been admitted to listing, trading and/or quotation as soon as practicable after such determination but (in the case of each Rate of Interest, Interest Amount and Interest Payment Date) in any event not later than the first day of the relevant Interest Period. Notice thereof shall also promptly be given to the Noteholders. The Calculation Agent will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) without notice in the event of an extension or shortening of the relevant Interest Period. If the Calculation Amount is less than the minimum Specified Denomination the Calculation Agent shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Bearer Note having the minimum Specified Denomination.

- (h) *Notifications etc.:* All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 8 by the Calculation Agent will (in the absence of manifest error) be binding on the Issuer, the Paying Agents, the Noteholders and the Couponholders and (subject as aforesaid) no liability to any such Person will attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.

8A. Floating Rate Notes referencing SONIA

- (a) This Condition 8A is applicable to the Notes only if the Floating Rate Note Provisions are specified in the relevant Final Terms as being applicable and the “Reference Rate” is specified in the relevant Final Terms as being “SONIA”.
- (b) Where “SONIA” is specified as the Reference Rate in the Final Terms, the Rate of Interest for each Interest Period will, subject as provided below, be Compounded Daily SONIA plus or minus (as specified in the relevant Final Terms) the Margin, all as determined by the Calculation Agent.

For the purposes of this Condition 8A:

“**Compounded Daily SONIA**”, with respect to an Interest Period, will be calculated by the Calculation Agent on the Interest Determination Date in accordance with the following formula, and the resulting percentage will be rounded, if necessary, to the fourth decimal place, with 0.00005 being rounded upwards:

$$\left[\prod_{i=1}^{d_o} \left(1 + \frac{SONIA_{i-pLBD} \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

“**d**” means, for any Interest Period, the number of calendar days in such Interest Period;

“**do**” means, for any Interest Period, the number of London Banking Days in such Interest Period;

“**i**” means, for any Interest Period, a series of whole numbers from one to do, each representing the relevant London Banking Day in chronological order from, and including, the first London Banking Day in such Interest Period to, and including, the last London Banking Day in such Interest Period;

“**Interest Determination Date**” means, in respect of any Interest Period, the date falling “p” London Banking Days prior to the Interest Payment Date for such Interest Period (or the date falling “p” London Banking Days prior to such earlier date, if any, on which the Notes are due and payable);

“**London Banking Day**” or “**LBD**” means any day on which commercial banks are open for general business (including dealing in foreign exchange and foreign currency deposits) in London;

“**ni**” for any London Banking Day “i”, the number of calendar days from, and including, such London Banking Day “i” up to, but excluding, the following London Banking Day;

“p” for any Interest Period, means the number of London Banking Days specified in the relevant Final Terms provided that “p” shall not be less than three London Banking Days at any time and shall not be less than five London Banking Days without prior written approval of the Calculation Agent;

“**Reference Period**” means, in respect of an Interest Period, the period from, and including, the date falling “p” London Banking Days prior to the first day of such Interest Period (and the first Interest Period shall begin on and include the Interest Commencement Date) and ending on, but excluding, the date which is “p” London Banking Days prior to the Interest Payment Date for such Interest Period (or the date falling “p” London Banking Days prior to such earlier date, if any, on which the Notes become due and payable);

“**SONIA Reference Rate**” means, in respect of any London Banking Day, a reference rate equal to the daily Sterling Overnight Index Average (“**SONIA**”) rate for such London Banking Day as provided by the administrator of SONIA to authorised distributors and as then published on the Relevant Screen Page (or if the Relevant Screen Page is unavailable, as otherwise is published by such authorised distributors) on the London Banking Day immediately following such London Banking Day; and

“**SONIA_{i-pLBD}**” means, in respect of any London Banking Day “i” falling in the relevant Interest Period, the SONIA Reference Rate for the London Banking Day falling “p” London Banking Days prior to the relevant London Banking Day “i”.

For the avoidance of doubt, the formula for the calculation of Compounded Daily SONIA only compounds the SONIA Reference Rate in respect of any London Banking Day. The SONIA Reference Rate applied to a day that is a non-London Banking Day will be taken by applying the SONIA Reference Rate for the previous London Banking Day but without compounding.

If, in respect of any London Banking Day in the relevant Reference Period, the Calculation Agent determines that the SONIA Reference Rate is not available on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors, such SONIA Reference Rate shall be:

- (a) (i) the Bank of England’s Bank Rate (the “**Bank Rate**”) prevailing at close of business on the relevant London Banking Day; plus (ii) the mean of the spread of the SONIA Reference Rate to the Bank Rate over the previous five London Banking Days on which a SONIA Reference Rate has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads) to the Bank Rate; or
- (b) if the Bank Rate is not published by the Bank of England at close of business on the relevant London Banking Day, the SONIA Reference Rate published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors) for the first preceding London Banking Day on which the SONIA Reference Rate was published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors).

If the Interest Rate cannot be determined in accordance with the foregoing provisions of this Condition 8A, the Interest Rate shall be (A) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period, in place of the Margin relating to that last preceding Interest Period) or (B) if there is no such preceding Interest Determination Date, the initial Interest Rate which would have been applicable to the Notes for the first Interest Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin applicable to the first Interest Period).

If the Notes become due and payable in accordance with Condition 13 (*Events of Default*), the final Interest Determination Date shall, notwithstanding the definition specified above, be deemed to be the date on which the Notes became due and payable and the Interest Rate on the Notes shall, for so long as the Notes remain outstanding, be the rate determined on such date.

9. **Zero Coupon Note Provisions**

- (a) *Application:* This Condition 9 (*Zero Coupon Note Provisions*) is applicable to the Bearer Notes only if the Zero Coupon Note Provisions are specified in the relevant Final Terms as being applicable.
- (b) *Late payment on Zero Coupon Notes:* If the Redemption Amount payable in respect of any Zero Coupon Note is improperly withheld or refused, the Redemption Amount shall thereafter be an amount equal to the sum of:
 - (i) the Reference Price; and
 - (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price on the basis of the relevant Day Count Fraction from (and including) the Issue Date to (but excluding) whichever is the earlier of (i) the day on which all sums due in respect of such Bearer Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).

10. **Redemption and Purchase**

- (a) *Scheduled redemption:* Unless previously redeemed, or purchased and cancelled, the Bearer Notes will be redeemed at their Final Redemption Amount on the Maturity Date, subject as provided in Condition 11 (*Payments*).
- (b) *Redemption for tax reasons:* The Bearer Notes may be redeemed at the option of the Issuer in whole, but not in part:
 - (i) at any time (if the Floating Rate Note Provisions are not specified in the relevant Final Terms as being applicable); or
 - (ii) on any Interest Payment Date (if the Floating Rate Note Provisions are specified in the relevant Final Terms as being applicable),

on giving not less than 30 nor more than 60 days' notice to the Noteholders, or such other period(s) as may be specified in the relevant Final Terms, (which notice shall be irrevocable), at their Early Redemption Amount (Tax), together with interest accrued (if any) to the date fixed for redemption, if:

- (A) the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 12 (*Taxation*) as a result of any change in, or amendment to, the laws or regulations of the Kingdom of Spain or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations (including a holding by a court of competent jurisdiction), which change or amendment becomes effective on or after the date of issue of the first Tranche of the Bearer Notes; and
- (B) such obligation cannot be avoided by the Issuer taking reasonable measures available to it,

provided, however, that no such notice of redemption shall be given earlier than:

- (1) where the Bearer Notes may be redeemed at any time, 90 days (or such other period as may be specified in the relevant Final Terms) prior to the earliest date on which the Issuer would be obliged to pay such additional amounts if a payment in respect of the Bearer Notes were then due; or
- (2) where the Bearer Notes may be redeemed only on an Interest Payment Date, 60

days (or such other period as may be specified in the relevant Final Terms) prior to the Interest Payment Date occurring immediately before the earliest date on which the Issuer would be obliged to pay such additional amounts if a payment in respect of the Bearer Notes were then due.

Prior to the publication of any notice of redemption pursuant to this paragraph, the Issuer shall deliver to the Fiscal Agent (A) a certificate signed by two directors of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred of and (B) an opinion of independent legal advisers of recognised standing to the effect that the Issuer has or will become obliged to pay such additional amounts as a result of such change or amendment. Upon the expiry of any such notice as is referred to in this Condition 10(b), the Issuer shall be bound to redeem the Bearer Notes in accordance with this Condition 10(b).

- (c) *Redemption at the option of the Issuer:* If the Call Option is specified in the relevant Final Terms as being applicable, the Bearer Notes may be redeemed at the option of the Issuer in whole or, if so specified in the relevant Final Terms, in part on any Optional Redemption Date (Call) at the relevant Optional Redemption Amount (Call) on the Issuer's giving not less than 30 nor more than 60 days' notice to the Noteholders, or such other period(s) as may be specified in the relevant Final Terms (which notice shall be irrevocable and shall oblige the Issuer to redeem the Bearer Notes or, as the case may be, the Bearer Notes specified in such notice on the relevant Optional Redemption Date (Call) at the Optional Redemption Amount (Call) plus accrued interest (if any) to such date).

The Optional Redemption Amount (Call) will either be the specified percentage of the nominal amount of the Bearer Notes stated in the applicable Final Terms or, if Make Whole Amount is specified in the applicable Final Terms, will be the higher of (a) 100 per cent. of the principal amount outstanding of the Bearer Notes to be redeemed; and (b) the sum of the present values of the principal amount outstanding of the Bearer Notes to be redeemed and the Remaining Term Interest on such Bearer Notes (exclusive of interest accrued to the date of redemption) discounted to the date of redemption on an annual basis at (i) the Reference Bond Rate plus the Redemption Margin; or (ii) the Discount Rate, in each case as may be specified in the applicable Final Terms. If the Make Whole Exemption Period is specified as applicable and the Issuer gives notice to redeem the Bearer Notes during the Make Whole Exemption Period, the Optional Redemption Amount will be 100 per cent. of the principal amount outstanding of the Bearer Notes to be redeemed.

- (d) *Residual maturity call option:* If the Residual Maturity Call Option is specified in the relevant Final Terms as being applicable, the Issuer may, on giving not less than 30 nor more than 60 days' irrevocable notice to the Noteholders (which notice shall specify the date fixed for redemption), redeem all (but not some only) of the outstanding Bearer Notes comprising the relevant Series at their principal amount together with interest accrued to, but excluding, the date fixed for redemption, which shall be no earlier than (i) three months before the Maturity Date in respect of Bearer Notes having a maturity of not more than ten years or (ii) six months before the Maturity Date in respect of Bearer Notes having a maturity of more than ten years, unless otherwise specified in the relevant Final Terms.

For the purpose of the preceding paragraph, the maturity of not more than ten years or the maturity of more than ten years shall be determined as from the Issue Date of the first Tranche of the relevant Series of Bearer Notes.

All Bearer Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition 10(d).

- (e) *Substantial Purchase Event:* If a Substantial Purchase Event is specified in the relevant Final Terms as being applicable and a Substantial Purchase Event has occurred and is continuing, then the Issuer may, subject to having given not less than 30 nor more than 60 days' irrevocable notice to the Noteholders, redeem the Bearer Notes comprising the relevant Series in whole, but not in part, in accordance with these Bearer Conditions at any time, in each case at their principal amount, together with any accrued and unpaid interest up to (but excluding) the date of redemption.

All Bearer Notes in respect of which any such notice is given shall be redeemed on the date specified in

such notice in accordance with this Condition 10(e).

- (f) *Partial redemption*: in compliance with the requirements of the principal securities exchange, if any, on which that series of Bearer Notes are listed, and in compliance with the requirements of Euroclear or Clearstream, or if the Bearer Notes are not so listed or such exchange prescribes no method of selection and the Bearer Notes are not held through Euroclear or Clearstream, Luxembourg or Euroclear or Clearstream, Luxembourg prescribes no method of selection, on a pro rata basis by use of a pool factor; provided, however, that no Definitive Note of €100,000 in aggregate principal amount or less shall be redeemed in part and only Bearer Notes in integral multiples of €1,000 will be redeemed. The Fiscal Agent will not be liable for any selections made in accordance with this paragraph.
- (g) *Redemption at the option of Noteholders*: If the Put Option is specified in the relevant Final Terms as being applicable, the Issuer shall, at the option of the holder of any Bearer Note redeem such Bearer Note on the Optional Redemption Date (Put) specified in the relevant Put Option Notice at the relevant Optional Redemption Amount (Put) together with interest (if any) accrued to such date. In order to exercise the option contained in this Condition 10(g), the holder of a Bearer Note must, not less than 30 nor more than 60 days before the relevant Optional Redemption Date (Put) (or such other period(s) as may be specified in the relevant Final Terms), deposit with any Paying Agent such Bearer Note together with all unmatured Coupons relating thereto and a duly completed Put Option Notice in the form obtainable from any Paying Agent. The Paying Agent with which a Bearer Note is so deposited shall deliver a duly completed Put Option Receipt to the depositing Noteholder. No Bearer Note, once deposited with a duly completed Put Option Notice in accordance with this Condition 10(g), may be withdrawn; **provided, however, that** if, prior to the relevant Optional Redemption Date (Put), any such Bearer Note becomes immediately due and payable or, upon due presentation of any such Bearer Note on the relevant Optional Redemption Date (Put), payment of the redemption moneys is improperly withheld or refused, the relevant Paying Agent shall mail notification thereof to the depositing Noteholder at such address as may have been given by such Noteholder in the relevant Put Option Notice and shall hold such Bearer Note at its Specified Office for collection by the depositing Noteholder against surrender of the relevant Put Option Receipt. For so long as any outstanding Bearer Note is held by a Paying Agent in accordance with this Condition 10(g), the depositor of such Bearer Note and not such Paying Agent shall be deemed to be the holder of such Bearer Note for all purposes.
- (h) *Redemption at the option of the Noteholders (Change of control of the Issuer)*: If Put Event is specified in the relevant Final Terms as being applicable, a “**Put Event**” will be deemed to occur if:
 - (i)
 - (A) any person or any persons acting in concert acquire Control of the Issuer (a “**Change of control of the Issuer**”); and
 - (B) on the date (the “**Relevant Date**”) that is the earlier of (a) the date of the first public announcement of the relevant Change of Control of the Issuer and (b) the date of the earliest Relevant Potential Change of Control Announcement (if any), the Bearer Notes carry:
 - (1) an Investment Grade Rating from any Rating Agency whether provided by such Rating Agency at the invitation of the Issuer or by its own volition and such rating is, within the Change of Control Period, either downgraded to a Non-Investment Grade Rating or withdrawn and is not, within the Change of Control Period, subsequently (in the case of a downgrade) upgraded to an Investment Grade Rating by such Rating Agency; or
 - (2) a Non-Investment Grade Rating from any Rating Agency whether provided by such Rating Agency at the invitation of the Issuer or by its own volition and such rating is, within the Change of Control Period, either downgraded by one or more rating categories (from Baa1 to Baa2 or such similar lowering) or withdrawn and is not, within the Change of Control Period, subsequently (in the case of a downgrade) upgraded to its earlier credit rating or better by such Rating Agency;

or

- (3) no credit rating and a Negative Rating Event also occurs within the Change of Control Period,

provided that if upon the expiration of the Change of Control Period the Issuer has at least one Investment Grade Rating then sub-paragraphs (B)(1) and (B)(2) will not apply; and

- (C) in making any decision to downgrade or withdraw a credit rating pursuant to paragraphs (B)(1) and (B)(2) above or not to award at least an Investment Grade Rating as described in paragraph (ii) of the definition of Negative Rating Event, the relevant Rating Agency announces publicly or confirms in writing to the Issuer that such decision(s) resulted, in whole or in part, from the occurrence of the Change of Control of the Issuer or the Relevant Potential Change of Control Announcement; and/or
- (ii) the Issuer ceases:
- (A) to hold or control, directly or indirectly, acting alone or in concert with others, more than 50 per cent. of the Voting Rights of SFL; or
- (B) to have the right, acting alone or in concert with others, to appoint and/or remove all or the majority of the members of the SFL's Board of Directors or other governing body, whether obtained directly or indirectly, and whether obtained by ownership of share capital, the possession of Voting Rights, contract or otherwise,

(in each case, a "**Change of Control of SFL**").

If a Put Event occurs, the holder of each Bearer Note will have the option (a "**Put Option**") (unless prior to the giving of the relevant Put Event Notice (as defined below) the Issuer has given notice of redemption under Condition 10(b), 10(c) or 10(d) to require the Issuer to redeem or, at the Issuer's option, purchase (or procure the purchase of) such Bearer Note on the Put Date (as defined below) at its principal amount together with interest accrued to (but excluding) the Put Date.

Promptly upon the Issuer becoming aware that a Put Event has occurred the Issuer shall without delay give notice (a "**Put Event Notice**") to the Noteholders in accordance with Condition 19 (*Notices*) specifying the nature of the Put Event, the procedure for exercising the Put Option and the date on which the Put Period will end.

To exercise the Put Option, the holder of a Bearer Note must deliver such Bearer Note to the Specified Office of any Paying Agent at any time during normal business hours of such Paying Agent falling within the period (the "**Put Period**") of 30 days after a Put Event Notice is given, accompanied by a duly signed and completed notice of exercise in the form (for the time being current) obtainable from the Specified Office of any Paying Agent (a "**Put Notice**"). The Bearer Note should be delivered together with all Coupons appertaining thereto maturing after the date which is seven days after the expiration of the Put Period (the "**Put Date**"), failing which the Paying Agent will require payment from or on behalf of the Noteholder of an amount equal to the face value of any missing such Coupon. Any amount so paid will be reimbursed to the Noteholder against presentation and surrender of the relevant missing Coupon (or any replacement thereof issued pursuant to Condition 15 (*Replacement of Notes and Coupons*)) at any time after such payment, but before the expiry of the period of five years from the date on which such Coupon would have become due, but not thereafter. The Paying Agent to which such Bearer Note and Put Notice are delivered will issue to the Noteholder concerned a non-transferable receipt in respect of the Bearer Note so delivered. Payment in respect of any Bearer Note so delivered will be made, if the holder duly specified a bank account in the Put Notice to which payment is to be made, on the Put Date by transfer to that bank account and, in every other case, on or after the Put Date against presentation and surrender or (as the case may be) endorsement of such receipt at the Specified Office of any Paying Agent. A Put Notice, once given, shall be irrevocable. For the purposes of these Bearer Conditions, receipts issued pursuant to Condition 19 (*Notices*) shall be treated as if they were Bearer Notes. The Issuer shall redeem or purchase (or procure the purchase of) the relevant Bearer Notes on the Put Date unless previously

redeemed (or purchased) and cancelled.

If 85 per cent. or more in principal amount of the Bearer Notes then outstanding have been redeemed or purchased pursuant to this Condition 10(h), the Issuer may, on giving not less than 30 nor more than 60 days' notice to the Noteholders (such notice being given within 30 days after the Put Date), redeem or purchase (or procure the purchase of), at its option, all but not some only of the remaining outstanding Bearer Notes at their principal amount, together with interest accrued to (but excluding) the date fixed for such redemption or purchase.

If the rating designations employed by any of Moody's, Fitch or Standard & Poor's are changed from those which are described in paragraph (i)(B) of the definition of "Put Event" above, the Issuer shall determine the rating designations of Moody's, Fitch or Standard & Poor's (as appropriate) as are most equivalent to the prior rating designations of Moody's, Fitch or Standard & Poor's and this Condition 10(f) shall be construed accordingly.

- (i) *No other redemption:* The Issuer shall not be entitled to redeem the Bearer Notes otherwise than as provided in paragraphs (a) to (h) above.
- (j) *Early redemption of Zero Coupon Notes:* Unless otherwise specified in the relevant Final Terms, the Redemption Amount payable on redemption of a Zero Coupon Note at any time before the Maturity Date shall be an amount equal to the sum of:
 - (i) the Reference Price; and
 - (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price from (and including) the Issue Date to (but excluding) the date fixed for redemption or (as the case may be) the date upon which the Bearer Note becomes due and payable.

Where such calculation is to be made for a period which is not a whole number of years, the calculation in respect of the period of less than a full year shall be made on the basis of such Day Count Fraction as may be specified in the Final Terms for the purposes of this Condition 10(j) or, if none is so specified, a Day Count Fraction of 30E/360.

- (k) *Purchase:* The Issuer or any of its Subsidiaries may at any time purchase Bearer Notes in the open market or otherwise and at any price, **provided that** all unmaturing Coupons are purchased therewith. Any Bearer Notes so purchased, while held by or on behalf of the Issuer or any such Subsidiary, shall not entitle the holder to vote at any meetings of the Noteholders and shall not be deemed to be outstanding for the purposes of calculating quorums at meetings of the Noteholders or for the purposes of Condition 17(a) (*Meetings of Noteholders; Modification and Waiver*).
- (l) *Cancellation:* All Bearer Notes so redeemed or purchased by the Issuer or any of its respective Subsidiaries and any unmaturing Coupons attached to or surrendered with them shall be cancelled and may not be reissued or resold.

11. **Payments**

- (a) *Principal:* Payments of principal shall be made only against presentation and (**provided that** payment is made in full) surrender of Bearer Notes at the Specified Office of any Paying Agent outside the United States by cheque drawn in the currency in which the payment is due on, or by transfer to an account denominated in that currency (or, if that currency is euro, any other account to which euro may be credited or transferred) and maintained by the payee with, a bank in the Principal Financial Centre of that currency.
- (b) *Interest:* Payments of interest shall, subject to paragraph (h) below, be made only against presentation and (**provided that** payment is made in full) surrender of the appropriate Coupons at the Specified Office of any Paying Agent outside the United States in the manner described in paragraph (a) above.
- (c) *Payments in New York City:* Payments of principal or interest may be made at the Specified Office of a

Paying Agent in New York City if (i) the Issuer has appointed Paying Agents outside the United States with the reasonable expectation that such Paying Agents will be able to make payment of the full amount of the interest on the Bearer Notes in the currency in which the payment is due when due, (ii) payment of the full amount of such interest at the offices of all such Paying Agents is illegal or effectively precluded by exchange controls or other similar restrictions and (iii) payment is permitted by applicable United States law.

- (d) *Payments subject to fiscal laws:* All payments in respect of the Bearer Notes are subject in all cases to (i) any applicable fiscal or other laws and regulations in the place of payment, but without prejudice to the provisions of Condition 12 (*Taxation*) and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the “**Code**”) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or (without prejudice to the provisions of Condition 12 (*Taxation*)) any law implementing an intergovernmental approach thereto.
- (e) No commissions or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.
- (f) *Deductions for unmatured Coupons:* If the relevant Final Terms specifies that the Fixed Rate Note Provisions are applicable and a Bearer Note is presented without all unmatured Coupons relating thereto:
 - (i) if the aggregate amount of the missing Coupons is less than or equal to the amount of principal due for payment, a sum equal to the aggregate amount of the missing Coupons will be deducted from the amount of principal due for payment; **provided, however, that** if the gross amount available for payment is less than the amount of principal due for payment, the sum deducted will be that proportion of the aggregate amount of such missing Coupons which the gross amount actually available for payment bears to the amount of principal due for payment;
 - (ii) if the aggregate amount of the missing Coupons is greater than the amount of principal due for payment:
 - (A) so many of such missing Coupons shall become void (in inverse order of maturity) as will result in the aggregate amount of the remainder of such missing Coupons (the “**Relevant Coupons**”) being equal to the amount of principal due for payment; **provided, however, that** where this sub-paragraph would otherwise require a fraction of a missing Coupon to become void, such missing Coupon shall become void in its entirety; and
 - (B) a sum equal to the aggregate amount of the Relevant Coupons (or, if less, the amount of principal due for payment) will be deducted from the amount of principal due for payment; **provided, however, that,** if the gross amount available for payment is less than the amount of principal due for payment, the sum deducted will be that proportion of the aggregate amount of the Relevant Coupons (or, as the case may be, the amount of principal due for payment) which the gross amount actually available for payment bears to the amount of principal due for payment.

Each sum of principal so deducted shall be paid in the manner provided in paragraph (a) above against presentation and (**provided that** payment is made in full) surrender of the relevant missing Coupons.

- (g) *Unmatured Coupons void:* If the relevant Final Terms specifies that this Condition 11(g) is applicable or that the Floating Rate Note Provisions are applicable, on the due date for final redemption of any Bearer Note or early redemption in whole of such Bearer Note pursuant to Condition 10(b) (*Redemption for tax reasons*), Condition 10(c) (*Redemption at the option of the Issuer*), Condition 10(d) (*Residual maturity call option*), Condition 10 (e) (*Substantial Purchase Event*), Condition 10(f) (*Redemption at the option of Noteholders*), Condition 11(h) (*Redemption at the option of Noteholders (Change of control of the Issuer)*), or Condition 13 (*Events of Default*), all unmatured Coupons relating thereto (whether or not still attached) shall become void and no payment will be made in respect thereof.
- (h) *Payments on business days:* If the due date for payment of any amount in respect of any Bearer Note or

Coupon is not a Payment Business Day in the place of presentation, the holder shall not be entitled to payment in such place of the amount due until the next succeeding Payment Business Day in such place and shall not be entitled to any further interest or other payment in respect of any such delay.

- (i) *Payments other than in respect of matured Coupons:* Payments of interest other than in respect of matured Coupons shall be made only against presentation of the relevant Bearer Notes at the Specified Office of any Paying Agent outside the United States (or in New York City if permitted by paragraph (c) above).
- (j) *Partial payments:* If a Paying Agent makes a partial payment in respect of any Bearer Note or Coupon presented to it for payment, such Paying Agent will endorse thereon a statement indicating the amount and date of such payment.
- (k) *Exchange of Talons:* On or after the maturity date of the final Coupon which is (or was at the time of issue) part of a Coupon Sheet relating to the Bearer Notes, the Talon forming part of such Coupon Sheet may be exchanged at the Specified Office of the Fiscal Agent for a further Coupon Sheet (including, if appropriate, a further Talon but excluding any Coupons in respect of which claims have already become void pursuant to Condition 14 (*Prescription*)). Upon the due date for redemption of any Bearer Note, any unexchanged Talon relating to such Bearer Note shall become void and no Coupon will be delivered in respect of such Talon.

12. **Taxation**

In that event, the Issuer shall pay such additional amounts as will result in receipt by the Noteholders and the Couponholders after such withholding or deduction of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable in respect of any Bearer Note or Coupon presented for payment:
 - (i) by or on behalf of a holder which is liable to such taxes, duties, assessments or governmental charges in respect of such Bearer Note or Coupon by reason of its having some connection with the jurisdiction by which such taxes, duties, assessments or charges have been imposed, levied, collected, withheld or assessed other than the mere holding of the Bearer Note or Coupon; or

 - (v) to, or to a third party on behalf of, a holder in respect of whose Bearer Notes the Issuer (or an agent acting on behalf of the Issuer) has not received the information as might be necessary under the applicable law or regulation to allow payments on such Bearer Notes to be made free and clear from withholding tax or deduction on account of taxes levied by the Kingdom of Spain, including when the Issuer does not receive such information concerning the Noteholders’ identity and tax

residence as may be required in order to comply with the procedures that may be implemented; or

- (vi) to, or to a third party on behalf of, a holder, should the exemption of Law 10/2014 not be applicable, who does not comply with the Issuer's request to provide a valid certificate of tax residence duly issued by the tax authorities of the country of tax residence of the beneficial owner of the Bearer Notes, which the holder or the beneficial owner is required to provide by the applicable tax laws and regulations of the relevant taxing authority as a precondition to exemption from, or reduction in the rate of deduction or withholding of, Taxes imposed by such relevant taxing authority; or
- (vii) presented for payment in the Kingdom of Spain; or

- (h) *Winding-up*: an order is made or an effective resolution passed for the winding-up (*liquidación*) or dissolution (*disolución*) of the Issuer or any of its Material Subsidiaries, or the Issuer ceases or threatens to cease to carry on all or substantially all of its business or operations, except for the purpose of and followed by a reconstruction, amalgamation, reorganisation, merger or consolidation (i) on terms approved by an Extraordinary Resolution of the Noteholders, or (ii) in the case of Material Subsidiary, whereby the undertaking and assets of the Material Subsidiary are transferred to or otherwise vested in the Issuer or any of its Subsidiaries; or

payable at its Early Termination Amount together with accrued interest (if any) without further formality.

14. **Prescription**

15. **Replacement of Notes and Coupons**

If any Bearer Note or Coupon is lost, stolen, mutilated, defaced or destroyed, it may be replaced at the Specified Office of the Fiscal Agent (and, if the Bearer Notes are then admitted to listing, trading and/or quotation by any competent authority, stock exchange and/or quotation system which requires the appointment of a Paying Agent in any particular place, the Paying Agent having its Specified Office in the place required by such competent authority, stock exchange and/or quotation system), subject to all applicable laws and competent authority, stock exchange and/or quotation system requirements, upon payment by the claimant of the expenses incurred in connection with such replacement and on such terms as to evidence, security, indemnity and otherwise as the Issuer may reasonably require. Mutilated or defaced Bearer Notes or Coupons must be surrendered before replacements will be issued.

16. **Agents**

In acting under the Agency Agreement and in connection with the Bearer Notes and the Coupons, the Paying Agents act solely as agents of the Issuer and do not assume any obligations towards or relationship of agency or trust for or with any of the Noteholders or Couponholders.

The initial Paying Agents and their initial Specified Offices are listed below. The initial Calculation Agent (if any) is specified in the relevant Final Terms. The Issuer reserves the right at any time to vary or terminate the appointment of any Paying Agent or Calculation Agent and to appoint a successor fiscal agent or Calculation Agent and additional or successor paying agents; **provided, however, that:**

- (a) the Issuer shall at all times maintain a Fiscal Agent; and
- (b) if a Calculation Agent is specified in the relevant Final Terms, the Issuer shall at all times maintain a Calculation Agent; and
- (c) if and for so long as the Bearer Notes are admitted to listing, trading and/or quotation by any competent authority, stock exchange and/or quotation system which requires the appointment of a Paying Agent in any particular place, the Issuer shall maintain a Paying Agent having its Specified Office in the place required by such competent authority, stock exchange and/or quotation system.

Notice of any change in any of the Paying Agents or in their Specified Offices shall promptly be given to the Noteholders.

17. **Meetings of Noteholders; Modification and Waiver**

- (a) *Meetings of Noteholders:* The Agency Agreement contains provisions for convening meetings of Noteholders to consider matters relating to the Bearer Notes, including the modification of any provision of these Bearer Conditions. Any such modification may be made if sanctioned by an Extraordinary Resolution. Such a meeting may be convened by the Issuer and shall be convened by them upon the request in writing of Noteholders holding not less than 10 per cent. of the aggregate principal amount of the outstanding Bearer Notes. The quorum at any meeting convened to vote on an Extraordinary Resolution will be one or more Persons holding or representing a clear majority of the aggregate principal amount of the outstanding Bearer Notes or, at any adjourned meeting, one or more Persons being or representing Noteholders whatever the principal amount of the outstanding Bearer Notes; **provided, however, that** Reserved Matters may only be sanctioned by an Extraordinary Resolution passed at a meeting of Noteholders at which one or more Persons holding or representing not less than two-thirds or,

at any adjourned meeting, 25 per cent. of the aggregate principal amount of the outstanding Bearer Notes form a quorum. Any Extraordinary Resolution duly passed at any such meeting shall be binding on all the Noteholders and Couponholders, whether present or not.

In addition, a resolution in writing signed by or on behalf of holders of not less than two-thirds of Noteholders who for the time being are entitled to receive notice of a meeting of Noteholders will take effect as if it were an Extraordinary Resolution. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Noteholders.

- (b) *Modification:* The Bearer Notes and these Bearer Conditions may be amended without the consent of the Noteholders or the Couponholders to correct a manifest error. In addition, the parties to the Agency Agreement may agree to modify any provision thereof, but the Issuer shall not agree, without the consent of the Noteholders, to any such modification unless it is of a formal, minor or technical nature, it is made to correct a manifest error or it is, in the opinion of such parties, not materially prejudicial to the interests of the Noteholders.

18. **Further Issues**

The Issuer may from time to time, without the consent of the Noteholders or the Couponholders, create and issue further notes having the same terms and conditions as the Bearer Notes in all respects (or in all respects except for the first payment of interest) so as to form a single series with the Bearer Notes.

19. **Notices**

Notices to the Noteholders shall be valid if published in a leading English language daily newspaper published in Dublin or, if such publication is not practicable, in a leading English language daily newspaper having general circulation in Europe. Any such notice shall be deemed to have been given on the date of first publication (or if required to be published in more than one newspaper, on the first date on which publication shall have been made in all the required newspapers). Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the Noteholders. For so long as any Bearer Notes are admitted to trading on the Irish Stock Exchange plc trading as Euronext Dublin, the Issuer will also publish notices in accordance with the rules of the Irish Stock Exchange plc trading as Euronext Dublin.

Until such time as any definitive Notes are issued, there may, so long as any global Note is held in its entirety on behalf of Euroclear and/or Clearstream, Luxembourg be substituted for such publication as aforesaid the delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg for communication by them to the Noteholders in accordance with their respective rules and operating procedures. Any such notice shall be deemed to have been given to the Noteholders on the day on which the notice was given to Euroclear and/or Clearstream, Luxembourg, as appropriate.

20. **Currency Indemnity**

Euro is the sole currency of account and payment for all sums payable by the Issuer under or in connection with the Bearer Notes and the Coupons, including damages. Any amount received or recovered in a currency other than Euro (whether as a result of, or of the enforcement of, a judgment or order of a court of any jurisdiction, in the insolvency, winding-up or dissolution of the Issuer or otherwise) by any Noteholder or Couponholder in respect of any sum expressed to be due to it from the Issuer shall only constitute a discharge to the Issuer to the extent of the Euro amount which the recipient is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so). If that Euro amount is less than the Euro amount expressed to be due to the recipient under any Bearer Note or Coupon, the Issuer shall indemnify it against any loss sustained by it as a result. In any event, the Issuer shall indemnify the recipient against the cost of making any such purchase. For the purposes of this Condition, it will be sufficient for the Noteholder or Couponholder, as the case may be, to demonstrate that it would have suffered a loss had an actual purchase been made. These indemnities constitute a separate and independent obligation from the Issuer's other obligations, shall give rise to a separate and independent cause of action, shall apply irrespective of any indulgence granted by any Noteholder or

Couponholder and shall continue in full force and effect despite any other judgment, order, claim or proof for a liquidated amount in respect of any sum due under any Bearer Note or Coupon or any other judgment or order.

21. **Rounding**

For the purposes of any calculations referred to in these Bearer Conditions (unless otherwise specified in these Bearer Conditions or the relevant Final Terms), (a) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with 0.000005 per cent. being rounded up to 0.00001 per cent.), (b) all United States dollar amounts used in or resulting from such calculations will be rounded to the nearest cent (with one half cent being rounded up), (c) all Japanese Yen amounts used in or resulting from such calculations will be rounded downwards to the next lower whole Japanese Yen amount, and (d) all amounts denominated in any other currency used in or resulting from such calculations will be rounded to the nearest two decimal places in such currency, with 0.005 being rounded upwards.

22. **Governing Law and Jurisdiction**

- (a) **Governing Law:** Save as described below, the Bearer Notes, the Agency Agreement and any non-contractual obligations arising out of or in connection with the Bearer Notes are governed by English law. The status of the Bearer Notes as described in Condition 4 (*Status*) are governed by Spanish law.
- (b) **Jurisdiction:** The courts of England are to have jurisdiction to settle any disputes which may arise out of or in connection with the Bearer Notes or the Coupons and accordingly any legal action or proceedings arising out of or in connection with the Bearer Notes or the Coupons (“**Proceedings**”) may be brought in such courts. The Issuer irrevocably submits to the jurisdiction of such courts and waives any objection to Proceedings in such courts whether on the ground of venue or on the ground that the Proceedings have been brought in an inconvenient forum. This Condition is for the benefit of each of the Noteholders and Couponholders and shall not limit the right of any of them to take Proceedings in any other court of competent jurisdiction nor shall the taking of Proceedings in one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction (whether concurrently or not).
- (c) **Agent for Service of Process:** The Issuer irrevocably appoints Law Debenture Corporate Services Limited of Fifth floor 100 Wood St London EC2V 7EX as its agent in England to receive service of process in any Proceedings in England based on any of the Bearer Notes or the Coupons. If for any reason the Issuer does not have such an agent in England, it will promptly appoint a substitute process agent and notify the Noteholders of such appointment. Nothing below shall affect the right to serve process in any other manner permitted by law.

These terms and conditions relate to notes issued under the Programme in book-entry form.
- (b) *Final Terms*: Book-entry Notes issued under the Programme are issued in series (each a “**Series**”) and each Series may comprise one or more tranches (each a “**Tranche**”) of Book-entry Notes. In the Book-entry Deed of Covenant, the Issuer has covenanted in favour of each Noteholder (as defined below) that it will duly perform and comply with the obligations expressed to be undertaken by it in these Book-entry Conditions. The benefit of the Book-entry Deed of Covenant will not imply that the Book-entry Notes benefit from a security interest or that they have a higher ranking than other unsecured and unsubordinated obligations of the Issuer.

- (C) there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in Condition 8(c)(vi)(iv)) subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Book-entry Notes (subject to the operation of this Condition 8(c)(vi)); or
- (D) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate shall (subject to adjustment as provided in Condition 8(c)(vi)(iv)) subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Book-entry Notes (subject to the operation of this Condition 8(c)(vi)).

- (iv) If the Independent Adviser, acting in a commercially reasonable manner and in good faith, determines (i) that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) and (ii) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Rate (as the case may be).
- (v) If any Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this Condition 8(c)(vi) and the Independent Adviser, acting in a commercially reasonable manner and in good faith, determines (i) that amendments to these Book-entry Conditions, the Spanish Agency Agreement and/or the Agency Agreement are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread (such amendments, the “**Benchmark Amendments**”) and (ii) the terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 8(c)(vi)(vi), without any requirement for the consent or approval of Noteholders, vary these Book-entry Conditions, the Spanish Agency Agreement and/or the Agency Agreement to give effect to such Benchmark Amendments (*provided that* the Benchmark Amendments do not, without the prior agreement of the Spanish Paying Agent, the Paying Agents or the Calculation Agent, as applicable, have the effect of increasing the obligations or duties, or decreasing the rights or protections, of the Spanish Paying Agent, each Paying Agent or the Calculation Agent under these Book-entry Conditions, the Spanish Agency Agreement and/or the Agency Agreement) with effect from the date specified in such notice.
- (vi) Any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments, determined under this Condition 8(c)(vi) will be notified promptly by the Issuer to the Calculation Agent, the Spanish Paying Agent and, in accordance with Condition 19 (*Notices*), the Noteholders. - (viii) The Successor Rate or Alternative Rate and the Adjustment Spread and the Benchmark Amendments (if any) specified in such certificate will (in the absence of manifest error or bad faith in the determination of such Successor Rate or Alternative Rate and such Adjustment Spread and such Benchmark Amendments (if any)) be binding on the Issuer, the Spanish Paying Agent, the Calculation Agent, the Paying Agents and the Noteholders.
- (ix) Without prejudice to Conditions 8(c)(vi)(i) to 8(c)(vi)(v), the Original Reference Rate and the other fallback provisions provided for in Condition 8(c) will continue to apply unless and until a Benchmark Event has occurred.
- (x) Notwithstanding any other provision of this Condition 8, if in the Spanish Paying Agent or, as the case may be, Calculation Agent’s opinion there is, following determination and notification to such party of any Successor Rate, Alternative Rate, Adjustment Spread and/or any Benchmark Amendments, any uncertainty between two or more alternative courses of action in making any determination or calculation under this Condition 8, the Spanish Paying Agent or, as the case may be, Calculation Agent shall promptly notify the Issuer thereof and the Issuer, having first consulted with the Independent Adviser, shall direct the Spanish Paying Agent or, as the case may be, Calculation Agent in writing as to which alternative course of action to adopt. If the Spanish Paying Agent or, as the case may be, Calculation Agent is not promptly provided with such direction, or is otherwise unable to make such calculation or determination for any reason, it shall notify the Issuer thereof and the Spanish Paying Agent or, as the case

may be, Calculation Agent shall be under no obligation to make such calculation or determination and shall not incur any liability for not doing so.

(xi) *Definitions:*

As used in this Condition 8(c)(vii):

“**Adjustment Spread**” means either a spread (which may be positive or negative), or the formula or methodology for calculating a spread, in either case, which the Independent Adviser, acting in a commercially reasonable manner and in good faith, determines is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Noteholders as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate (as the case may be) and is the spread, formula or methodology which:

- (A) in the case of a Successor Rate, is formally recommended in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body; or
- (B) (if no such recommendation has been made, or in the case of an Alternative Rate) the Independent Adviser, acting in a commercially reasonable manner and in good faith, determines, is customarily applied to the relevant Successor Rate or Alternative Rate (as the case may be) in international debt markets transactions to produce an industry-accepted replacement rate for the Original Reference Rate; or
- (C) (if no such determination has been made) the Independent Adviser, acting in a commercially reasonable manner and in good faith, determines, is recognised or acknowledged as being the industry standard for over-the-counter derivative transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be);
- (D) (or if the Independent Adviser, acting in a commercially reasonable manner and in good faith, the Independent Adviser determines that no such industry standard is recognised or acknowledged) in its discretion, acting in a commercially reasonable manner and in good faith, determines to be appropriate.

“**Alternative Rate**” means an alternative benchmark or screen rate which the Independent Adviser, acting in a commercially reasonable manner and in good faith, determines in accordance with Condition 8(c)(vi)(iii) has replaced the Original Reference Rate in customary market usage in the international debt capital markets for the purposes of determining rates of interest (or the relevant component part thereof) for the same interest period and in the same Specified Currency as the Notes.

“**Benchmark Amendments**” has the meaning given to it in Condition 8(c)(vi)(v).

“**Benchmark Event**” means:

- (A) the Original Reference Rate ceasing to be published for a period of at least 5 Business Days or ceasing to exist; or
- (B) a public statement by the administrator of the Original Reference Rate that it will, by a specified date within the following six months, cease publishing the Original Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the Original Reference Rate); or
- (C) a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate has been or will, by a specified date within the following six months, be permanently or indefinitely discontinued; or
- (D) a public statement by the supervisor of the administrator of the Original Reference Rate that means the Original Reference Rate will be prohibited from being used or that its use

will be subject to restrictions or adverse consequences, in each case within the following six months; or

- (E) a public statement by the supervisor of the administrator of the Original Reference Rate that, in the view of such supervisor, such Original Reference Rate is no longer representative of an underlying market; or
- (F) it has become unlawful for any Calculation Agent or the Issuer to calculate any payments due to be made to any Noteholder using the Original Reference Rate.

“Independent Adviser” means an independent financial institution of international repute or an independent financial adviser with appropriate expertise in international capital markets appointed by the Issuer under Condition 8(c)(vi)(i).

“Original Reference Rate” means the originally-specified benchmark or screen rate (as applicable) used to determine the Rate of Interest (or any component part thereof) on the Book-entry Notes.

“Relevant Nominating Body” means, in respect of a benchmark or screen rate (as applicable):

- (A) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable); or
- (B) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (1) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, (2) any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable), (3) a group of the aforementioned central banks or other supervisory authorities or (4) the Financial Stability Board or any part thereof.

“Successor Rate” means a successor to or replacement of the Original Reference Rate which is formally recommended by any Relevant Nominating Body.

- (d) *ISDA Determination*: If ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Book-entry Notes for each Interest Period will be the sum of the Margin and the relevant ISDA Rate where “ISDA Rate” in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:
 - (i) the Floating Rate Option (as defined in the ISDA Definitions) is as specified in the relevant Final Terms;
 - (ii) the Designated Maturity (as defined in the ISDA Definitions) is a period specified in the relevant Final Terms;
 - (iii) the relevant Reset Date (as defined in the ISDA Definitions) is either (A) if the relevant Floating Rate Option is based on the London inter-bank offered rate (LIBOR) for a currency, the first day of that Interest Period or (B) in any other case, as specified in the relevant Final Terms; and
 - (iv) if Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight-line linear interpolation by reference to two rates based on the relevant Floating Rate Option, where:
 - (A) one rate shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period; and
 - (B) the other rate shall be determined as if the Designated Maturity were the period of time

for which rates are available next longer than the length of the relevant Interest Period

provided, however, that if there is no rate available for a period of time next shorter than the length of the relevant Interest Period or, as the case may be, next longer than the length of the relevant Interest Period, then the Rate of Interest applicable to the next succeeding Interest Period shall be equal to the Rate of Interest last determined in relation to the Book-entry Notes in respect of the preceding Interest Period (or alternatively if there has not been a first Interest Payment Date, the rate of interest shall be the initial Rate of Interest (subject, where applicable, to substituting the Margin that applied to such preceding Interest Period for the Margin that is to be applied to the relevant Interest Period).

- (e) *Maximum or Minimum Rate of Interest:* If any Maximum Rate of Interest or Minimum Rate of Interest is specified in the relevant Final Terms, then the Rate of Interest shall in no event be greater than the maximum or be less than the minimum so specified.
- (f) *Calculation of Interest Amount:* The Calculation Agent will, as soon as practicable after the time at which the Rate of Interest is to be determined in relation to each Interest Period, calculate the Interest Amount payable in respect of each Book-entry Note for such Interest Period. The Interest Amount will be calculated by applying the Rate of Interest for such Interest Period to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of the relevant Book-entry Note divided by the Calculation Amount. For this purpose a “**sub-unit**” means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.
- (g) *Publication:* The Calculation Agent will cause each Rate of Interest and Interest Amount determined by it, together with the relevant Interest Payment Date, and any other amount(s) required to be determined by it together with any relevant payment date(s) to be notified to the Spanish Paying Agent and each competent authority, stock exchange and/or quotation system (if any) by which the Book-entry Notes have then been admitted to listing, trading and/or quotation as soon as practicable after such determination but (in the case of each Rate of Interest, Interest Amount and Interest Payment Date) in any event not later than the first day of the relevant Interest Period. Notice thereof shall also promptly be given to the Noteholders. The Calculation Agent will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) without notice in the event of an extension or shortening of the relevant Interest Period. If the Calculation Amount is less than the minimum Specified Denomination the Calculation Agent shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Book-entry Note having the minimum Specified Denomination.
- (h) *Notifications etc.:* All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 8 by the Calculation Agent will (in the absence of manifest error) be binding on the Issuer, the Spanish Paying Agent and the Noteholders and (subject as aforesaid) no liability to any such Person will attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.

8A. Interest – Floating Rate Notes referencing SONIA

- (a) This Condition 8A is applicable to the Notes only if the Floating Rate Note Provisions are specified in the relevant Final Terms as being applicable and the “Reference Rate” is specified in the relevant Final Terms as being “SONIA”.
- (b) Where “SONIA” is specified as the Reference Rate in the Final Terms, the Rate of Interest for each Interest Period will, subject as provided below, be Compounded Daily SONIA plus or minus (as specified in the relevant Final Terms) the Margin, all as determined by the Calculation Agent.

For the purposes of this Condition 8A:

“**Compounded Daily SONIA**”, with respect to an Interest Period, will be calculated by the Calculation Agent on the Interest Determination Date in accordance with the following formula, and the resulting percentage will be rounded, if necessary, to the fourth decimal place, with 0.00005 being rounded upwards:

$$\left[\prod_{i=1}^{d_o} \left(1 + \frac{SONIA_{i-pLBD} \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

“**d**” means, for any Interest Period, the number of calendar days in such Interest Period;

“**d_o**” means, for any Interest Period, the number of London Banking Days in such Interest Period;

“**i**” means, for any Interest Period, a series of whole numbers from one to **d_o**, each representing the relevant London Banking Day in chronological order from, and including, the first London Banking Day in such Interest Period to, and including, the last London Banking Day in such Interest Period;

“**Interest Determination Date**” means, in respect of any Interest Period, the date falling “**p**” London Banking Days prior to the Interest Payment Date for such Interest Period (or the date falling “**p**” London Banking Days prior to such earlier date, if any, on which the Notes are due and payable);

“**London Banking Day**” or “**LBD**” means any day on which commercial banks are open for general business (including dealing in foreign exchange and foreign currency deposits) in London;

“**n_i**” for any London Banking Day “**i**”, the number of calendar days from, and including, such London Banking Day “**i**” up to, but excluding, the following London Banking Day;

“**p**” for any Interest Period, means the number of London Banking Days specified in the relevant Final Terms provided that “**p**” shall not be less than three London Banking Days at any time and shall not be less than five London Banking Days without prior written approval of the Calculation Agent;

“**Reference Period**” means, in respect of an Interest Period, the period from, and including, the date falling “**p**” London Banking Days prior to the first day of such Interest Period (and the first Interest Period shall begin on and include the Interest Commencement Date) and ending on, but excluding, the date which is “**p**” London Banking Days prior to the Interest Payment Date for such Interest Period (or the date falling “**p**” London Banking Days prior to such earlier date, if any, on which the Notes become due and payable);

“**SONIA Reference Rate**” means, in respect of any London Banking Day, a reference rate equal to the daily Sterling Overnight Index Average (“**SONIA**”) rate for such London Banking Day as provided by the administrator of SONIA to authorised distributors and as then published on the Relevant Screen Page (or if the Relevant Screen Page is unavailable, as otherwise is published by such authorised distributors) on the London Banking Day immediately following such London Banking Day; and

“**SONIA_{i-pLBD}**” means, in respect of any London Banking Day “**i**” falling in the relevant Interest Period, the SONIA Reference Rate for the London Banking Day falling “**p**” London Banking Days prior to the relevant London Banking Day “**i**”.

For the avoidance of doubt, the formula for the calculation of Compounded Daily SONIA only compounds the SONIA Reference Rate in respect of any London Banking Day. The SONIA Reference Rate applied to a day that is a non-London Banking Day will be taken by applying the SONIA Reference Rate for the previous London Banking Day but without compounding.

If, in respect of any London Banking Day in the relevant Reference Period, the Calculation Agent determines that the SONIA Reference Rate is not available on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors, such SONIA Reference Rate shall be:

- (a) (i) the Bank of England's Bank Rate (the "**Bank Rate**") prevailing at close of business on the relevant London Banking Day; plus (ii) the mean of the spread of the SONIA Reference Rate to the Bank Rate over the previous five London Banking Days on which a SONIA Reference Rate has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads) to the Bank Rate; or
- (b) if the Bank Rate is not published by the Bank of England at close of business on the relevant London Banking Day, the SONIA Reference Rate published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors) for the first preceding London Banking Day on which the SONIA Reference Rate was published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors).

If the Interest Rate cannot be determined in accordance with the foregoing provisions of this Condition 8A, the Interest Rate shall be (A) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period, in place of the Margin relating to that last preceding Interest Period) or (B) if there is no such preceding Interest Determination Date, the initial Interest Rate which would have been applicable to the Notes for the first Interest Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin applicable to the first Interest Period).

If the Notes become due and payable in accordance with Condition 13 (*Events of Default*), the final Interest Determination Date shall, notwithstanding the definition specified above, be deemed to be the date on which the Notes became due and payable and the Interest Rate on the Notes shall, for so long as the Notes remain outstanding, be the rate determined on such date.

9. **Zero Coupon Note Provisions**

- (a) *Application:* This Condition 9 (*Zero Coupon Note Provisions*) is applicable to the Book-entry Notes only if the Zero Coupon Note Provisions are specified in the relevant Final Terms as being applicable.
- (b) *Late payment on Zero Coupon Notes:* If the Redemption Amount payable in respect of any Zero Coupon Note is improperly withheld or refused, the Redemption Amount shall thereafter be an amount equal to the sum of:
 - (i) the Reference Price; and
 - (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price on the basis of the relevant Day Count Fraction from (and including) the Issue Date to (but excluding) whichever is the earlier of (i) the day on which all sums due in respect of such Book-entry Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Spanish Paying Agent has notified the Noteholders that it has received all sums due in respect of the Book-entry Notes up to such seventh day (except to the extent that there is any subsequent default in payment).

10. **Redemption and Purchase**

- (a) *Scheduled redemption:* Unless previously redeemed, or purchased and cancelled, the Book-entry Notes will be redeemed at their Final Redemption Amount on the Maturity Date, subject as provided in Condition 11 (*Payments*).
- (b) *Redemption for tax reasons:* The Book-entry Notes may be redeemed at the option of the Issuer in whole, but not in part:
 - (i) at any time (if the Floating Rate Note Provisions are not specified in the relevant Final Terms as

being applicable); or

- (ii) on any Interest Payment Date (if the Floating Rate Note Provisions are specified in the relevant Final Terms as being applicable),

on giving not less than 30 nor more than 60 days' notice to the Noteholders, or such other period(s) as may be specified in the relevant Final Terms, (which notice shall be irrevocable), at their Early Redemption Amount (Tax), together with interest accrued (if any) to the date fixed for redemption, if:

- (A) the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 12 (*Taxation*) as a result of any change in, or amendment to, the laws or regulations of the Kingdom of Spain or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations (including a holding by a court of competent jurisdiction), which change or amendment becomes effective on or after the date of issue of the first Tranche of the Book-entry Notes; and
- (B) such obligation cannot be avoided by the Issuer taking reasonable measures available to it,

provided, however, that no such notice of redemption shall be given earlier than:

- (1) where the Book-entry Notes may be redeemed at any time, 90 days (or such other period as may be specified in the relevant Final Terms) prior to the earliest date on which the Issuer would be obliged to pay such additional amounts if a payment in respect of the Book-entry Notes were then due; or
- (2) where the Book-entry Notes may be redeemed only on an Interest Payment Date, 60 days (or such other period as may be specified in the relevant Final Terms) prior to the Interest Payment Date occurring immediately before the earliest date on which the Issuer would be obliged to pay such additional amounts if a payment in respect of the Book-entry Notes were then due.

Prior to the publication of any notice of redemption pursuant to this paragraph, the Issuer shall deliver to the Spanish Paying Agent (A) a certificate signed by two directors of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred and (B) an opinion of independent legal advisers of recognised standing to the effect that the Issuer has or will become obliged to pay such additional amounts as a result of such change or amendment. Upon the expiry of any such notice as is referred to in this Condition 10(b), the Issuer shall be bound to redeem the Book-entry Notes in accordance with this Condition 10(b).

- (c) *Redemption at the option of the Issuer:* If the Call Option is specified in the relevant Final Terms as being applicable, the Book-entry Notes may be redeemed at the option of the Issuer in whole or, if so specified in the relevant Final Terms, in part on any Optional Redemption Date (Call) at the relevant Optional Redemption Amount (Call) on the Issuer's giving not less than 30 nor more than 60 days' notice to the Noteholders, or such other period(s) as may be specified in the relevant Final Terms (which notice shall be irrevocable and shall oblige the Issuer to redeem the Book-entry Notes or, as the case may be, the Book-entry Notes specified in such notice on the relevant Optional Redemption Date (Call) at the Optional Redemption Amount (Call) plus accrued interest (if any) to such date).

The Optional Redemption Amount (Call) will either be the specified percentage of the nominal amount of the Book-entry Notes stated in the applicable Final Terms or, if Make Whole Amount is specified in the applicable Final Terms, will be the higher of (a) 100 per cent. of the principal amount outstanding of the Book-entry Notes to be redeemed; and (b) the sum of the present values of the principal amount outstanding of the Book-entry Notes to be redeemed and the Remaining Term Interest on such Book-entry Notes (exclusive of interest accrued to the date of redemption) discounted to the date of redemption on an annual basis at (i) the Reference Bond Rate plus the Redemption Margin; or (ii) the Discount Rate, in each

case as may be specified in the applicable Final Terms. If the Make Whole Exemption Period is specified as applicable and the Issuer gives notice to redeem the Book-entry Notes during the Make Whole Exemption Period, the Optional Redemption Amount will be 100 per cent. of the principal amount outstanding of the Book-entry Notes to be redeemed.

- (d) *Residual maturity call option:* If the Residual Maturity Call Option is specified in the relevant Final Terms as being applicable, the Issuer may, on giving not less than 30 nor more than 60 days' irrevocable notice to the Noteholders (which notice shall specify the date fixed for redemption), redeem all (but not some only) of the outstanding Book-entry Notes comprising the relevant Series at their principal amount together with interest accrued to, but excluding, the date fixed for redemption, which shall be no earlier than (i) three months before the Maturity Date in respect of Book-entry Notes having a maturity of not more than ten years or (ii) six months before the Maturity Date in respect of Book-entry Notes having a maturity of more than ten years, unless otherwise specified in the relevant Final Terms.

For the purpose of the preceding paragraph, the maturity of not more than ten years or the maturity of more than ten years shall be determined as from the Issue Date of the first Tranche of the relevant Series of Book-entry Notes.

All Book-entry Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition 10(d).

- (e) *Substantial Purchase Event:* If a Substantial Purchase Event is specified in the relevant Final Terms as being applicable and a Substantial Purchase Event has occurred and is continuing, then the Issuer may, subject to having given not less than 30 nor more than 60 days' irrevocable notice to the Noteholders, redeem the Book-entry Notes comprising the relevant Series in whole, but not in part, in accordance with these Book-entry Conditions at any time, in each case at their principal amount, together with any accrued and unpaid interest up to (but excluding) the date of redemption.

All Book-entry Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition 10(e).

- (f) *Partial redemption:* in compliance with the requirements of the principal securities exchange, if any, on which that series of Book-entry Notes are listed, on a pro rata basis by use of a pool factor.

- (g) *Redemption at the option of Noteholders:* If the Put Option is specified in the relevant Final Terms as being applicable, the Issuer shall, at the option of the holder of any Book-entry Note redeem such Book-entry Note on the Optional Redemption Date (Put) specified in the relevant Put Option Notice at the relevant Optional Redemption Amount (Put) together with interest (if any) accrued to such date. In order to exercise the option contained in this Condition 10(g), the holder of a Book-entry Note must, not less than 30 nor more than 60 days before the relevant Optional Redemption Date (Put) (or such other period(s) as may be specified in the relevant Final Terms), deliver a duly completed Put Option Notice in the form obtainable from the Spanish Paying Agent at its registered office which will, in turn, forward the Put Option Notice to the Issuer. The Spanish Paying Agent shall deliver a duly completed notice receipt to the relevant Holder. No such notice, once delivered in accordance with the Condition 10(g) may be withdrawn.

- (h) *Redemption at the option of the Noteholders (Change of control of the Issuer):* If Put Event is specified in the relevant Final Terms as being applicable, a “**Put Event**” will be deemed to occur if:

(i)

- (A) any person or any persons acting in concert acquire Control of the Issuer (a “**Change of control of the Issuer**”); and
- (B) on the date (the “**Relevant Date**”) that is the earlier of (a) the date of the first public announcement of the relevant Change of Control of the Issuer and (b) the date of the earliest Relevant Potential Change of Control Announcement (if any), the Book-entry Notes carry:

- (1) an Investment Grade Rating from any Rating Agency whether provided by such Rating Agency at the invitation of the Issuer or by its own volition and such rating is, within the Change of Control Period, either downgraded to a Non-Investment Grade Rating or withdrawn and is not, within the Change of Control Period, subsequently (in the case of a downgrade) upgraded to an Investment Grade Rating by such Rating Agency; or
- (2) a Non-Investment Grade Rating from any Rating Agency whether provided by such Rating Agency at the invitation of the Issuer or by its own volition and such rating is, within the Change of Control Period, either downgraded by one or more rating categories (from Baa1 to Baa2 or such similar lowering) or withdrawn and is not, within the Change of Control Period, subsequently (in the case of a downgrade) upgraded to its earlier credit rating or better by such Rating Agency; or
- (3) no credit rating and a Negative Rating Event also occurs within the Change of Control Period,

provided that if upon the expiration of the Change of Control Period the Issuer has at least one Investment Grade Rating then sub-paragraphs (B)(1) and (B)(2) will not apply; and

- (C) in making any decision to downgrade or withdraw a credit rating pursuant to paragraphs (B)(1) and (B)(2) above or not to award at least an Investment Grade Rating as described in paragraph (ii) of the definition of Negative Rating Event, the relevant Rating Agency announces publicly or confirms in writing to the Issuer that such decision(s) resulted, in whole or in part, from the occurrence of the Change of Control of the Issuer or the Relevant Potential Change of Control Announcement; and/or
- (ii) the Issuer ceases:
- (A) to hold or control, directly or indirectly, acting alone or in concert with others, more than 50 per cent. of the Voting Rights of SFL; or
 - (B) to have the right, acting alone or in concert with others, to appoint and/or remove all or the majority of the members of the SFL's Board of Directors or other governing body, whether obtained directly or indirectly, and whether obtained by ownership of share capital, the possession of Voting Rights, contract or otherwise,

(in each case, a "**Change of Control of SFL**").

If a Put Event occurs, the holder of each Book-entry Note will have the option (a "**Put Option**") (unless prior to the giving of the relevant Put Event Notice (as defined below) the Issuer has given notice of redemption under Condition 10(b), 10(c) or 10(d) to require the Issuer to redeem or, at the Issuer's option, purchase (or procure the purchase of) such Book-entry Note on the Put Date (as defined below) at its principal amount together with interest accrued to (but excluding) the Put Date.

Promptly upon the Issuer becoming aware that a Put Event has occurred the Issuer shall without delay give notice (a "**Put Event Notice**") to the Noteholders in accordance with Condition 18 (*Notices*) specifying the nature of the Put Event, the procedure for exercising the Put Option and the date on which the Put Period will end.

To exercise the Put Option, the holder of a Book-entry Note must deliver such Book-entry Note to the Specified Office of the Spanish Paying Agent at any time during normal business hours of the Spanish Paying Agent falling within the period (the "**Put Period**") of 30 days after a Put Event Notice is given, accompanied by a duly signed and completed notice of exercise in the form (for the time being current) obtainable from the Specified Office of the Spanish Paying Agent (a "**Put Notice**") at its registered office which will, in turn, forward the Put Notice to the Issuer. The Spanish Paying Agent shall deliver a duly

competed notice receipt to the relevant Holder. No such notice, once delivered in accordance with this Condition 10(h) may be withdrawn. The Issuer shall redeem or purchase (or procure the purchase of) the relevant Book-entry Notes on the Put Date unless previously redeemed (or purchased) and cancelled.

If 85 per cent. or more in principal amount of the Book-entry Notes then outstanding have been redeemed or purchased pursuant to this Condition 10(h), the Issuer may, on giving not less than 30 nor more than 60 days' notice to the Noteholders (such notice being given within 30 days after the Put Date), redeem or purchase (or procure the purchase of), at its option, all but not some only of the remaining outstanding Book-entry Notes at their principal amount, together with interest accrued to (but excluding) the date fixed for such redemption or purchase.

If the rating designations employed by any of Moody's, Fitch or Standard & Poor's are changed from those which are described in paragraph (i)(B) of the definition of "Put Event" above, the Issuer shall determine the rating designations of Moody's, Fitch or Standard & Poor's (as appropriate) as are most equivalent to the prior rating designations of Moody's, Fitch or Standard & Poor's and this Condition 10(h) shall be construed accordingly.

- (i) *No other redemption:* The Issuer shall not be entitled to redeem the Book-entry Notes otherwise than as provided in paragraphs (a) to (h) above.
- (j) *Early redemption of Zero Coupon Notes:* Unless otherwise specified in the relevant Final Terms, the Redemption Amount payable on redemption of a Zero Coupon Note at any time before the Maturity Date shall be an amount equal to the sum of:
 - (i) the Reference Price; and
 - (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price from (and including) the Issue Date to (but excluding) the date fixed for redemption or (as the case may be) the date upon which the Book-entry Note becomes due and payable.

Where such calculation is to be made for a period which is not a whole number of years, the calculation in respect of the period of less than a full year shall be made on the basis of such Day Count Fraction as may be specified in the Final Terms for the purposes of this Condition 10(j) or, if none is so specified, a Day Count Fraction of 30E/360.

- (k) *Purchase:* The Issuer or any of its Subsidiaries may at any time purchase Book-entry Notes in the open market or otherwise and at any price. Any Book-entry Notes so purchased, while held by or on behalf of the Issuer or any such Subsidiary, shall not entitle the holder to vote at any meetings of the Noteholders and shall not be deemed to be outstanding for the purposes of calculating quorums at meetings of the Noteholders or for the purposes of Condition 16(a) (*Meetings of Noteholders; Modification and Waiver*).
- (l) *Cancellation:* All Book-entry Notes so redeemed or purchased by the Issuer or any of its respective Subsidiaries shall be cancelled and may not be reissued or resold.

11. **Payments**

- (a) *Principal and interest:* Payments in respect of the Book-entry Notes (in terms of both principal and interest) will be made by transfer to the registered account of the relevant Holder maintained by or on behalf of it with a bank that processes payments in a city in which banks have access to the TARGET2 System, details of which appear in the records of Iberclear or, as the case may be, the relevant Iberclear Member at close of business on the day immediately preceding the Business Day on which the payment of principal or interest, as the case may be, falls due. Holders must rely on the procedures of Iberclear or, as the case may be, the relevant Iberclear Member to receive payments under the relevant Book-entry Notes. None of the Issuer, the Spanish Paying Agent or, if applicable, any of the Dealers will have any responsibility or liability for the records relating to payments made in respect of the Book-entry Notes.

- (b) *Payments subject to fiscal laws:* All payments in respect of the Book-entry Notes are subject in all cases to (i) any applicable fiscal or other laws and regulations in the place of payment, but without prejudice to the provisions of Condition 12 (*Taxation*) and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the “**Code**”) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or (without prejudice to the provisions of Condition 12 (*Taxation*)) any law implementing an intergovernmental approach thereto.
- (c) No commissions or expenses shall be charged to the Noteholders in respect of such payments.
- (d) *Payments on business days:* If the due date for payment of any amount in respect of any Book-entry Note is not a Payment Business Day, the holder shall not be entitled to payment in such place of the amount due until the next succeeding Payment Business Day in such place and shall not be entitled to any further interest or other payment in respect of any such delay.

12. **Taxation**

- (a) *Gross up:* All payments of principal and interest in respect of the Book-entry Notes by or on behalf of the Issuer shall be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of the Kingdom of Spain or any political subdivision therein or any authority therein or thereof having power to tax (the “**Spanish Tax Authorities**”), unless the withholding or deduction of such taxes, duties, assessments, or governmental charges is required by law. The Issuer reserves the right at any time to vary or terminate the appointment of any Paying Agent or Calculation Agent and to appoint a successor paying agent or

Notice of any change in any of the Spanish Paying Agent or in its Specified Office shall promptly be given to the Noteholders.

16. **Meetings of Noteholders; Modification and Waiver**

- (a) *Meetings of Noteholders:* The Agency Agreement contains provisions for convening meetings of Noteholders to consider matters relating to the Book-entry Notes, including the modification of any provision of these Book-entry Conditions. Any such modification may be made if sanctioned by an Extraordinary Resolution. Such a meeting may be convened by the Issuer and shall be convened by them upon the request in writing of Noteholders holding not less than 10 per cent. of the aggregate principal amount of the outstanding Book-entry Notes. The quorum at any meeting convened to vote on an Extraordinary Resolution will be one or more Persons holding or representing a clear majority of the aggregate principal amount of the outstanding Book-entry Notes or, at any adjourned meeting, one or more Persons being or representing Noteholders whatever the principal amount of the outstanding Book-entry Notes; **provided, however, that** Reserved Matters may only be sanctioned by an Extraordinary Resolution passed at a meeting of Noteholders at which one or more Persons holding or representing not less than two-thirds or, at any adjourned meeting, 25 per cent. of the aggregate principal amount of the outstanding Book-entry Notes form a quorum. In addition, a resolution in writing signed by or on behalf of holders of not less than two-thirds of Noteholders who for the time being are entitled to receive notice of a meeting of Noteholders will take effect as if it were an Extraordinary Resolution. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Noteholders.

- (b) *Modification:* The Book-entry Notes and these Book-entry Conditions may be amended without the consent of the Noteholders to correct a manifest error. In addition, the parties to the Agency Agreement may agree to modify any provision thereof, but the Issuer shall not agree, without the consent of the Noteholders, to any such modification unless it is of a formal, minor or technical nature, it is made to correct a manifest error or it is, in the opinion of such parties, not materially prejudicial to the interests of the Noteholders.

17. **Further Issues**

The Issuer may from time to time, without the consent of the Noteholders, create and issue further notes having the same terms and conditions as the Book-entry Notes in all respects (or in all respects except for the first payment of interest) so as to form a single series with the Book-entry Notes.

18. **Notices**

Notices to the Noteholders will be published in the official bulletin of AIAF (*Boletín Diario de AIAF Mercado de Renta Fija*) and, where applicable, through the filing by the Issuer of a price-sensitive information notice (*comunicación de informacion relevante o privilegiada*) with the CNMV. If the Book-entry Notes are also listed in other European regulated market, notices to Noteholders will be published in accordance with the requirements of such regulated market. Any such notice will be deemed to have been

given on the date of the first publication. In addition, all notices to Noteholders shall also be made through Iberclear to their respective accountholders.

19. **Currency Indemnity**

Euro is the sole currency of account and payment for all sums payable by the Issuer under or in connection with the Book-entry Notes, including damages. Any amount received or recovered in a currency other than Euro (whether as a result of, or of the enforcement of, a judgment or order of a court of any jurisdiction, in the insolvency, winding-up or dissolution of the Issuer or otherwise) by any Noteholder in respect of any sum expressed to be due to it from the Issuer shall only constitute a discharge to the Issuer to the extent of the Euro amount which the recipient is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so). If that Euro amount is less than the Euro amount expressed to be due to the recipient under any Book-entry Note, the Issuer shall indemnify it against any loss sustained by it as a result. In any event, the Issuer shall indemnify the recipient against the cost of making any such purchase. For the purposes of this Condition, it will be sufficient for the Noteholder to demonstrate that it would have suffered a loss had an actual purchase been made. These indemnities constitute a separate and independent obligation from the Issuer's other obligations, shall give rise to a separate and independent cause of action, shall apply irrespective of any indulgence granted by any Noteholder and shall continue in full force and effect despite any other judgment, order, claim or proof for a liquidated amount in respect of any sum due under any Book-entry Note or any other judgment or order.

20. **Rounding**

For the purposes of any calculations referred to in these Book-entry Conditions (unless otherwise specified in these Book-entry Conditions or the relevant Final Terms), (a) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with 0.000005 per cent. being rounded up to 0.00001 per cent.), (b) all United States dollar amounts used in or resulting from such calculations will be rounded to the nearest cent (with one half cent being rounded up), (c) all Japanese Yen amounts used in or resulting from such calculations will be rounded downwards to the next lower whole Japanese Yen amount, and (d) all amounts denominated in any other currency used in or resulting from such calculations will be rounded to the nearest two decimal places in such currency, with 0.005 being rounded upwards.

21. **Governing Law and Jurisdiction**

- (a) **Governing Law:** Save as described below, the Book-entry Notes, the Agency Agreement and any non-contractual obligations arising out of or in connection with the Book-entry Notes are governed by English law. The Spanish Agency Agreement and the title, transfer and status of the Book-entry Notes as described in Condition 3 (*Title and Transfer*) and Condition 4 (*Status*), respectively, are governed by Spanish law.
- (b) **Jurisdiction:** The courts of England are to have jurisdiction to settle any disputes which may arise out of or in connection with the Book-entry Notes and accordingly any legal action or proceedings arising out of or in connection with the Book-entry Notes ("**Proceedings**") may be brought in such courts. The Issuer irrevocably submits to the jurisdiction of such courts and waives any objection to Proceedings in such courts whether on the ground of venue or on the ground that the Proceedings have been brought in an inconvenient forum. This Condition is for the benefit of each of the Noteholders and shall not limit the right of any of them to take Proceedings in any other court of competent jurisdiction nor shall the taking of Proceedings in one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction (whether concurrently or not).
- (c) **Agent for Service of Process:** The Issuer irrevocably appoints Law Debenture Corporate Services Limited of Fifth floor 100 Wood St London EC2V 7EX as its agent in England to receive service of process in any Proceedings in England based on any of the Book-entry Notes. If for any reason the Issuer does not have such an agent in England, it will promptly appoint a substitute process agent and notify the Noteholders of such appointment. Nothing below shall affect the right to serve process in any other manner permitted by law.

SUMMARY OF PROVISIONS RELATING TO THE BEARER NOTES WHILE IN GLOBAL FORM

Clearing System Accountholders

Each Global Note will be in bearer form. Consequently, in relation to any Tranche of Notes represented by a Global Note, references in the Terms and Bearer Conditions of the Notes to “Noteholder” are references to the bearer of the relevant Global Note which, for so long as the Global Note is held by a depositary or a common depositary, in the case of a CGN, or a common safekeeper, in the case of an NGN for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, will be that depositary or common depositary or, as the case may be, common safekeeper.

Each of the persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Global Note (each an “**Accountholder**”) must look solely to Euroclear and/or Clearstream, Luxembourg and/or such other relevant clearing system (as the case may be) for such Accountholder’s share of each payment made by the Issuer to the bearer of such Global Note and in relation to all other rights arising under the Global Note. The extent to which, and the manner in which, Accountholders may exercise any rights arising under the Global Note will be determined by the respective rules and procedures of Euroclear and Clearstream, Luxembourg and any other relevant clearing system from time to time. For so long as the relevant Notes are represented by the Global Note, Accountholders shall have no claim directly against the Issuer in respect of payments due under the Notes and such obligations of the Issuer will be discharged by payment to the bearer of the Global Note.

Bearer Conditions applicable to Global Notes

Each Global Note will contain provisions which modify the Terms and Bearer Conditions of the Notes as they apply to the Global Note. The following is a summary of certain of those provisions:

Payments: All payments in respect of the Global Note will be made against presentation and (in the case of payment of principal in full with all interest accrued thereon) surrender of the Global Note to or to the order of any Paying Agent and will be effective to satisfy and discharge the corresponding liabilities of the Issuer in respect of the Notes. On each occasion on which a payment of principal or interest is made in respect of the Global Note, the Issuer shall procure that in respect of a CGN the payment is noted in a schedule thereto and in respect of an NGN the payment is entered pro rata in the records of Euroclear and Clearstream, Luxembourg.

Payment Business Day: In the case of a Global Note, shall be: if the currency of payment is euro, any day which is a TARGET Settlement Day and a day on which dealings in foreign currencies may be carried on in each (if any) Additional Financial Centre; or, if the currency of payment is not euro, any day which is a day on which dealings in foreign currencies may be carried on in the Principal Financial Centre of the currency of payment and in each (if any) Additional Financial Centre.

Exercise of put option: In order to exercise the option contained in Condition 10(e) (*Redemption at the option of Noteholders*) and condition 10(f) (*Redemption at the opinion of Noteholders (Change of control of the Issuer)*) the bearer of the Permanent Global Note must, within the period specified in the Bearer Conditions for the deposit of the relevant Note and put notice, give written notice of such exercise to the Fiscal Agent specifying the principal amount of Notes in respect of which such option is being exercised. Any such notice will be irrevocable and may not be withdrawn.

Partial exercise of call option: In connection with an exercise of the option contained in Condition 11(c) (*Redemption at the option of the Issuer*) in relation to some only of the Notes, the Permanent Global Note may be redeemed in part in the principal amount specified by the Issuer in accordance with the Bearer Conditions and the Notes to be redeemed will not be selected as provided in the Bearer Conditions but in accordance with the rules and procedures of Euroclear and Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in principal amount, at their discretion).

Notices: Notwithstanding Condition 20 (*Notices*), while all the Notes are represented by a Permanent Global Note (or by a Permanent Global Note and/or a Temporary Global Note) and the Permanent Global Note is (or the

Permanent Global Note and/or the Temporary Global Note are) deposited with a depository or a common depository for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system or a common safekeeper, notices to Noteholders may be given by delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and, in any case, such notices shall be deemed to have been given to the Noteholders in accordance with Condition 20 (*Notices*) on the date of delivery to Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system.

SUMMARY OF CLEARANCE AND SETTLEMENT PROCEDURES APPLICABLE TO BOOK-ENTRY NOTES

Below is a brief summary of the Spanish clearance and settlement procedures applicable to book-entry securities such as the Book-entry Notes.

The Spanish clearing, settlement and recording system of securities transactions allows the connection of the post-trading Spanish systems to the European system TARGET2 Securities.

Iberclear

Iberclear is the Spanish central securities depository in charge of both the register of securities held in book-entry form, and the settlement of all the trades from AIAF. To achieve this, Iberclear uses the technical platform named ARCO.

Iberclear is owned by *Bolsas y Mercados Españoles, Sociedad Holding de Mercados y Sistemas Financieros, S.A.*, a holding company, which fully owns each of the Spanish official secondary markets and settlement systems. The corporate address of Iberclear is Plaza de la Lealtad 1, 28014, Madrid, Spain.

Iberclear Securities Registration System

The securities recording system of Iberclear is a two tier level registry: the keeping of the central record corresponds to Iberclear and the keeping of the detail records correspond to the participating entities (*entidades participantes*) in Iberclear.

Access to become a participating entity is restricted to (i) credit institutions, (ii) investment services companies which are authorised to render custody and administration of financial instruments, (iii) the Bank of Spain, (iv) the Spanish Public Administration and the Spanish General Treasury of the Social Security, (v) other duly authorised central securities depositories and central clearing counterparties and (vi) other public institutions and private entities when expressly authorised to become a participating entity in central securities depositories.

The central registry managed by Iberclear reflects (i) one or several proprietary accounts which show the balances of the participating entities' proprietary accounts; (ii) one or several general third-party accounts that will show the overall balances that the participating entities hold for third parties; (iii) individual accounts opened in the name of the owner, either individual or legal person; and (iv) individual special accounts of financial intermediaries which use the optional procedure of settlement of orders. Each participating entity, in turn, maintains the detail records of the owners of the securities or the shares held in their general third-party accounts.

According to the above, Spanish law considers the owner of the securities to be:

- (i) the participating entity appearing in the records of Iberclear as holding the relevant securities in its own name;
- (ii) the investor appearing in the records of the participating entity as holding the securities; or
- (iii) the investor appearing in the records of Iberclear as holding securities in a segregated individual account.

The settlement and book-entry registration platform managed by Iberclear, which operates under the trade name of ARCO, receives the settlement instructions from BME Clearing and forwards them to the relevant participating entities involved in each transaction. ARCO operates under a T+2 settlement standard, by which any transactions must be settled within two business days following the date on which the transaction was completed.

To evidence title to securities, at the owner's request the relevant participating entity must issue a legitimisation certificate (*certificado de legitimación*). If the owner is a participating entity or a person holding securities in a segregated individual account, Iberclear is in charge of the issuance of the certificate regarding the securities held in their name.

Iberclear Settlement of securities traded on the AIAF

Iberclear and the participating entities (*entidades participantes*) in Iberclear have the function of keeping the book-entry register of securities traded on the AIAF.

Securities traded on the AIAF are fixed income securities, including corporate bonds (for example, medium term notes and mortgage bonds) and bonds issued by the Kingdom of Spain and Spanish regions, represented in a dematerialised form.

In the AIAF settlement system, transactions may be settled spot, forward (settlement date more than five days after the relevant trade date), with a repurchase agreement on a fixed date and double or simultaneous transactions (two trades in opposite directions with different settlement dates).

The settlement system used for securities admitted for trading on the AIAF is the Model 1 delivery versus payment system, as per the classification of the Bank for International Settlements: that is, it is a “transaction-to-transaction” cash and securities settlement system with simultaneity in its finality.

Transactions are settled on the stock-exchange business day agreed by participants at the moment of the trade.

Euroclear and Clearstream

Investors who do not have, directly or indirectly through their custodians, a participating account with Iberclear may hold their investment in the Notes through bridge accounts maintained by each of Euroclear and Clearstream, Luxembourg with participating entities (*entidades participantes*) in Iberclear.

USE OF PROCEEDS

The net proceeds of the issue of each Tranche of Notes will be used for the general corporate purposes of the Group, including the repayment of existing indebtedness of the Group.

If, in respect of any particular Tranche of Notes, there is a particular identified use of proceeds, this will be stated in the applicable Final Terms.

SFL (2018)

On 14 November 2018, we acquired an additional 22% stake in SFL (the “**SFL Shares**”) from Qatar Holding LLC (“**QH**”) and DIC Holding LLC (“**DIC**”) and in December 2018, we acquired an additional 0.97% stake, increasing our controlling stake in SFL from 58.56 to 81.71% and enhancing our presence in the French real estate market.

The acquisition of the SFL Shares was structured in three transactions, (i) QH and DIC contributed a total of 7,136,507 shares of SFL to Colonial (representing 15.34% of SFL’s share capital) through a non-cash capital increase of 53,523,803 shares of Colonial (representing 10.5 per cent of Colonial’s share capital); (ii) an exchange of a total of 400,000 SFL shares by QH and DIC (representing an aggregate of 0.86%) for 3,000,000 treasury shares of Colonial; and (iii) the sale of a total of 2,787,475 shares of SFL by QH and DIC (representing 5.99% of SFL’s share capital), for an amount of €203 million (€73 per share). The combination of the three transactions resulted in an average acquisition price of €69.6 per share of SFL. In the context of this transaction, Colonial carried out a capital increase, pursuant to which it increased its share capital from €1,136,477,445.00 to €1,270,286,952.50. Divestments

For the remaining seven developments Prologis was granted a call option during 2020. This transaction together with the sale of Centro Norte Hotel in Madrid and other assets in Spain totalised an amount over €475 million in 2019.

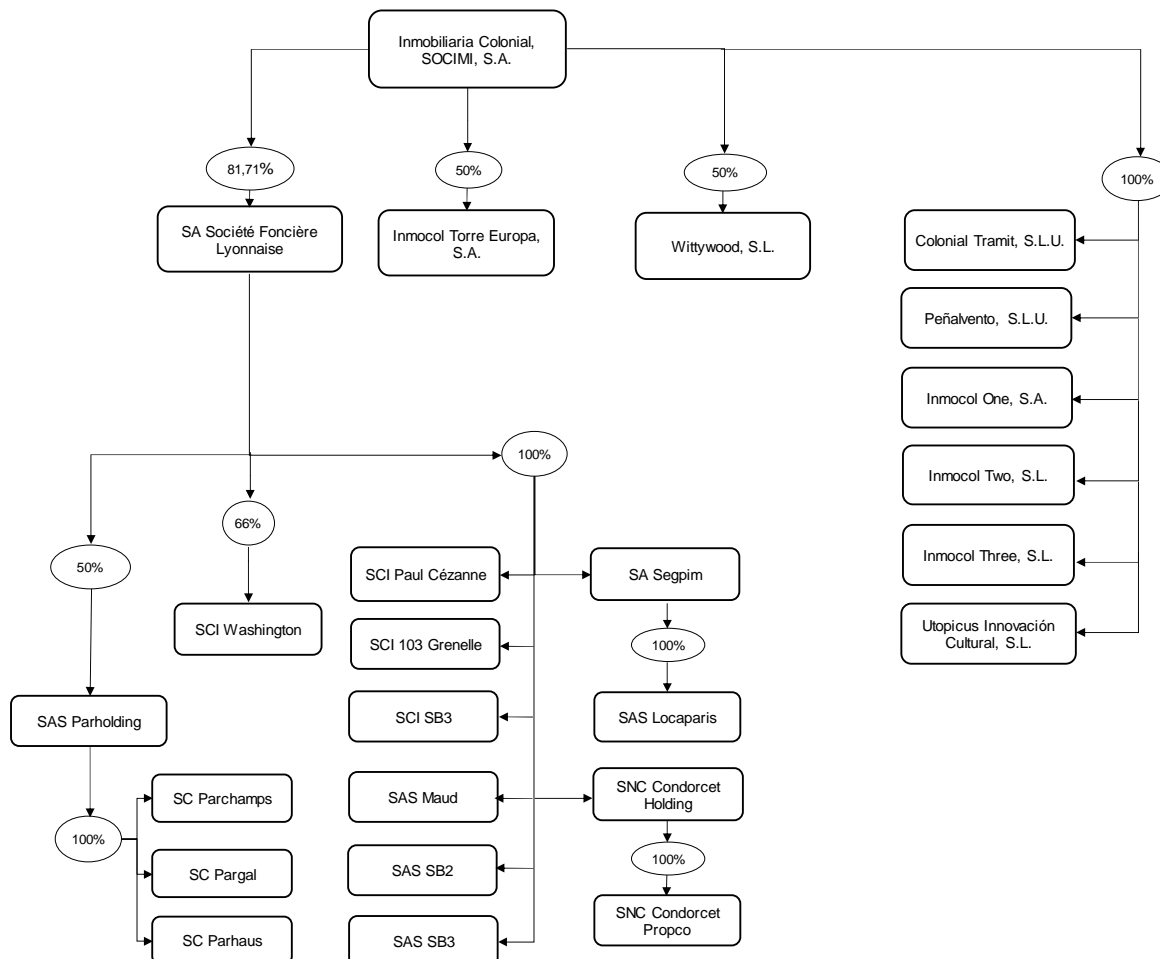

As of and for the year ended 31 December 2020, Colonial sold assets for a total amount of €333.4 million. In particular, in March 2020, Colonial sold a non-core asset (Hotel Mojácar) for an amount of €8.4 million, which represented a premium of more than 22% over the valuation of the asset carried out in December 2019. Colonial also received €14 million in deferred payments from the sale of the Centro Norte Hotel asset which occurred in 2019. In addition, on 1 July 2020, the purchase options granted in 2019 on five logistics assets were exercised. The exercise price of these options amounted to €110.9 million, of which Colonial had already received €11.1 million as an advance in 2019.

During the first three months of 2021, several disposals were made by Group. In particular, on 13 January 2021, Colonial sold one of SFL’s assets located in Paris (the 112 Wagram) for an amount of €120.5 million. Organisational Structure

Description of Operations

Overview

Our main activity is the rental, acquisition, promotion and sale of real estate, as well as the management of financial participations.

Our Core Rental Business

Our rental business comprises the management of our Property Portfolio, which is mainly made up of office buildings and, to a lesser extent, commercial or retail premises, as well as the sale of real estate assets.

We focus on the rental of quality office buildings in prime locations in the CBD of Barcelona, Madrid and Paris (the latter is done through SFL, in which we hold a stake of 81.71% as at the date of this Base Prospectus) (see “—History—SFL (2018)”). As part of this activity, we have an active asset rotation strategy and undertake important refurbishment projects.

As at 31 December 2020, our Property Portfolio was made up of 87 buildings and projects with a total surface of 1,790,654 sqm, from which 97,363 sqm corresponded with 77 new rental contracts signed during 2020 and which are distributed as follows: 23,861 sqm in Paris (of which 23,861 sqm are above ground) across 24 transactions; 44,592 sqm in Madrid (of which 44,592 sqm are above ground) across 27 transactions; 28,911 sqm in Barcelona (of which 28,911 sqm are above ground) across 26 transactions. The Property Portfolio currently includes 9 projects under construction and refurbishment as well as a number of buildings partially under refurbishment, representing a total surface of 323,158 sqm above ground.

As at 31 December 2020, the assets forming our rental business were valued at an amount of €12,020 million by independent appraisers. As at 31 December 2020, based on the valuation, 38% of this value corresponded to assets located in Spain and 62% to assets located in France (held through SFL).

Breakdown of revenues from rentals by category and location

During 2020, the largest component of our rental revenues (93%) derived from our office buildings. Our rental business in France, carried out by SFL, generated 53% of our rental revenues (€182 million), while Spain generated 47% of our rental revenues (€159 million). In attributable terms, that is, taking into account the rental revenues per asset attributable to our Company's holding of each asset (which is calculated by multiplying the percentage of each asset owned by our Company with the revenue of the asset), approximately 55% of the rental revenues were generated in Spain and the rest in France.

The following table below shows a detailed unaudited breakdown of the category of asset and the geographical distribution of our revenues from rentals based on management measures for the years ended 31 December 2020 and 2019:

We refer to “**Occupancy Rate**” as the percentage of surfaces in operation that are occupied. We refer to “**EPRA Occupancy**” as the economic occupancy calculated according to EPRA recommendations (occupied surface areas multiplied by the market rental prices divided by surfaces in operation at market rental prices). The EPRA Occupancy for our office Property Portfolio stood at 95.2% at 31 December 2020.

The EPRA Occupancy of our Property Portfolio in respect of office use as of 31 December 2020 and 2019 broken down by geographical area was as follows:

The EPRA Occupancy of our Property Portfolio including other uses was 95.2% at 31 December 2020.

Letting performance and lease terms

During 2020, the Group signed leases for a total of 97,363 sqm. Of the total contracts, 75% (73,503 sqm) were signed in Barcelona and Madrid, (17,639 sqm of which corresponded to new rentals of empty surfaces), and 23,861 sqm were signed in Paris (13,284 sqm correspond to new rentals of empty surfaces).

Regarding the number of rental renewals in the contract portfolio, 66,440 sqm of renewals were signed in 2020. This high volume of renewals shows our Group's capacity to retain clients.

Lease terms and market rents

The average lease term in our Property Portfolio was approximately four years as at 31 December 2020, although depending on the location, the average is slightly different, as set out in the table below, which provides the average maturity of the leases in our Property Portfolio, by market, as at 31 December 2020:

Market	Year s
Barcelona.....	2.2
Madrid.....	2.6
Paris.....	5.1

Market Value of Assets

We instruct independent appraisers, every six months, to prepare a valuation of all the assets that make up our Property Portfolio.

The valuation is based on the independent appraisers' estimate of the market prices that could be obtained for our Property Portfolio at that date. However, the valuation of property is inherently subjective due to the individual nature of each property. The valuation is prepared by the independent appraisers on the basis of certain information provided by us which was not independently verified.

We cannot assure that any of our properties making up our Property Portfolio could have been or could be sold at their respective market values set forth in the valuation, if at all, or that the actual market value of our Property Portfolio, whether or not equivalent to the values set forth in the valuation, will not decline significantly over time due to various factors, including as a result of the COVID-19 pandemic and changing macro and microeconomic conditions in the countries in which portions of our Property Portfolio are currently located or may be located in the future and other factors set forth under "Risk Factors".

Valuation of the rental portfolio as at 31 December 2020

As at 31 December 2020, the gross market asset value of our Property Portfolio was valued at an amount of approximately €12,020 million by independent appraisers (this amount includes the full value of the assets that we hold indirectly through joint ventures in which we have a stake of 50% or more based on certain assumptions and different valuation methods (a 1% decrease compared to 2019)). The valuation of our Group's assets at 31 December 2020 increased by 1% like for like compared to the previous year. Like for like comparison means the data that can be compared between one period and another (excluding investments and disposals).

The valuation sets out the market value of the property according to the Professional Standards and Valuation Practice Statements contained in the Royal Institute of Chartered Surveyors (RICS) Red Book, which is defined as the estimated amount for which a property should exchange on the date of valuation between a willing buyer and a willing seller in an arm's-length transaction after proper marketing wherein the parties had each acted knowledgeably, prudently and without compulsion. See also "*Risk Factors—Risks Relating to our Business—The valuation of our real estate asset portfolio may not precisely and accurately reflect the value of our assets at any given time*". The table below shows the breakdown of value by segment (properties in operation and projects) and location as at 31 December 2020 and 2019:

Sales

The leasing management of our Company is carried out through:

In house leasing management team. Our team has vast experience in the Barcelona, Madrid and Paris office markets. They are in charge of the negotiation of leases with our tenants.

Externalising leasing management to real estate brokers. Our policy when using real estate brokers is to use various brokers, both local and international, in order to obtain the highest possible number of visits. However, on certain occasions and for a specific property, we have opted to contract exclusively with one renowned international broker. In either case, we always carry out negotiations directly with our tenants, with our commercial and legal department revising the final implementation and the lease agreement.

We believe the use of external brokers allows us to operate a smaller and more effective commercial department compared with our competitors. We believe our negotiating position vis à vis real estate brokers benefits from the fact that there are numerous real estate brokers in the market and that we hold a relevant market share in the Madrid and Barcelona office markets.

Our in house leasing management team has established long-standing relationships with our Company's main clients, which is reflected by the fact that many of our major clients have leased our properties for a number of years. See “—Description of Operations—Our Core Rental Business—Lease terms and market rents”.

With regard to our commercialisation strategy for existing and new projects, the main objectives of our in house leasing team are to (i) retain our portfolio of quality clients, (ii) capture strong credit tenants from diverse sectors and (iii) establish long term relationships with new tenants.

Employees

As at 31 December 2020, we employed 229 persons, including 22 managers, 82 professionals and technicians and 125 administrative assistants, sales people and others. We maintained an average workforce of 231 people during 2020.

Social Corporate Responsibility and Sustainability

We are actively engaged in different forms of social corporate responsibility. Our social commitment takes the form of promoting general welfare through achieving our corporate purpose and the creation of value for our shareholders, investors and employees, as well as through collaboration in various social projects. Our corporate responsibility strategy is also founded on our commitment to protect and preserve natural resources for future generations.

Sustainable development. In our business, we are committed to the implementation of an ambitious sustainability strategy, which covers the following key areas:

- reduction of energy consumption and greenhouse gas emissions;
- certification of buildings in operation and development projects;
- management of water and waste; and
- accessibility for people with disabilities.

In December 2020, we established a Sustainability Commission, which is comprised of five members of Colonial's Board of Directors.

Green and sustainable financing. We are currently in the process of finalising a sustainable financing framework that will allow us to issue green and sustainability-linked debt in the future. Through the issuance of such debt we aim to reinforce our commitment to sustainable development in our business.

Reconciliation of work and family life. In the context of our social policy and in the establishment of management plans for the reconciliation of work and family life, our Group has introduced, for all employees, flexible hours both for starting work and for leaving work.

Training. We allocate resources each year to our training budget which, as an investment in human resources, is focused on the professional development of our people. It also supports employees' initiatives aimed at improving their skills and motivation.

Agreements with universities. We actively co operate in educational cooperation programs for the training of students in their final years of a degree course. The main objective of this participation in university Company programs is to take part in the comprehensive training of the university student through an educational program in which theory and practice are combined, thus facilitating the student's incorporation into the employment world.

Employees' committee. We have an employees' committee.

Health and safety at work. All our Group companies have set up a health and safety committee to ensure health and safety protection for our employees.

Control over subcontractors. As a policy, we only subcontract with companies which we believe comply with applicable social and labour obligations. A monthly review is carried out by third party companies that monitor the compliance of such obligations by the companies which supply services in our buildings.

Insurance

We maintain insurance cover which we believe is adequate for our activities in line with industry practice and standards.

Environmental Matters

We believe we have no liabilities, expenses, assets or provisions and contingencies of an environmental nature which could be significant in relation to our net worth, financial position and results.

However, we are subject to a number of Spanish, French and EU laws and regulations relating to, among other things, environmental compliance.

SPANISH SOCIMI REGIME AND TAXATION

The information provided below does not purport to be a complete summary of tax law and practice currently applicable and is subject to any changes in law and the interpretation and application thereof, which could be made with retroactive effect. The following summary does not purport to be a comprehensive description of all the tax considerations that may be relevant to a decision to acquire, hold or dispose of the Notes, and does not purport to deal with the tax consequences applicable to all categories of investors, some of whom (such as dealers in securities) may be subject to special rules or to special tax regimes applicable in the Basque Country and Navarra (Territorios Forales). Other than in accordance with Condition 13 (Taxation), the Issuer does not assume responsibility for withholding taxes. Prospective investors who are in any doubts as to their position should consult with their own professional advisers.

Where in this summary English terms and expressions are used to refer to Spanish concepts, the meaning to be attributed to such terms and expressions shall be the meaning to be attributed to the equivalent Spanish concepts under Spanish tax law. This summary assumes that each transaction with respect of the Notes is at arm's length.

1. Spanish SOCIMI Regime

The following paragraphs are intended as a general guide only and constitute a high level summary of Colonial's understanding of current Spanish law in respect of the current Spanish SOCIMI Regime. The Spanish SOCIMI Regime was enacted originally in October 2009 and was amended at the end of 2012. The amendments introduced in 2012 improved the regime and facilitated the incorporation of the first SOCIMI during the second six months of 2013. This summary is based on the key aspects of the Spanish SOCIMI Regime as they apply to Colonial. Investors should seek their own advice in relation to taxation matters.

Overview

The Spanish SOCIMI Regime is intended to facilitate attracting new sources of capital to the Spanish real estate rental market; it follows similar legislation adopted in the UK and other European countries, as well as a long established real estate investment trusts regime in the United States. One of the primary aims of these types of regimes is to minimise tax inefficiency of holding real estate through corporate ownership by removing corporate taxation at the level of the SOCIMI, promote rental activities and professional management of this type of business.

Provided certain conditions and tests are satisfied (see “—1.2 *Qualification as Spanish SOCIMI*” below), a SOCIMI does not generally pay Spanish corporate tax on the profits deriving from its activities— it is subject to a 0% Corporate Income Tax rate. Instead, profits must be distributed and such income could be subject to taxation in the hands of the shareholder or, in certain cases, of the SOCIMI.

Qualification as Spanish SOCIMI

In order to qualify for the Spanish SOCIMI Regime, a SOCIMI must satisfy certain conditions. A summary of the material conditions is set out below.

Trading requirement

SOCIMIs must be listed on a regulated market or alternative investment market in Spain or in other European Union or European Economic Area member state, or on a regulated market of any other country which has a tax information exchange agreement with Spain, uninterruptedly for the entire tax period.

Purpose of the SOCIMI / Minimum share capital

SOCIMIs must take the form of a public limited liability company (sociedad anónima), with a minimum share capital of €5 million. Furthermore, the SOCIMI's shares must be in registered form, nominative and only one single class of shares is permitted.

A SOCIMI must have as its main corporate purpose:

- the acquisition, development and refurbishment of urban real estate for rental purposes (in Spain or in a country which has signed a tax information exchange agreement with Spain) or plots of land for the development of such real estate provided that such development has commenced within three years following acquisition (“**Qualifying Assets**”); and/or
- the holding of interest in other SOCIMIs or in the share capital or assets of other non-resident SOCIMIs, unlisted SOCIMIs, unlisted non-resident entities entirely owned by a SOCIMI or other entities, irrespective of whether they are resident in Spain (provided that such foreign country has signed a tax information exchange agreement with Spain), which have as its main corporate purpose the acquisition of urban real estate assets for lease and which are governed by the same regime established for SOCIMIs as regards legal or statutory mandatory profit distribution and investment policies (“**Qualifying Subsidiaries**”); and/or
- the holding of shares in real estate collective investment institutions.

Qualifying Subsidiaries that are non resident entities must be resident in countries with which Spain has a treaty or agreement providing for an exchange of tax information provision.

SOCIMIs are allowed to carry out other ancillary activities that do not fall under the scope of their main corporate purpose. However, such ancillary activities must not exceed 20% of the assets or 20% of the income of the SOCIMI in each tax year, in accordance with the minimum qualifying assets and qualifying income tests described below.

Restrictions on investments

At least 80% of the SOCIMI’s assets must be invested in Qualifying Assets, Qualifying Subsidiaries and/or real estate collective institutions.

The DGT has confirmed that the assets should be measured on a gross basis, disregarding depreciation or impairments, in accordance with Royal Decree of 16 November 2007, approving the Spanish General Accounting Plan (*Plan General de Contabilidad*) which sets forth the Spanish generally accepted accounting principles (“**Spanish GAAP**”).

In the event the SOCIMI has subsidiaries that are deemed to be a part of the same group of companies for Spanish corporate law purposes, the calculation of this 80% threshold for the dominant entity will be made on a consolidated basis according to Spanish GAAP. For these purposes, the group of companies would be integrated exclusively by SOCIMIs and other Qualifying Subsidiaries.

There are no asset diversification requirements.

Restrictions on income

At least 80% of a SOCIMI’s net annual income must derive from the lease of Qualifying Assets, or from dividends distributed by Qualifying Subsidiaries and real estate collective investment institutions and companies.

The DGT considers that the annual income should be measured on a net basis, taking into consideration direct income expenses and a *pro rata* portion of general expenses. These concepts should be calculated in accordance with Spanish GAAP, subject to any applicable tax adjustments, upwards or downwards, as set out by the Spanish Corporate Income Tax Law, without prejudice to the special provisions of the Spanish SOCIMI Regime.

Lease agreements between entities within the same group would not be deemed a qualifying activity and, therefore, the rent deriving from such agreements cannot exceed 20% of the SOCIMI’s income.

Capital gains derived from the sale of Qualifying Assets are in principle excluded from the 80%/20% net income test. However, if a Qualifying Asset is sold before it is held for a minimum three year period, then (i) such capital

gain would compute as non qualifying revenue; and (ii) such gain would be taxed at the standard Corporate Income Tax rate (currently, a 25% rate). Furthermore, the entire income, including rental income, derived from such asset also would be subject to the standard Corporate Income Tax rate.

Minimum holding period

Qualifying assets must be held by the SOCIMI for a three year period since (i) the acquisition of the asset by the SOCIMI, or (ii) the first day of the financial year in which Colonial became a SOCIMI if the asset was held by Colonial before becoming a SOCIMI. In the case of urban real estate, the holding period requires that these assets are actually rented for at least three years. For these purposes, the time during which the real asset has been offered for lease (even if vacant) may be added to the time the asset was leased for a maximum of one year.

Notwithstanding the above, even if held for a minimum three year period, the transfer of real estate assets that were held prior to the application of the Spanish SOCIMI Regime would be partly subject to taxation. In particular, the profit that is deemed to be obtained prior to the application of the Spanish SOCIMI Regime would be subject to taxation at the general Corporate Income Tax rate (currently 25%) with the possibility of using, under the applicable limitations, pre-existing tax credits/assets. In this regard, the SOCIMI Act sets out a rebuttable presumption (rebuttable either by the Company or by the Spanish tax authorities, as confirmed by the Spanish General Tax Directorate (Dirección General de Tributos, the “DGT”) in ruling n.3767-15) by virtue of which any profit obtained on the transfer of real estate assets that were held prior to the application of the Spanish SOCIMI Regime is deemed to be obtained on a lineal basis along the holding period of the relevant asset.

Mandatory dividend distribution

Under the Spanish SOCIMI Regime, a SOCIMI is required to adopt resolutions for the distribution of dividends, after fulfilling any relevant requirement in accordance with the Spanish Companies Act (*Ley de Sociedades de Capital*) (e.g., contribution to legal reserve), to shareholders annually within the six months following the end of the SOCIMI’s financial year of (i) at least 50% of the profits arising from the transfer of Qualifying Assets, Qualifying Subsidiaries and real estate collective investment funds carried out once the minimum three year holding period described in “*Minimum holding period*” above has ended (in which case the remainder of such profits must be reinvested in other Qualifying Assets within a maximum period of three years from the date of the sale, or otherwise distributed as dividends once such reinvestment period has lapsed); (ii) 100% of the profits derived from dividends received from Qualifying Subsidiaries; and (iii) at least 80% of all other profits obtained (e.g., mainly, income derived from the lease activity or profits derived from ancillary activities). If the relevant dividend distribution resolution was not adopted in a timely manner, or the SOCIMI fails to pay (totally or partially) the corresponding dividends, the SOCIMI would lose its SOCIMI status as of the year in which the undistributed profits were obtained (inclusive).

Dividends must be paid within the month following the agreement for the distribution of dividends.

In addition, according to the Spanish SOCIMI Regime (i) the SOCIMI legal reserve may not exceed 20% of the share capital of the SOCIMI; and (ii) the SOCIMI’s by laws may not establish any reserve that is not available for distribution to its shareholders other than the legal reserve.

Leverage

A SOCIMI has no specific limitation on indebtedness.

Tax limitations approved by the Spanish government (limits on the tax deduction of financial expenses and carrying forward of tax losses limitations) should have no practical impact provided that the SOCIMI is taxed at a 0% Corporate Income Tax rate.

Additional 19% tax charge

The SOCIMI may become subject to a 19% Corporate Income Tax on the gross dividend distributed to any shareholder that holds a stake equal to or higher than 5% of the share capital of the SOCIMI when such shareholder is exempt from any tax on the dividends or subject to tax on the dividends received at a rate lower than 10% (for

these purposes, final tax due under the Non Resident Income Tax Law is also taken into consideration (a “**Substantial Shareholder**”).

The DGT has issued three binding rulings (n.3308-14,n.0323-15 and n.1540-16) indicating that the 10% test to be carried out in order to identify Substantial Shareholders should be focused on the tax liability arising from the dividend income considered individually, taking into account (a) exemptions and tax credits affecting the dividends received by the shareholder and (b) those expenses incurred by the shareholder which are directly linked to the dividend income (e.g., fees paid in relation to the management of the shareholding in the relevant SOCIMI distributing the dividends, or financial expenses (interest) deriving from the financing obtained to fund the acquisition of the shares of the relevant SOCIMI), without taking into consideration for this purpose other income of the shareholder (e.g., compensation of carried forward losses by the shareholder). In addition, the DGT has confirmed that the withholding tax levied on a dividend payment (including any non-resident income tax liability) should also be taken into consideration by the shareholder for assessing this 10% threshold.

Notwithstanding the above, the by laws of Colonial include indemnity obligations of the Substantial Shareholders in favour of the Company. In particular, the by-Laws require that in the event a dividend payment is made to a Substantial Shareholder, the Company will be entitled to deduct an amount equivalent to the tax expenses incurred by the Company on such dividend payment from the amount to be paid to such Substantial Shareholder.

Penalties

The loss of the SOCIMI status triggers adverse consequences for the SOCIMI. Causes for such loss of status are:

- delisting of the SOCIMI’s shares;
- substantial failure to comply with its information and reporting obligations, unless such failure is remedied by preparing fully compliant annual accounts which contain certain required information in the following year;
- failure to adopt a dividend distribution resolution or to effectively satisfy the dividends within the deadlines described under “*Mandatory dividend distribution*” above. In this case, the loss of SOCIMI status would have effects as of the tax year in which the profits not distributed were obtained;
- waiver of the Spanish SOCIMI Regime by the SOCIMI; and/or
- failure to meet any of the other requirements established in the SOCIMI Act unless such failure is remedied within the following fiscal year. However, the failure to observe the minimum holding period of the assets would not give rise to the loss of SOCIMI status, but (i) the assets would be deemed non Qualifying Assets; and (ii) income derived from such assets would be taxed at the standard Corporate Income Tax rate (i.e., currently, 25%).

Should the SOCIMI fall into any of the above scenarios, the Spanish SOCIMI Regime will be lost and the SOCIMI would be taxed in accordance with the general Spanish Corporate Income Tax regime and the general Corporate Income Tax rate (currently, 25%), and will not be able to elect for the Spanish SOCIMI Regime for the following three fiscal years as of the end of the last tax period in which the SOCIMI was applicable.

Furthermore, non compliance of the information and reporting obligations will constitute a serious breach by the SOCIMI resulting in financial penalties.

2. The Proposed Financial Transactions Tax (“EU FTT”)

On 14 February 2013, the European Commission published a proposal (the “**Commission’s Proposal**”) for a Directive for a common EU FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the “**Participating Member States**”). However, Estonia has since stated that it will not participate and has already pulled out of the EU FTT.

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under the Commission's Proposal the EU FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a Participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a Participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a Participating Member State.

In the ECOFIN meeting of 17 June 2016, the EU FTT was discussed between the EU Member States. It has been reiterated in this meeting that participating Member States envisage introducing an EU FTT by means of enhanced cooperation.

On 3 December 2018, the finance ministers of France and Germany outlined a joint proposal for a limited FTT based on a system already in place in France. Under the new proposal, the tax obligation would apply only to transactions involving shares issued by domestic companies with a market capitalisation of over €1 billion.

Notwithstanding the above, the EU FTT proposal remains subject to negotiation between the remaining Participating Member States and the scope of any such tax is uncertain. It may therefore be altered prior to any implementation, the timing of which remains unclear.

3. **The Spanish Financial Transactions Tax**

On 16 October 2020, the Spanish Parliament approved Law 5/2020, of 15 October, on the Tax on Financial Transactions ("**Spanish FTT Law**") introducing the Spanish Financial Transaction Tax ("**Spanish FTT**") that has entered into force on 16 January 2021.

It is to be noted, however, that the preamble of the Spanish FTT Law states that Spain would continue to participate in the enhanced co-operation for the approval of the EU FTT and, if finally approved, Spain would adapt the Spanish FTT to align it with the EU FTT.

The Spanish FTT is broadly aligned with the French and Italian financial transactions tax. Specifically, the Spanish FTT is an indirect tax levied a rate of 0.2 on the acquisitions for consideration of shares issued by Spanish companies regardless of the residency of the parties involved in the transaction, or of the jurisdiction where the shares are traded, provided that they comply with the following conditions: (i) the shares should be admitted to trading on a regulated market under Directive 2014/65/EU of the European Parliament and of the Council of 15 May 2014 on markets in financial instruments (or in a foreign market declared equivalent by the European Commission), and (ii) the stock market capitalisation value of the company should exceed €1,000 million. The Spanish FTT will be payable on a monthly basis.

However, according to the Spanish FTT Law, the Spanish FTT should not apply in relation to an issue of Notes under the Programme.

3. **FATCA**

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a "foreign financial institution" may be required to withhold on certain payments it makes ("foreign passthru payments") to persons that fail to meet certain certification, reporting, or related requirements. A number of jurisdictions (including Spain) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA ("**IGAs**"), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA

with respect to payments on instruments such as the Notes, such withholding would not apply to payments made prior to the date that is two years after the date on which the final regulations defining “foreign pass-through payments” are published in the U.S. Federal Register and Notes issued on or prior to the date that is six months after the date on which final regulations defining “foreign passthru payments” are filed with the U.S. Federal Register generally would be “grandfathered” for purposes of FATCA withholding unless materially modified after such date. Holders should consult their own tax advisors regarding how these rules may apply to their investment in the Notes. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Notes, no person will be required to pay additional amounts as a result of the withholding.

4. **The Kingdom of Spain**

Introduction

This information has been prepared in accordance with the following Spanish tax legislation in force at the date of this Base Prospectus:

- (a) of general application, Additional Provision One of Law 10/2014, of 26 June on the management, supervision and solvency of credit institutions (“**Law 10/2014**”); and Royal Decree 1065/2007, of 27 July establishing information obligations in relation to preferential holdings and other debt instruments and certain income obtained by individuals resident in the European Union and other tax rules as amended by Royal Decree 1145/2011 of 29 July (“**Royal Decree 1065/2007**”);
- (b) for individuals with tax residency in Spain who are personal income tax (“**Personal Income Tax**”) tax payers, Law 35/2006, of 28 November on Personal Income Tax and on the partial amendment of the Corporate Income Tax Law, Non Residents Income Tax Law and Wealth Tax Law (the “**Personal Income Tax Law**”), and Royal Decree 439/2007, of 30 March 2007 promulgating the Personal Income Tax Regulations as amended by Royal Decree 633/2015, of 10 July, along with Law 19/1991, of 6 June 1991 on Wealth Tax and Law 29/1987, of 18 December 1987 on Inheritance and Gift Tax;
- (c) for legal entities resident for tax purposes in Spain which are corporate income tax (“**Corporate Income Tax**” or “**CIT**”) taxpayers, Law 27/2014, of 27 November, on Corporate Income Tax and Royal Decree 634/2015, of 10 July promulgating the Corporate Income Tax Regulations (the “**Corporate Income Tax Regulations**”); and
- (d) for individuals and legal entities who are not resident for tax purposes in Spain and are non-resident income tax (“**Non-Resident Income Tax**”) taxpayers, Royal Legislative Decree 5/2004, of 5 March promulgating the Consolidated Text of the Non-Resident Income Tax Law (“**Non-Resident Income Tax Law**”) and Royal Decree 1776/2004, of 30 July promulgating the Non-Resident Income Tax Regulations, along with Law 19/1991, of 6 June on Wealth Tax and Law 29/1987, of 18 December on Inheritance and Gift Tax.

Whatever the nature and residence of the holder of a beneficial interest in the Notes (each, a “**Beneficial Owner**”), the acquisition and transfer of the Notes will be exempt from indirect taxes in Spain, for example exempt from transfer tax and stamp duty, in accordance with the consolidated text of such tax promulgated by Royal Legislative Decree 1/1993, of 24 September 1993, and exempt from value added tax, in accordance with Law 37/1992, of 28 December 1992 regulating such tax.

5. **Individuals with Tax Residency in Spain**

5.1 ***Personal Income Tax (Impuesto sobre la Renta de las Personas Físicas)***

Both interest periodically received and income deriving from the transfer, redemption or repayment of the Notes would constitute a return on investment obtained from the transfer of own capital to third parties in accordance with the provisions of Section 25.2 of the Personal Income Tax Law, and therefore must be included in each investor’s taxable savings and taxed at the tax rate applicable according to the progressive scale, i.e. currently at the rate of 19 per cent. for taxable income up to €6,000, 21 per cent. for

taxable income between €6,000.01 to €50,000 and 23 per cent. for taxable income between €50,001 and €200,000. Please note that Law 11/2020, of 30 December, on the General State Budget for 2021 (the “**Budget Law for 2021**”) has introduced a new tax range in the scale, effective from 1 January 2021 and with indefinite duration, according to which income exceeding €200,000 will be taxed at a flat rate of 26 per cent.

As a general rule, both types of income are subject to a withholding tax on account at the rate of 19 per cent. However:

- (a) *in respect of Bearer Notes* – according to article 44.5 of the regulations approved by Royal Decree 1065/2007, in the case of debt listed securities issued under Law 10/2014 and initially registered in a foreign clearing and settlement entity that is recognised under Spanish regulations or under those of another OECD member state (as the Notes issued by the Issuer), the Issuer will make interest payments to individual holders who are resident for tax purposes in Spain without withholding **provided that** the relevant information about the Bearer Notes (as described below in “*Information about the Notes in Connection with Payments*”) is submitted by the Fiscal Agent; and it would not be necessary to provide the Issuer with the identity of the holder who are individuals resident in Spain for tax purposes or to indicate the amount of income attributable to such individuals. However, withholding tax at the applicable rate of 19 per cent. may have to be deducted by other entities (such as depositaries, institutions or financial entities) provided that such entities are resident for tax purposes in Spain or have a permanent establishment in Spanish territory.
- (b) *in respect of Book-entry Notes* – debt listed securities issued under Law 10/2014 and initially registered in a Spanish clearing and settlement entity interest payment made to Spanish tax resident individuals will be subject to withholding tax (currently 19 per cent). However, with certain exceptions, income derived from the transfer of the Book-entry Notes should generally not be subject to withholding on account of Personal Income Tax **provided that** the Book-entry Notes are:
 - Registered by way of book-entries (*anotaciones en cuenta*); and
 - Negotiated in a Spanish official secondary market (mercado secundario oficial), such as AIAF.

Except to the portion of the price which is equivalent to the accrued interest on any transfer which are made within the 30 days immediately prior to the maturity of the coupon, when (i) the acquirer is an individual or entity not resident in Spain or is a taxable person for CIT purposes; and (ii) this express income is exempt from the obligation to withhold in relation to the acquirer.

Zero-coupon notes do not fall within the abovementioned exemption.

In any event, individual holders may credit the withholding tax applied (in respect of both, Book-entry Notes and Bearer Notes) against their Personal Income Tax liability for the relevant fiscal year.

Please refer to section “*Risk Factors—Risks Relating to Spanish withholding tax regime*” above in relation to such information procedures.

5.2 **Wealth Tax (*Impuesto sobre el Patrimonio*)**

Wealth Tax may be levied in Spain on resident individuals, on a worldwide basis.

Generally, individuals with tax residency in Spain are subject to Wealth Tax to the extent that their net worth exceeds €700,000 (subject to any exceptions provided under relevant legislation in an autonomous region (*Comunidad Autónoma*). Therefore, they should take into account the value of the Notes which they hold as at 31 December in each year, the applicable rates ranging between 0.2 per cent. and 3.5 per cent. Please note that with effects as of 1 January 2021, the highest tax rate of the Net Wealth Tax has

been increased from 2.5. per cent to 3.5 per cent. for taxable bases in excess of €10,695,996.06. Nevertheless, the actual collection of this tax depends on the regulations of each Autonomous Community. Thus, investors should consult their tax advisers according to the particulars of their situation.

Law 4/2008, of 23 December introduced a 100% relief (*bonificación del 100%*) on Net Wealth Tax. However, the Spanish Central Government provisionally repealed the 100% relief of this tax for years 2011 and 2012. This provisional measure was extended yearly, until December 2020. As of year 2021, the 100% relief on Net Wealth Tax has been definitively repealed by the Budget Law for 2021 (so that the repeal of the tax relief will no longer have to be extended every year).

5.3 ***Inheritance and Gift Tax (Impuesto sobre Sucesiones y Donaciones)***

Individuals with tax residency in Spain who acquire ownership or other rights over any Notes by inheritance, gift or legacy will be subject to inheritance and gift tax in accordance with the applicable Spanish regional or state rules. As at the date of this Base Prospectus, the applicable tax rates currently range between 7.65 per cent. and 34 per cent. Relevant factors applied (such as previous net wealth or family relationship among transferor and transferee) determine the final effective tax rate that range, as of the date of this Base Prospectus, between 0 per cent. and 81.6 per cent.

6. **Legal Entities with Tax Residency in Spain**

6.1 ***Corporate Income Tax (Impuesto sobre Sociedades)***

Payments of income deriving from the transfer, redemption or repayment of the Notes constitute a return on investments for tax purposes obtained from the transfer to third parties of own capital and would have to be included in profit and taxable income of legal entities with tax residency in Spain for Corporate Income Tax purposes in accordance with the rules for Corporate Income Tax and subject to the applicable tax rate (being the general tax rate, 25 per cent).

Notwithstanding the above, particular tax rules may apply and, in this regard, a distinction shall be made between Book-entry Notes and Bearer Notes. In particular:

(a) *In respect of Bearer Notes* – in accordance with article 44.5 of the regulations approved by Royal Decree 1065/2007, in the case of debt listed securities issued under Law 10/2014 and initially registered in a foreign clearing and settlement entity that is recognised under Spanish regulations or under those of another OECD member state (as the Notes issued by the Issuer), there is no obligation to withhold on income payable to Spanish CIT taxpayers (which for the sake of clarity, include Spanish tax resident investment funds and Spanish tax resident pension funds). Consequently, the Issuer will not withhold on interest payments to Spanish CIT taxpayers provided that the relevant information about the Notes (as described below in “*Information about the Notes in Connection with Payments*”) is submitted by the Fiscal Agent.

In addition, as regards to any income derived from the transfer of the Bearer Notes, in accordance with article 61.s of the Corporate Income Tax Regulations, there is no obligation to withhold on income obtained by Spanish CIT payers (which for the avoidance of doubt, include Spanish tax resident investment funds and Spanish tax resident pension funds) from financial assets traded on organised markets in OECD.

However, in the case of Bearer Notes held by a Spanish entity and deposited with a Spanish resident entity acting as depositary or custodian, payments of interest and income deriving from the transfer may be subject to withholding tax at the current rate of 19 per cent. if the Notes do not comply with the exemption requirements specified in the ruling issued by the Spanish General Directorate of Taxes (*Dirección General de Tributos*) (the “**DGT**”) dated 27 July 2004 (that is, placement of the Bearer Notes outside of Spain in another OECD country and admission to listing of the Notes on an organised market in an OECD country other than Spain). The amounts withheld, if any, may be credited by the relevant investors against its final CIT liability.

Please refer to section “*Risk Factors—Risks Relating to Spanish withholding tax regime*” above in relation to such information procedures.

(b) *In respect of Book-entry Notes* – according to article 44.4 of the regulations approved by Royal Decree 1065/2007, in the case of debt listed securities issued under Law 10/2014 and initially registered in a Spanish clearing and settlement entity interest payment made to Spanish, there is no obligation to withhold on income payable to Spanish CIT taxpayers, providing that certain requirements are met, including that the Issuer receives in a timely manner a duly executed and completed Payment Statement in respect of Book-entry Notes as defined below. See “*Information about the Notes in Connection with Payments*”.

In addition, as regards to any income derived from the transfer of the Book-entry Notes, in accordance with article 61.q of the Corporate Income Tax Regulations, there is no obligation to withhold on income obtained by Spanish CIT payers (which for the avoidance of doubt, include Spanish tax resident investment funds and Spanish tax resident pension funds) from financial assets **provided that** the Notes are:

- Registered by way of book-entries (*anotaciones en cuenta*); and
- Negotiated in a Spanish official secondary market (*mercado secundario oficial*), such as AIAF.

6.2 **Wealth Tax (*Impuesto sobre el Patrimonio*)**

Spanish resident legal entities are not subject to Wealth Tax.

6.3 **Inheritance and Gift Tax (*Impuesto sobre Sucesiones y Donaciones*)**

Legal entities tax resident in Spain which acquire ownership or other rights over the Notes by inheritance, gift or legacy are not subject to inheritance and gift tax and must include the market value of the Notes in their taxable income for Spanish Corporate Income Tax purposes.

7 **Individuals and Legal Entities with no Tax Residency in Spain**

7.1 ***Non-Resident Income Tax (Impuesto sobre la Renta de No Residentes)***

(a) *Non-Spanish resident investors acting through a permanent establishment in Spain*

Ownership of the Notes by investors who are not resident for tax purposes in Spain will not in itself create the existence of a permanent establishment in Spain.

If the Notes form part of the assets of a permanent establishment in Spain of a person or legal entity who is not resident in Spain for tax purposes, the tax rules applicable to income deriving from such Notes are the same as those for Spanish Corporate Income Tax taxpayers.

(b) *Non-Spanish resident investors not acting through a permanent establishment in Spain*

Payments of income deriving from the transfer, redemption or repayment of the Notes obtained by individuals or entities who have no tax residency in Spain, and which are Non-Resident Income Tax taxpayers with no permanent establishment in Spain, are exempt from such Non-Resident Income Tax on the same terms laid down for income from public debt. Furthermore, the Issuer has no obligation to withhold any tax amount for interest paid:

- *in respect of the Bearer Notes* – to holders who are Non-Resident Income taxpayers with no permanent establishment in Spain **provided that** certain requirements are met, including that in respect of interest payments from the Bearer Notes carried out by the Issuer, the Fiscal Agent provides the Issuer with the relevant information about the Bearer Notes, by delivering in a timely manner with a duly executed and completed Payment Statement in respect of the Bearer

Notes as defined below, as set forth under article 44.5 of the regulations approved by Royal Decree 1065/2007. See “*Information about the Notes in Connection with Payments*”.

- *in respect of the Book-entry Notes* – to holders who are Non-Resident Income taxpayers with no permanent establishment in Spain **provided that** certain requirements are met, including that in respect of interest payments from the Book-entry Notes carried out by the Issuer, the Issuer receives in a timely manner, a duly executed and completed Payment Statement in respect of the Book-entry Notes as defined below, as set forth under article 44.4 of the regulations approved by Royal Decree 1065/2007. See “*Information about the Notes in Connection with Payments*”.

7.2 **Wealth Tax (*Impuesto sobre el Patrimonio*)**

Individuals resident in a country with which Spain has entered into a double tax treaty in relation to the Wealth Tax would generally not be subject to such tax. Otherwise, non-Spanish resident individuals whose properties and rights located in Spain, or that can be exercised within the Spanish territory exceed €700,000 would be subject to Wealth Tax, the applicable rates ranging between 0.2 per cent. and 3.5 per cent. Please note that with effects as of 1 January 2021, the highest tax rate of the Net Wealth Tax has been increased from 2.5. per cent to 3.5 per cent. for taxable bases in excess of €10,695,996.06.

Notwithstanding the above, the actual collection of this tax depends on the regulations of each Autonomous Community. Non-Spanish tax resident individuals who are resident in an EU or European Economic Area Member State may apply the rules approved by the autonomous region where the assets and rights with more value are situated. As such, prospective investors should consult their tax advisers.

Law 4/2008, of 23 December introduced a 100% relief (*bonificación del 100%*) on Net Wealth Tax. However, the Spanish Central Government provisionally repealed the 100% relief of this tax for years 2011 and 2012. This provisional measure was extended yearly, until December 2020. As of 2021, the 100% relief on Net Wealth Tax has been definitively repealed by means of the Budget Law for 2021 (so that the repeal of the tax relief will no longer have to be extended every year).

Non-Spanish resident legal entities are not subject to Wealth Tax.

7.3 **Inheritance and Gift Tax (*Impuesto sobre Sucesiones y Donaciones*)**

Non-Spanish tax resident individuals who acquire ownership or other rights over the Notes by inheritance, gift or legacy, and who reside in a country with which Spain has entered into a double tax treaty in relation to inheritance and gift tax will be subject to the relevant double tax treaty.

If the provisions of the foregoing paragraph do not apply, such individuals will be subject to inheritance and gift tax in accordance with the Spanish legislation applicable in the relevant autonomous region (*Comunidad Autónoma*).

Generally, non-Spanish tax resident individuals are subject to the Spanish Inheritance and Gift Tax according to the rules set forth in the Spanish State level law. However, if the deceased or the donee are resident in an EU or European Economic Area Member State, the applicable rules will be those corresponding to the relevant Spanish autonomous regions. As such, prospective investors should consult their tax advisers.

In a Judgment issued on 19 February 2018, the Supreme Court has concluded that the above should be extensible to foreign individuals including those resident outside the EU or the European Economic Area Member State.

Non-Spanish resident legal entities which acquire ownership or other rights over the Notes by inheritance, gift or legacy are not subject to inheritance and gift tax. They will generally be subject to Non-Resident Income Tax. If the legal entity is resident in a country with which Spain has entered into a double tax treaty, the provisions of such treaty will apply. In general, double-tax treaties provide for the taxation of this type of income in the country of residence of the beneficiary.

8. **Obligation to inform the Spanish tax authorities of the ownership of the Notes**

With effects as of 1 January 2013, Law 7/2012, of 29 October, as implemented by Royal Decree 1558/2012, of 15 November, introduced annual reporting obligations applicable to Spanish residents (i.e. individuals, legal entities, permanent establishments in Spain of non-resident entities) in relation to certain foreign assets or rights.

Consequently, if the Notes are deposited with or placed in the custody of a non-Spanish entity, holders resident in Spain will be obliged, if certain thresholds are met as described below, to declare before the Spanish Tax Authorities, between 1 January and 31 March every year, the ownership of the Notes held on 31 December of the immediately preceding year (e.g. to declare between 1 January 2021 and 31 March 2021 the Notes held on 31 December 2020).

This obligation would only need to be complied with if certain thresholds are met: specifically, if the only rights/assets held abroad are the Notes, this obligation would only apply if the value of the Notes together with other qualifying assets held on 31 December exceeds €50,000 (with the corresponding valuation to be made in accordance with Wealth Tax rules). If this threshold is met, a declaration would only be required in subsequent years if the value of the Notes together with other qualifying assets increases by more than €20,000 as against the declaration made previously. Similarly, cancellation or extinguishment of the ownership of the Notes before 31 December should be declared if such ownership was reported in previous declarations.

9. **Information about the Notes in Connection with Payments**

The Issuer is currently required by Spanish law to file an annual return with the Spanish tax authorities in which they report on certain information relating to the Notes.

In particular:

(a) *In respect of the Bearer Notes* – in accordance with article 44.5 of the regulations approved by Royal Decree 1065/2007, for the purposes of preparing the tax annual to be submitted by the Issuer, certain information with respect to the Book-entry Notes must be submitted by the Fiscal Agent in a timely manner (i.e. before the close of business on the business day immediately preceding the date on which any payment of interest, principal or any amount in respect of the early redemption of the Bearer Notes is due) in the form of a duly executed and completed statement (the “**Payment Statement in Respect of the Bearer Notes**”) which shall include the following information:

- (a) Identification of the Bearer Notes in respect of which the relevant payment is made;
- (b) Date on which relevant payment is made;
- (c) the total amount of the relevant payment; and
- (d) the amount of the relevant payment and to each entity that manages a clearing and settlement system for securities situated outside Spain.

(b) *In respect of the Book-entry Notes* – in accordance with article 44.4 of the regulations approved by Royal Decree 1065/2007, for the purposes of preparing the tax annual to be submitted by the Issuer, certain information with respect to the Book-entry Notes must be submitted by the Iberclear Members that have the Book-entry Notes registered in their securities account on behalf of third parties, as well as the entities that manage the clearing systems located outside Spain that have an agreement with Iberclear, if applicable, in a timely manner (i.e. before the close of business on the business day immediately preceding the date on which any payment of interest, principal or any amount in respect of the early redemption of the Book-entry Notes is due) in the form of a duly executed and completed statement (the “**Payment Statement in Respect of the Book-entry Notes**”) which shall include the following information:

- Identification of the Book-entry Notes;
- Date on which relevant payment is made;

- Total amount of the income paid by the Issuer;
- Amount of the income corresponding to individuals resident in Spain that are Personal Income Tax payers; and
- Amount of the income that must be paid on a gross basis.

(hereinafter, the Payment Statement in Respect of the Bearer Notes and the Payment Statement in Respect of the Book-entry Notes, indistinctly, the “**Payment Statement**”).

In particular, the Fiscal Agent must certify the information above about the Notes by means of a certificate the form of which is set out in the Agency Agreement.

In light of the above, the Issuer and the Fiscal Agent have arranged certain procedures to facilitate the collection of information concerning the Bearer Notes.

However, if the Issuer does not receive in a timely manner the relevant Payment Statement, the Issuer may be required to withhold taxes at the applicable rate of 19 per cent. from any payment in respect of the relevant Notes as to which the required information has not been provided.

If this were to occur, the affected beneficial owners will receive a refund of the amount withheld, with no need for action on their part, if a duly executed and completed Payment Statement is delivered to the Issuer before the tenth calendar day of the month immediately following the relevant payment date. In addition, beneficial owners may apply directly to the Spanish tax authorities for any refund to which they might be entitled.

Prospective investors should note that the Issuer does not accept any responsibility relating the lack of delivery of the relevant Payment Statements to the Issuer in connection with each payment of income under the Notes. Accordingly, the Issuer will not be liable for any damage or loss suffered by any beneficial owner who would otherwise be entitled to an exemption from Spanish withholding tax but whose income payment are nonetheless paid net of Spanish withholding tax because the Payment Statement was not duly delivered to the Issuer. Moreover, the Issuer will not pay any additional amounts with respect to such withholding tax.

SPANISH INSOLVENCY LAW

The information provided below does not purport to be a complete summary of Spanish insolvency law and practice currently applicable and is subject to any changes in law and the interpretation and application thereof, which could be made with retroactive effect. Prospective investors who are in any doubts as to their position should consult with their own professional advisers.

Where in this summary English terms and expressions are used to refer to Spanish concepts, the meaning to be attributed to such terms and expressions shall be the meaning to be attributed to the equivalent Spanish concepts under Spanish tax law. This summary assumes that each transaction with respect of the Notes is at arm's length.

The consolidated text of the Spanish Insolvency Law approved by Royal Decree 1/2020 of 5 May (*Real Decreto Legislativo 1/2020, de 5 de mayo, por el que se aprueba el texto refundido de la Ley Concursal*) (the “**Spanish Insolvency Law**”) regulates court insolvency proceedings (as opposed to out-of-court liquidation, which is only available when the debtor has sufficient assets to meet its liabilities) and certain refinancing agreements prior to the insolvency.

Declaration of insolvency

Under the Spanish Insolvency Law, a debtor (and in the case of a company, its directors) is obliged to apply for an insolvency proceeding, known as “*concurso de acreedores*” when it is not able to meet its payment obligations in a timely manner (current insolvency) (*insolvencia actual*), and it is entitled to apply for an insolvency proceeding when it expects that it will shortly be unable to do so (imminent insolvency) (*insolvencia inminente*). The filing of such insolvency application may be made by the debtor, any creditor thereof and certain interested third parties, in the case of current insolvency. In the case of imminent insolvency, it can only be filed by the debtor. If filed by the debtor, the insolvency is deemed “voluntary” (*concurso voluntario*) and, if filed by a third party, the insolvency is deemed “mandatory” (*concurso necesario*). The directors of the debtor company shall request the insolvency within two months from the moment they knew, or ought to have known, of the insolvency situation (or file with the insolvency court a communication under Article 583.1 of the Spanish Insolvency Law informing that it has commenced negotiations with its creditors to agree a refinancing agreement (*acuerdo de refinanciación pre-concursal*) or an advanced proposal of settlement agreement (*propuesta anticipada de convenio*) (the “**583.1 Communication**”), to obtain an extra period of three months to negotiate with its creditors along with an additional month to request the insolvency declaration in case the debtor has not been able to sort its financial difficulties within that term).

The debtor may file for insolvency (or the 583.1 Communication) as a protective measure in order to avoid (i) the attachment of its assets or (ii) certain enforcement actions that could be taken by its creditors.

Upon receipt of an insolvency petition by a creditor, the insolvency court may issue provisional interim measures to protect the assets of the debtor and may request a guarantee from the petitioning creditor asking for the adoption of such measures to cover damages caused by the preliminary protective measures.

Notwithstanding the foregoing, pursuant to Law 3/2020 of 18 September, which introduces a new set of measures within the Spanish judicial system to deal with the effects caused by COVID-19 pandemic, as amended by Royal Decree-Law 5/2021 of 12 March, which introduces a new set of measures to support business solvency to deal with the effects caused by COVID-19 pandemic, until 31 December 2021 (inclusive) debtors that are insolvent will not have the duty to file for insolvency proceedings, whether or not they have notified the judge that negotiations have been opened with creditors to reach an out-of-court refinancing agreement (*acuerdo de refinanciación pre-concursal*), to reach an out-of-court payment agreement (*acuerdo extrajudicial de pagos*) or acceptances of an advanced proposal of settlement agreement (*propuesta anticipada de convenio*). Additionally, until 31 December 2021 (inclusive), judges will not agree to process petitions for mandatory insolvency proceedings filed by creditors after the state of emergency was declared in Spain (i.e. 14 March 2020). However, if a debtor voluntarily files for insolvency on or before 31 December 2021, this petition will be processed with priority even if it comes after creditors petition for compulsory insolvency proceedings.

Effects of the insolvency declaration

The general rule is that the declaration of insolvency shall not affect the continuity of the business activity of the

debtor company other than in the terms expressly set out in the Spanish Insolvency Law.

In case of voluntary insolvency (*concurso voluntario*), the debtor company will usually maintain control of its affairs, however, certain management decisions will be subject to the court insolvency administrator or receiver's (*administración concursal*) (the "receiver") authorisation. In case of mandatory insolvency (*concurso necesario*), the receiver will usually substitute the directors of the debtor company, unless the insolvency court decides otherwise.

Unless otherwise provided by certain specific rules applicable to a certain type of contracts, creditors will not be able to accelerate the maturity of their credits based only on the declaration of the insolvency (*declaración de concurso*) of the debtor and provisions in a bilateral contract granting one party the right to terminate by reason only of the other's insolvency may not be enforceable. Any provision to the contrary will be null and void.

The debt will cease to accrue interest from the declaration of insolvency, except for such debt secured with security rights in rem, and up to, value of the security, and only with respect to ordinary interest, as explained further below.

Set-off is prohibited unless the requirements for the set-off were satisfied prior to the declaration of insolvency or the claim is governed by a law that permits set-off.

As a general rule, insolvency proceedings are not compatible with enforcement proceedings against assets of the insolvent debtor that are deemed necessary for continuation of its business activity until a composition agreement that affects the enforcement of the relevant security is approved or one year has elapsed from the debtor's insolvency declaration without the liquidation of the debtor being agreed. When compatible, in order to protect the interests of the debtor and its creditors, the law extends the jurisdiction of the court dealing with insolvency proceedings, which is, then, legally authorised to handle any enforcement proceedings or interim measures affecting the assets that are deemed to be "necessary" for the debtor's activity (whether based upon civil, labour or administrative law).

Classification of the Issuer's debts

The court order declaring the insolvency of the debtor shall contain an express request for the creditors to communicate and declare to the receivers any debts owed by the debtor company, within a one-month period starting from the date after the publication of the declaration of insolvency in the State Official Gazette (*Boletín Oficial del Estado*), providing documentation to evidence such debts. Based on the documentation provided by the creditors, and the information provided by the debtor, the insolvency receivers draw up a list of acknowledged creditors and classify the debts owed by the debtor company according to the categories established under Spanish Insolvency Law as follows: (i) debts against the insolvency estate (*créditos contra la masa*), (ii) debt benefiting from special privileges (*créditos con privilegio especial*), (iii) debt benefiting from general privileges (*créditos con privilegio general*), (iv) ordinary debt (*créditos ordinarios*) and (v) subordinated debt (*créditos subordinados*).

Those debts classified within the insolvency proceeding as ordinary debts shall rank ahead of subordinated debts but behind debts against the insolvency estate, debts benefiting from special privileges and debts benefiting from general privileges. In the case of insolvency of the Issuer, it is intended that the claims against the Issuer under the Notes (unless they qualify as subordinated credits and subject to any applicable and statutory exceptions (see "*Terms and conditions of the Notes—Status*")) will rank below the debts against the insolvency estate, the credits benefiting from special privileges and the credits benefiting from general principles *pari passu* without any preference among themselves and with all other outstanding unsecured and unsubordinated claims (including any other holder of unsubordinated and unsecured debt securities) of the Issuer classified as ordinary claims and ahead of any subordinated credits. However, certain actions or circumstances which are beyond the control of the Issuer may affect the relevant classification of the claims under the Notes including among other things, as follows:

- (i) subject to certain exceptions, any debt may become subordinated if it is not reported to the receivers within one month from the day following the publication of the court order declaring the insolvency in the Spanish Official Gazette (*Boletín Oficial del Estado*);
- (ii) the debt will cease to accrue interest (whether ordinary or default interest) from the declaration of insolvency and any amount of interest accrued up to such date shall become subordinated. In the case of secured ordinary interests, (i) these shall be deemed as specially privileged, and (ii) interests shall

keep accruing after the declaration of insolvency up to the limit of the secured amount, and only if a contingent credit for secured ordinary interests that may accrue after the declaration of insolvency is included in the statement of claim to be sent to the receiver (as per the Supreme Court judgment dated 20 February 2019). In the case of secured default interests, (i) any amount accrued prior to the declaration of insolvency shall be deemed as specially privileged, and (ii) shall not accrue after the declaration of insolvency, in accordance with the Spanish Supreme Court judgment dated 11 April 2019. Any payments of interest in respect of debt securities will be subject to the subordination provisions of Article 281.1.3° of the Spanish Insolvency Law.

- (iii) debts owed to those persons considered “especially related”, directly or indirectly, to the Issuer (*personas especialmente relacionadas*) in accordance with the Spanish Insolvency Law will be classified as subordinated debts;

Refinancing and settlement agreements

The Spanish Insolvency Law also provides with a specific regime for certain out-of-court refinancing agreements (*acuerdo colectivo de refinanciación*) and settlement agreements (*convenio*). In particular, certain judicially-sanctioned refinancing agreements and the settlement agreement reached by the debtor in an insolvency scenario are capable of binding dissenting (including absentee) unsecured and secured creditors of financial indebtedness (“**dissenting creditors**”) vis-à-vis the debtor. Whether dissenting creditors are bound (and the type of measures that can be imposed) by a judicially-sanctioned refinancing agreement or the settlement agreement depends on whether the majorities set out by the Spanish Insolvency Law are met or not.

In no case shall subordinated creditors be entitled to vote upon a creditors’ agreement (*convenio concursal*) during the insolvency proceedings, and accordingly, shall always be subject to the measures contained therein, if passed. Additionally, under Article 599.1 of the Spanish Insolvency Law, liabilities from those creditors considered specially related persons (*personas especialmente relacionadas*) for the purpose of Article 283 of the Spanish Insolvency Law would not be taken into account for the purposes of calculating the majorities required for the out-of-court refinancing agreement (*acuerdo colectivo de refinanciación*).

Liquidation

As an alternative to settlement agreements to end insolvency proceedings, the Spanish Insolvency Law provides for the opening of the so-called liquidation phase. This opening may be carried out by the debtor himself or by the court in certain circumstances.

Among of the effects of the liquidation phase set forth in the Spanish Insolvency Law, the main consequence on the debtor is the suspension of the control of its affairs, by means of the replacement of the directors of the company by the receiver.

Once the liquidation phase begins, the receiver tries to wind-up the debtor’s assets in the best possible way. For this purpose, a liquidation plan is created and submitted to the court, which shall express the conditions and characteristics of the assets and the way in which, at the receiver discretion, they should be disposed of. As a result of the liquidation, payment shall be made to creditors according to the ranking of credits and payment order provided in the Spanish Insolvency Law.

SUBSCRIPTION AND SALE

Summary of Dealer Agreement

Subject to the terms and on the conditions contained in an amended and restated dealer agreement dated 18 May 2021 (the “**Dealer Agreement**”) between the Issuer, the Permanent Dealers and the Arranger, the Notes will be offered on a continuous basis by the Issuer to the Permanent Dealers. However, the Issuer has reserved the right to sell Notes directly on its own behalf to Dealers that are not Permanent Dealers. The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer.
